

Poem On World Peace Day

When wars and conflicts totally cease, in
our world, there shall be peace.
People must learn to get along, not
blame others for being wrong.

The fight for control, fight for land,
some just need a helping hand.
We must rid ourselves of vanity,
And embrace peace, through humanity.

Wars make children so much tougher,
Lose their innocence, while they suffer.
We should fight for peace instead,
Love not war, we should spread.

Goldstein,2011-09-15 Everyone knows wars are getting worse more civilians are dying and peacemaking achieves nothing right Wrong Despite all the bad news headlines peacekeeping is working Fewer wars are starting more are ending and those that remain are smaller and more localized But peace doesn't just happen it needs to be put into effect Moreover understanding the global decline in armed conflict is crucial as America shifts to an era of lower military budgets and operations Preeminent scholar of international relations Joshua Goldstein definitively illustrates how decades of effort by humanitarian aid agencies popular movements and especially the United Nations have made a measureable difference in reducing violence in our times Goldstein shows how we can continue building on these inspiring achievements to keep winning the war on war This updated and revised edition includes more information on a post 9 11 world and is a perfect compendium for those wishing to learn more about the United States armed conflicts in Iraq and Afghanistan **Arthur Schnitzler** Reinhard Urbach,1973 **Arthur Schnitzler and Politics** Adrian Clive Roberts,1989 Roberts takes issue with the still prevalent though erroneous notion that Schnitzler was an apolitical writer From 1880 to 1931 Schnitzler examined human conflict from the duel to war and commented on social and political circumstances Roberts draws upon previously unpublished documents to support his interpretation of Schnitzler's oeuvre from a socio political perspective **The Congressional Globe** United States.
