Moskowitz,2015-11-10 This one of a kind

reference investigates the music and the musicians that set the popular trends of the last half century in America. Many rock fans have at one time or another ranked their favorite artists in order of talent, charisma, and musical influence on the world as they see it. In this same spirit, author and music historian David V. Moskowitz expands on the concept of top ten lists to provide a lineup of the best 100 musical groups from the past 60 years. Since the chosen bands are based on the author's personal taste, this two-volume set provokes discussion of which performers are included and why, offering insights into the surprising influences behind them. From the Everly Brothers to the Ramones to Public Enemy, the work covers a wide variety of styles and genres, clearly illustrating the connections between them. Entries focus on the group's history, touring, membership, major releases, selected discography, bibliography, and influence. Contributions from leading scholars in popular music shed light on derivative artists and underscore the overall impact of the performers on the music industry. **New Songs from a Jade Terrace** Anne Birrell, 2022-05-17 This book first published in 1982 was the first translation of the Chinese classic *Y t ai hsin yung*, the unique anthology of love poems compiled in AD 545. This traces the development of love poetry from the second century BC to its full flowering in the fifth and sixth centuries AD. Dr. Birrell's incisive introductory essay provides a concise survey of the historical and literary setting to the poems and explains the conventions governing courtly love poetry. In particular, the reader's attention is drawn to the many and varied artistic uses of imagery in the poems. Major poets are noted for their artistic achievement and for their contribution to the development of the genre. Dr. Birrell also supplies a valuable section of notes on the poems to guide the reader through unfamiliar historical events, legends, anecdotes, and famous places and people, and there is a similar section of notes on the poets offering biographical details. **The Music of the Stanley Brothers** Gary B. Reid, 2014-12-15 The Music of the Stanley Brothers brings together forty years of passionate research by scholar and record label owner Gary B. Reid. A leading authority on Carter and Ralph Stanley, Reid augments his own vast knowledge of their music with interviews, documents ranging from books to folios sold by the brothers at shows, and the words of Ralph Stanley, former band members, guest musicians, session producers, songwriters, and bluegrass experts. The result is a reference that illuminates the Stanleys' art and history. It is all here: dates and locations, the roster of players on well-known and obscure sessions alike, master matrix and catalog release numbers, with reissue information, a full discography, sorting out the Stanleys' complex recording history, the stories behind the music, and exquisitely informed biographical notes that place events in the context of the brothers' careers and lives. Monumental and indispensable, The Music of the Stanley Brothers provides fans and scholars alike with a guide for immersion in the long career and breathtaking repertoire of two legendary American musicians. **The Lightstone** David Zindell, 2007-05 The start of an epic fantasy series by one of the finest talents to appear since Kim Stanley Robinson and William Gibson, perhaps the finest Gene Wolfe. **Principles of Lithogenesis** N.
