Chasing Red White and Blue B W Interior By Robert Prah Jr Originally created for his daughter to detail his run for public office Running Out of Time Chasing Red White and Blue chronicles this pursuit by Robert Prah Jr during a very challenging time in a district that has been historically blue forever It details his personal story of running for the Pennsylvania state legislature and all of the challenges that he faced especially from previous relationships and social media It talks about being the underdog running against a lifelong Democrat turned Republican where according to many polls Prah was favored to win the special election The author also highlights how several committee members past candidates and elected officials have changed their political affiliation in recent years This story is interesting in the sense that Prah ran in three elections Special Election in March 2020 Primary in June 2020 General in November 2020 all during a global pandemic It shares the ups and downs of running for office and how the pandemic and social media impacted the outcome of many races in November 2020 The author hopes that readers take away that social media has had an impact on our lives both positive and negative and especially in politics and elections We tend to not look at candidates individually but rather as a D or an R We need to do a better job of evaluating candidates and asking questions rather than what we see on social media **Controversially Yours**
