Solutions that Work Jim Silver, 2012 This study of the explosive and dramatic growth of poverty in Winnipeg includes chapters on the growth and incidence of poverty in Winnipeg the impact of poverty on and community economic development strategies being developed by Winnipeg's Aboriginal community community based schooling as a response to inner city poverty the experience with workfare in Manitoba the importance of the minimum wage in combating poverty and a wide range of small but innovative community development alternatives **Solutions that Work** Jim Silver, Canadian Centre for Policy Alternatives, 1999 *Solving Poverty* Jim Silver, 2016-03-30T00:00:00Z Poverty in Canada's inner cities is deep

complex racialized and often intergenerational In this collection of essays published over the past decade Jim Silver argues that urban poverty today includes not only low incomes but in all too many cases also poor housing poor health low educational achievement high levels of neighbourhood violence racism colonialism and social exclusion As a result many poor people experience low levels of self esteem and self confidence and may blame themselves which is reinforced by the dominant blame the victim discourse about poverty Silver argues that today's urban poverty is qualitatively different than the urban poverty of forty years ago and that there are no quick easy or one dimensional solutions In *Solving Poverty* Jim Silver a veteran scholar actively engaged in anti poverty efforts in Winnipeg's inner city for decades offers an on the ground analysis of this form of poverty Silver focuses particularly on the urban Aboriginal experience and describes a variety of creative and effective urban Aboriginal community development initiatives as well as other anti poverty initiatives that have been successful in Winnipeg's inner city In the concluding chapter Silver offers a comprehensive pan Canadian strategy to dramatically reduce the incidence of urban poverty in Canada **Fringe Banking in Winnipeg's North End** Jerry

Buckland, Thibault Martin, Canadian Centre for Policy Alternatives, 2005 The geographic boundaries of the North End as determined by the North End Community Renewal Corporation is north of the CPR tracks south of Caruthers Avenue east of McPhillips Street and west of the Red River This 5 In his examination of fringe banking in the US Caskey 1994 p 84 argues that a chief reason for their rise is the increase in the number of households without bank accounts rising from 9.5% of the US population in 1977 to 13.5% in 1989 the result of processes affecting banks supply side and bank clients demand side The second focus credit risk related to high levels of debt servicing and personal bankruptcy the contraction in the bank and finance company supply of non revolving unsecured loans the growing numbers of people with higher credit risk due to increased legal and illegal immigration to the US the increase in gold prices the growing awareness among entrepreneurs of the profits in fringe banking Winnipeg and the 16.5% of the population of the North End North End both have around 13.5% of comprise a smaller percentage at 11.9% their population over the age of retire of the population of Winnipeg This is sub the number of people contributing income stantially higher than the 35% average in to a household the greater the likelihood the rest of Winnipeg Manitoba Politics and Government Paul Thomas, Curtis Brown, 2010-09-01 Manitoba has always been

a province in the middle geographically economically and culturally Lacking Quebec's cultural distinctiveness Ontario's traditional economic dominance or Alberta's combustible mix of prairie populism and oil wealth Manitoba appears to blend into the background of the Canadian family portrait But Manitoba has a distinct political culture one that has been overlooked in contemporary political studies Manitoba Politics and Government brings together the work of political scientists historians sociologists economists public servants and journalists to present a comprehensive analysis of the province's political life and its careful mutual fund model approach to economic and social policy that mirrors the steady and cautious nature of its citizens Moving beyond the Legislature the authors address contemporary social issues like poverty environmental stewardship gender equality health care and the province's growing Aboriginal population to reveal the evolution of public policy in the province They also examine the province's role at the intergovernmental and international level Manitoba Politics and Government is a rich and fascinating account of a province that strives for the centre for the delicate middle ground where individualism and collectivism overlap and where a multitude of different cultures and traditions create a highly balanced society

