The Myth of Human Races Alain F. Corcos, 2012-01-01 The idea that human races exist is a socially constructed myth that has no grounding in science Regardless of skin hair or eye color stature or physiognomy we are all of one species Nonetheless scientists social scientists and pseudo scientists have for three centuries tried vainly to prove that distinctive and separate races of humanity exist These protagonists of race theory have based their flawed research on one or more of five specious assumptions humanity can be classified into groups using identifiable physical characteristics human characteristics are transmitted through the blood distinct human physical characteristics are inherited together physical features can be linked to human behavior human groups or races are by their very nature unequal and therefore they can be ranked in order of intellectual moral and cultural superiority The Myth of Human Races systematically dispels these fallacies and unravels the web of flawed research that has been woven to demonstrate the superiority of one group of people over another

My Cleaner Maggie Gee, 2012-05-28 Ugandan Mary Tendo worked for many years in the white middle class Henman household in London cleaning for Vanessa and looking after her only child Justin More than ten years after Mary has left Justin now twenty two is too depressed to get out of bed To his mother's surprise he asks for Mary When Mary responds to Vanessa's cry for help and returns from Uganda to look after Justin the balance of power in the house shifts dramatically Both women's lives change irrevocably as tensions build towards a climax on a snowbound motorway Beautifully observed intelligent and moving a carefully wrapped surprise that gets better and better with the unravelling The Scotsman A moving funny engrossing book

The Observer
 Gee satirises the liberal conscience of the chattering classes with uncomfortable perception in this hugely enjoyable novel her portrayal of Britain's new underclass of immigrant workers is presented with her trademark stinging clarity
 Metro
 Maggie Gee is a superb and pitiless analyst of middleclass angst
 Elegant humorous and surprising this is a classy performance
 The Times
 It's amazing how many details characters stories within stories
 Maggie Gee's unquenchable exuberance crams into this comparatively short book
 The Spectator
 An intelligent and satisfying read
 The Sunday Times
 A masterful study in Africa UK relations which manages to be supremely uncomfortable without being cynical and clever without being calculating
 Big Issue
 The Flood was chillingly predictive
 My Cleaner is a calmer happier novel
 Yet a gnawing tragedy lies in the shadows all the more poignant for the deftness with which it's brushed aside
 The Independent
