Indispensable for all plant biologists this is a fascinating and thorough examination of those factors which affect the sex determination of plant species describing all of the main classes of plant with unisexual flowers hermaphrodite monoecious and      **Scientist of the Strange** Paul Bently, 2002-06 The present study uncovers the psychical stakes and dramas involved in Redgrove's practice and in turn relates these stakes and dramas to the marked element of cultural critique to be found in Redgrove's nonfiction but which is virtually absent from the poems BOOK JACKET      British Poetry from the 1950s to the 1990s Gary Day, Brian Docherty, 1997-07-13 This collection looks at the developments in British poetry from the Movement until the present The introduction not only provides a context for these changes but also argues that poetry criticism has been debilitated by the quest for political respectability a trend which can only be reversed by reconsidering the idea of tradition The essays themselves focus on general themes or individual authors Written in a clear and informed manner they provoke the reader into a fresh awareness of the nature of poetry and its relation to society      Women Coauthors Holly A. Laird, 2000 Until recently collaborative authorship has barely been considered by scholars when it has the focus has been on discovering who contributed what and who dominated whom in the relationship and in the writing In *Women Coauthors* Holly Laird reads coauthored texts as the realization of new kinds of relationship Through close scrutiny of literary collaborations in which women writers have played central roles *Women Coauthors* shows how partnerships in writing between two women or between a woman and a man provide a paradigm of literary creativity that complicates traditional views of both author and text and makes us revise old habits of thinking about writing Focusing on the social dynamics of literary production including the conversations that precede and surround collaborative writing *Women Coauthors* treats its coauthored texts as representations as well as acts of collaboration Holly A Laird discusses a wide array of partial and full coauthorships to reveal how these texts blur or remap often uncanny boundaries of self status race reason and culture that of the Delany sisters and Amy Hill Hearth on *Having Our Say* lesbian couples whose lives and writings were intertwined including Katherine Bradley and Edith Cooper Michael Field and Gertrude Stein and Alice B Toklas and the Native American wife and husband authors Louise Erdrich and Michael Dorris Framed in time by the feminist and abolitionist movements of the mid nineteenth century and the ongoing social struggles surrounding gender race and sexuality in the late twentieth century the partnerships and texts observed in *Women Coauthors* explore collaboration as a path toward equity both socioliterary and erotic For the authors here who collaborate most fully with each other two are much better than one      **Collected Poems** Peter Redgrove, 2012-01-31 Peter Redgrove who died in 2003 was one of the most prolific of post war poets and as this *Collected Poems* reveals one of the finest A friend and contemporary of Ted Hughes and Sylvia Plath in the early 1950s

Anna Clark,Elizabeth W. Williams,2024-09-12 *Sources and Methods in the History of Sexuality* outlines some of the challenges of retracing sexual acts identities and desires in the past and shows how historians have responded to these methodological challenges with ingenuity and creativity The volume acknowledges that the history of sexuality poses particularly interesting challenges in relation to sources due the peculiar nature of sexuality On one hand sexuality is frequently hidden and private its practices often unknown denied and evaded its desires fleeting or obsessive its reality confused or illuminated by fantasy yet on the other sexuality consistently breaks into the public sphere through moral panics waves of persecution taxonomizing projects and medical juridical interventions With vivid case studies from renowned contributors the chapters provide different theoretical approaches along with more practical examples of how to study the history of sexuality The volume has a broad chronology from the ancient world to the present an extensive geography covering not only Europe and the Americas but also Latin America and Africa and also includes a variety of gender and sexual expressions The book also privileges texts that offer an intersectional approach asking how sex and sexualities were constructed alongside against other categories of difference With accessible writing this volume encourages the reader to think creatively about how to find evidence of sex sexuality in the past and will be of value to students as well as scholars interested in the history of sexuality      Genetic Studies in Dioecious Melandrium Gerrit Van Nigtevecht,2013-12-01

Kripal, 2001-12 William Blake once wrote that The road of excess leads to the palace of wisdom Inspired by these poetic terms Jeffrey J Kripal reveals how the works of scholars of mysticism are often rooted in their own mystical experiences roads of excess which can both lead to important insights into these scholars works and point us to our own palaces of wisdom In his new book Kripal addresses the twentieth century study of mysticism as a kind of mystical tradition in its own right with its own unique histories discourses sociological dynamics and rhetorics of secrecy Fluidly combining