Transforming Provincial Politics Bryan M. Evans, Charles W. Smith, 2015-01-01 Transforming Provincial Politics is the first province by province analysis of politics and political economy in more than a decade and the first to directly examine the turn to neoliberal policies at the provincial and territorial level and examines

how neoliberal policies have affected politics in each jurisdiction in Canada Making and Moving Knowledge John Sutton Lutz, Barbara Neis, 2008 It has long been acknowledged that research does not directly translate into knowledge nor does knowledge necessarily or even often translate into wisdom Whether the immediate challenge is global warming epidemic disease poverty environmental degradation or social fragmentation our research efforts are all wasted if we cannot devise processes to create and transfer knowledge to policy makers interested groups and ordinary people in a manner that is efficient and understandable How we maximize the impact of the research that scholars do and how to combine that with knowledge already extant in lay or local communities are key issues in a world with scarce research resources and numerous social and scientific conflicts Making and Moving Knowledge focuses directly on how knowledge is created transferred and used and perhaps most important how it is blocked and atrophies It treats knowledge generated by universities and governments alongside traditional and practical knowledge generated in coastal aboriginal and non aboriginal communities and looks at how the different kinds flow in different directions The chapters are theoretical methodological and applied as the authors model their commitment to knowledge transfer in their work with community academics and policy makers

Locating Law, 3rd Edition Elizabeth Comack, 2020-05-27T00:00:00Z Praise for the second edition This book is the best available for teaching the role of law in society and making sense of how it operates within the inter connections of race class and gender dynamics often perpetuating oppression Locating Law is essential for undergraduate students in justice sociology and criminology Margot Hurlbert University of Regina Students regularly tell me that Locating Law is their favourite book out of the selections for the Law and Society course The case studies are sufficiently different from one another that the students deepen their general knowledge and they appreciate the fact that the chapters are written in a style they can understand Jennifer Jarman Lakehead University A primary concern within the study of law has been to understand the law society relation Underlying this concern is the belief that law has a distinctly social basis it both shapes and is shaped by the society in which it operates This book explores the law society relation by locating law within the nexus of race class gender sexuality relations in society In addition to updating the material in the theoretical and substantive chapters this third edition of Locating Law includes three new contributions sentencing law and Aboriginal peoples corporations and the law and obscenity and indecency legislation The analyses offered in the book are sure to generate discussion and debate and in the process enhance our understanding of law s location

Making a Difference in Urban Schools Jane Stobo Gaskell, Ben Levin, 2012-01-01 Making a Difference in Urban Schools evaluates how school and community leaders have worked to change urban education in Canada for the better over the past fifty years **Saskatchewan Politics** Howard A. Leeson, 2009

Accompanied by DVD videodisc entitled The 2006 08 throne and budget debates between NDP leader Lorne Calvert and Saskatchewan Party leader Brad Wall in jewel case *"Indians Wear Red"* Elizabeth Comack, Lawrence Deane, Larry Morrisette, Jim Silver, 2020-11-26T00:00:00Z With the advent of Aboriginal street gangs such as Indian Posse Manitoba

Warriors and Native Syndicate Winnipeg garnered a reputation as the gang capital of Canada Yet beyond the stereotypes of outsiders little is known about these street gangs and the factors and conditions that have produced them Indians Wear Red locates Aboriginal street gangs in the context of the racialized poverty that has become entrenched in the colonized space of Winnipeg's North End Drawing upon extensive interviews with Aboriginal street gang members as well as with Aboriginal women and elders the authors develop an understanding from inside the inner city and through the voices of Aboriginal people especially street gang members themselves While economic restructuring and neo liberal state responses can account for the global proliferation of street gangs the authors argue that colonialism is a crucial factor in the Canadian context particularly in western Canadian urban centres Young Aboriginal people have resisted their social and economic exclusion by acting collectively as Indians But just as colonialism is destructive so too are street gang activities including the illegal trade in drugs Solutions lie not in quick fixes or getting tough on crime but in decolonization re connecting Aboriginal people with their cultures and building communities in which they can safely live and work
