incredible true story of one of the most extraordinary and inspirational prison breaks in Australian history New York 1874 Members of the Clan na Gael agitators for Irish freedom from the English yoke hatch a daring plan to free six Irish political prisoners from the most remote prison in the British Empire Fremantle Prison in Western Australia Under the guise of a whale hunt Captain Anthony sets sail on the Catalpa to rescue the men from the stone walls of this hell on Earth known to the inmates as a living tomb What follows is one of history s most stirring sagas that splices Irish American British and Australian history together in its climactic moment For Ireland who had suffered English occupation for 700 years a successful escape

was an inspirational call to arms For America it was a chance to slap back at Britain for their support of the South in the Civil War for England a humiliation And for a young Australia still not sure if it was Great Britain in the South Seas or worthy of being an independent country in its own right it was proof that Great Britain was not unbeatable Told with FitzSimons trademark combination of arresting history and storytelling verve The Catalpa Rescue is a tale of courage and cunning the fight for independence and the triumph of good men against all odds Essays in Indian Folklore Lalita Prasad

Vidyarthi,1973 **Dance and Modernism in Irish and German Literature and Culture** Sabine Egger,Catherine E. Foley,Margaret Mills Harper,2019-12-02 A collection of scholarly articles and essays by dancers and scholars of ethnochoreology dance studies drama studies cultural studies literature and architecture Dance and Modernism in Irish and German Literature and Culture Connections in Motion explores Irish German connections through dance in choreographic processes and on stage in literary texts dance documentation film and architecture from the 1920s to today The contributors discuss modernism with a specific focus on modern dance and its impact on different art forms and discourses in Irish and German culture Within this framework dance is regarded both as a motif and a specific form of spatial movement which allows for the transgression of medial and disciplinary boundaries as well as gender social or cultural differences Part 1 of the collection focuses on Irish German cultural connections made through dance while part 2 studies the role of dance in Irish and German literature visual art and architecture **The Forgotten Songs of the Newfoundland Outports** Anna Kearney Guigné,2016-12-12 In 1951 musician Kenneth Peacock 1922 2000 secured a contract from the National Museum of Canada today the Canadian Museum of History to collect folksongs in Newfoundland As the province had recently joined Confederation the project was deemed a goodwill gesture while at the same time adding to the Museum s meager Anglophone archival collections Between 1951 and 1961 over the course of six field visits Peacock collected 766 songs and melodies from 118 singers in 38 communities later publishing two thirds of this material in a three volume collection Songs of the Newfoundland Outports 1965 As the publication consists of over 1000 pages Outports is considered to be a bible for Newfoundland singers and a valuable resource for researchers However Peacock s treatment of the material by way of tune text collations use of lines and stanzas from unpublished songs has always been somewhat controversial Additionally comparison of the field collection with Outports indicates that although Peacock acquired a range of material his personal preferences requeently guided his publishing agenda To ensure that the songs closely correspond to what the singers presented to Peacock the collection has been prepared by drawing on Peacock s original music and textual notes and his original field recordings The collection is far ranging and eclectic in that it includes British and American broadsides musical hall and vaudeville material alongside country and western songs and local compositions It also highlights the influence of popular media on the Newfoundland song tradition and contextualizes a number of locally composed songs In this sense it provides a key link between what Peacock actually recorded and the material he eventually published As several of the songs

have not previously appeared in the standard Newfoundland collections The Forgotten Songs sheds new light on the extent of Peacock's collecting The collection includes 125 songs arranged under 113 titles along with extensive notes on the songs and brief biographies of the 58 singers Thanks to the Research Centre for the Study of Music Media and Place a video of the launch event held in St John's Newfoundland is available at <https://www.youtube.com/watch?v=ghj6E6QiLI> t 21s Published in English
