Some Other Aspects Of Judaism:

The Politics of American Jews Herbert F. Weisberg, 2019-08-01 Jewish voting is distinctive and paradoxical Stereotypes about the voting habits of American Jews include that they vote at unusually high levels that they are liberal that they vote for Democratic candidates without regard to their self interest and that Israel is their most important issue Not only are all of those claims wrong but they obscure aspects of Jews voting behavior that are much more interesting The Politics of American Jews uncovers new perspectives on Jews political choices by analyzing the unprecedented amount of survey data that is now available including surveys that permit contrasting the voting of Jews with that of comparable non Jews The data suggest several mysteries about Jewish voting While more Jews are Democrats than are liberals there has not been a previous exploration of why more politically conservative Jews are not Republicans A fresh picture of Jews political behaviors shows that Jews are no longer politically monolithic They vote on the basis of their self interest and their values but not all Jews share the same self interest or the same values While most Jews have incorporated being Democratic and liberal into their political DNA growing divisions in their ranks suggest a mutation could occur

Jewish Worship in Philo of Alexandria Jutta Leonhardt, Jutta Leonhardt-Balzer, 2001 As a knowledgeable contemporary of the later Second Temple Philo of Alexandria's approach to worship and his view of the essence of Jewish worship are of particular interest to the study of that period Jutta Leonhardt discusses his views on the Jewish festivals especially the Sabbath on prayer psalms hymns praise and thanksgiving and on Temple offerings sacrifices and purification rites These aspects are presented with their parallels in Jewish and pagan traditions and in Greek and Hellenistic philosophy Jewish worship in Philo has never been studied as a coherent whole before Only individual aspects of worship such as prayer of petition or thanksgiving or Philo has been used in studies on Second Temple Judaism as a quarry for general examples of acts of worship Philo accepted and participated in Jewish worship and even knew about details of various Jewish traditions of his time His writings however do not refer to them directly and cannot easily be used to reconstruct Jewish rituals of his time His main aim is to discuss the rites as collected in the Mosaic Torah since these are binding for all Jews These laws are frequently presented using the terminology of pagan cults and interpreted with recourse to Greek philosophy In this philosophical description of actual rites there are parallels to Plato's references to religion in the ideal state in the *Nomoi* Philo presents Judaism as the ultimate Hellenistic cult which combines the various aspects of the different pagan cults in a sublime and perfect form to represent mankind and the universe in the worship of the one God who created the world

Jews and Christians – Parting Ways in the First Two Centuries CE? Jens Schröter, Benjamin A. Edsall, Joseph Verheyden, 2021-08-23 The present volume is based on a conference held in October 2019 at the Faculty of Theology of Humboldt University Berlin as part of a common project of the Australian Catholic University the Katholieke Universiteit Leuven and the Humboldt University Berlin The aim is to discuss the relationships of Jews and Christians in the first two centuries CE against the background of recent debates which have called into question the image of parting ways for a description of the relationships of Judaism and Christianity in antiquity One objection raised against this metaphor is that it accentuates differences at the expense of commonalities Another critique is that this image looks from a later perspective at historical developments which can hardly be grasped with such a metaphor It is more likely that distinctions between Jews Christians Jewish Christians Christian Jews etc are more blurred than the image of parting ways allows In light of these considerations the contributions in this volume discuss the cogency of the parting of the ways model with a look at prominent early Christian writers and places and suggest more appropriate metaphors to describe the relationships of Jews and Christians in the early period
