Sporting Tension....What If? 1963-2018 Dr John Davis, 2018-11-28 Tension in sport can occur at any level and is not simply confined to encounters or occasions when the ultimate or top skills are on display although many if not all of the events chosen in this book do indeed feature extremely high skill levels Perhaps the most obvious ingredient of tension is uncertainty where the outcome is unknown throughout the majority or even all of the proceedings as the drama develops and reaches its peak After all how many times do you hear people say that they prefer to watch something live rather than watch it later in the day when it is repeated Clearly if you watch the same sporting event repeatedly it is most probably because you have enjoyed the outcome all the tension having disappeared At the height of tension the outcome is completely unknown

and characterization by the media suggests a girlish femininity which is often at odds with the intentions of their musical output. She then moves on to explore the rock/pop divide as it affects the image of male performers, considering why male stars usually fall into the category of wild boys such as Kurt Cobain or Jim Morrison or nice boys like Cliff Richard. The Monkees and Wham. Whiteley ends by asking what happens to stars who set so much store by manipulations of youthfulness when they begin to age and points to stars like Robbie Williams, Kylie Minogue and Cher to demonstrate that it is possible to achieve iconic pop status even without dying young.

Reading the Beatles Kenneth Womack, Todd F. Davis, 2012-02-01. Despite the enormous amount of writing devoted to the Beatles during the last few decades, the band's abiding intellectual and cultural significance has received scant attention. Using various modes of literary, musicological and cultural criticism, the essays in *Reading the Beatles* firmly establish the Beatles as a locus of serious academic and cultural study. Exploring the group's resounding impact on how we think about gender, popular culture and the formal and poetic qualities of music, the contributors trace not only the literary and musicological qualities of selected Beatles songs but also the development of the Beatles' artistry in their films and the ways in which the band has functioned as a cultural, historical and economic product. In a poignant afterword, Jane Tompkins offers an autobiographical account of the ways in which the Beatles afforded her with the self-actualizing means to become less alienated from popular culture, gender expectations and even herself during the early 1960s.

Popular Music Graham Vulliamy, Edward Lee, 2016-04-14. The approach of this book, first published in 1982, is multi-disciplinary. Popular music, it is argued, is not only a musical but also a social phenomenon; the criteria needed to assess it are different from those used in the appreciation of classical music. The first section of this guide is devoted to setting out just what those criteria should be. A second section puts forward bases for course construction that are detailed and flexible. A final section provides a list of further resources.

National Union Catalog, 1983. **Focus On: 100 Most Popular Billboard Adult Contemporary Number-one Singles** Wikipedia contributors, **Young, Gifted & Black: The Story of Trojan Records** Michael de Koningh, Laurence Cane-Honeysett, 2018-07-19. When it was formed, Trojan Records epitomised the punk/DIY ethic over a decade before 1976. With a blizzard of individual labels and a marketing strategy that involved selling product out of the backs of vans, the company spearheaded the injection of reggae and ska into the vein of British youth consciousness. In its first brief six-year incarnation, Trojan produced nearly 30 hit singles, created the legendary compilation series *Tighten Up* and launched new acts like Jimmy Cliff, Desmond Dekker, Ken Boothe, The Pioneers, Bob and Marcia, Greyhound and Dave and Ansell Collins, all against a background of cut-throat politics, cultural division and prejudice. Featuring a comprehensive discography, *Young, Gifted and Black* is the official story of Trojan Records, lifting the lid on the scheming, backbiting and sheer seat-of-the-pants inspiration that made the label such a powerful force for black UK music.
