he gives five proofs for God's existence as well as an explication of His attributes. He argues for the actuality and incorporeality of God as the unmoved mover and describes how God moves through His thinking and willing. The second part is on Ethics. Thomas argues for a variation of the Aristotelian Virtue Ethics. However, unlike Aristotle, he argues for a connection between the virtuous man and God by explaining how the virtuous act is one towards the blessedness of the Beatific Vision (*beata visio*). The last part of the *Summa* is on Christ and was unfinished when Thomas died. In it, he shows how Christ not only offers salvation but represents and protects humanity on Earth and in Heaven. This part also briefly discusses the sacraments and eschatology. The *Summa* remains the most influential of Thomas's works. Saint Thomas Aquinas was a Dominican Priest born near Aquino, Sicily, in 1225. He was an immensely influential Philosopher and Theologian in the tradition of Scholasticism, known as Doctor Angelicus. He died in 1274. As one of the 33 Doctors of the Church, he is considered the Church's greatest Theologian and Philosopher. Thomas is held in the Catholic Church to be the model teacher for those studying for the priesthood. He was canonized in 1323.

Aquinas Ethicus: The Moral Teaching of St. Thomas, Vol. 2 St. Thomas Aquinas, 2016-10-17. St. Thomas is not only the king of theologians but the prince of moralists, and it has seemed a pity that his own words on matters of daily practice should have been so long inaccessible to the English reader. Technical Latin is not attractive to those who are unversed in it, and the student of ethics might be easily bewildered by the large admixture of speculative theology in the *Summa*. In this translation, the separation of ethics from theology has been carried out in the main, and the English has been made as simple as the subject matter permits. This is volume two out of two, and a translation of the principal portions of the second part of the *Summa Theologica*, including more than four hundred endnotes.

Faithful, Creative, Hopeful Jesse A. Zink, 2024-12-03. An urgent argument for the centrality of Christian witness in the world. The world is changing rapidly. Between climate change, an unequal economic system, and widespread human migration, our societies are under stress and strain like never before. And just at the moment when the world needs to hear good news, many people perceive the Christian church as too old, tired, or out of touch to respond. In *Faithful, Creative, Hopeful*, Jesse Zink demonstrates the importance of the Christian gospel and its witness to the flourishing of human societies. Zink offers 15 theses echoing those of the church reformers that together offer a vision for a renewed faith and a renewed church in this crisis-shaped world. From the future of the Eucharist to the nature of Christian hope, from the challenges of neoliberal capitalism to the joys of local community, Zink skillfully weaves together theology, Scripture, liturgy, congregational ministry, and on-the-ground experience of church in a variety of contexts to provoke, motivate, and challenge Christians to renew their ministry and live out their mission in a changing and challenging world.
