Smart Women Foolish Choices:

Smart Women Foolish Choices Connell Cowan, Melvyn Kinder, 1986-03-04 **Smart Women Foolish Choices** Connell Cowan, Melvyn Kinder, 1986 **Smart Women, Foolish Choices** Cowan, Kinder, 1993-11-01 **New Millennial Sexstyles** Carol Siegel, 2000 *New Millennial Sexstyles* questions the twin feminist orthodoxies that the 1960s sexual revolution failed women and that the sexual attitudes most prominent in current youth cultures are deplorably regressive Comparing the American sexscape she inhabits to the vision of contemporary culture produced by feminist theorists Carol Siegel considers whether the sexual revolution may have succeeded but in ways not recognized by current academic studies of gender and sexuality In discouraging undomesticated heterosexuality academic feminism ignores the connection between mainstream opposition to all unrestrained sexual expression and the growth of new forms of homophobia in our times At the same time the youth subcultures challenges to these views of sexuality and gender have been dismissed as insignificant or misunderstood as sexist In this book they receive more respectful attention Siegel draws on her own experience as a college student to create a personal history of academic feminism s early sympathy with bourgeois values She looks at the development of American sex advice literature and at the reception of such transgressive popular films as *Basic Instinct* *Thelma and Louise* and *Natural Born Killers* to demonstrate that the most profoundly capitalist feminist theories have always been the most culturally authoritative A more encouraging vision emerges in the book s second half where a record of conversations about sex and gender with young people and of their responses to products designed for their consumption takes the reader through some of today s most radical youth cultures and suggests new directions for gender studies The Columbia Documentary History of American Women Since 1941 Harriet Sigerman, 2003 *Liquid Metal* brings together seminal essays that have opened up the study of science fiction to serious critical interrogation Eight distinct sections cover such topics as the cyborg in science fiction the science fiction city time travel and the primal scene science fiction fandom and the 1950s invasion narratives Important writings by Susan Sontag Vivian Sobchack Steve Neale J P Telotte Peter Biskind and Constance Penley are included **Women Resisting AIDS** Beth Schneider, Nancy E. Stoller, 1995-01-27 This collection of original essays discusses the increasingly rapid spread of AIDS among women considering the varying experiences and responses of women of color lesbians and economically impoverished women The essays range widely from policy assessments to case studies focusing on women as sufferers caretakers policy activists community organizers and educators **Backlash** Susan Faludi, 2009-11-18 A new edition of the feminist classic with an all new introduction exploring the role of backlash in the 2016 election and laying out a path forward for 2020 and beyond Winner of the National Book Critics Circle Award Enraging enlightening and invigorating *Backlash* is most of all true Newsday First published in 1991 *Backlash* made headlines and became a bestselling classic for its thoroughgoing debunking of a decadelong antifeminist backlash against women s advances A Pulitzer Prize winning journalist Susan Faludi brilliantly deconstructed the reigning myths about the

costs of women's independence from the supposed man shortage to the infertility epidemic to career burnout to toxic day care and traced their circulation from Reagan era politics through the echo chambers of mass media advertising and popular culture As Faludi writes in a new preface for this edition much has changed in the intervening years The Internet has given voice to a new generation of feminists Corporations list gender equality among their core values In 2019 a record number of women entered Congress Yet the glass ceiling is still unshattered women are still punished for wanting to succeed and reproductive rights are hanging by a thread This startling and essential book helps explain why women's freedoms are still so demonized and threatened and urges us to choose a different future
