**Redemption from Addiction** Gerard Jerry Egan,2011-12-27 There are awesome and powerful creative forces that can be fully tapped that will absolutely unleash our dreams and hopes transforming them into a desired reality or these very same forces will send us into the deepest darkest Hell we have ever known If a person fails to understand that they have a huge responsibility to take full possession and control of this great creative power then that failure to take this responsibility will always lead to these forces taking control of the person in an undesirable destructive and potentially deadly manner In other words opportunities and temptations to use drugs or alcohol will present themselves as a direct result of failing to take control of these forces or misusing their power All addictions are a manifestation caused by the poor or improper use of these forces and powers The very Powers that govern the ability for anyone to accomplish anything in their lives for their good are the very same powers that can and will undermine and destroy those efforts This book will give you the essential Eleven Powers and Eleven Arts that will enable you to change your life The use of these Powers and Arts will enable you to take full control of not only your addiction but provide endless opportunities to create and design an entire new Destiny Addicts and alcoholics have inadvertently mastered the principles of success and use those very same concepts to assure their own failure and destruction By forcing yourself to do what you dont want to do enables you to gain hold of and grasp these powerful forces and turn them in the direction of success instead of failure Teach yourself and learn to direct the awesome creative forces within you and learn to turn your Possibilities into Probabilities *Brel and Chanson* Sara Poole,2004-05-19 In celebration of his unique talent and in commemoration of the twenty fifth anniversary of his death this is the first book length study in English of the work of Belgian chansonnier Jacques Brel *Brel and Chanson* traces probable influences on the creative process of Brel s early later and always eclectic reading It goes on to examine his principal preoccupations as evidenced by the chansons such as childhood love and friendship and human stupidity and also to elucidate the unique use of language This study not only analyzes the complexities inherent in writing and composing but also in the performance of a chanson It

considers how Brel's pitiless implication of himself in his every criticism of mankind's shortcomings distinguishes his work. This study is of great use to anyone interested in 20th century popular European culture and required reading for all those exploring the rich and vibrant world of chanson.

*The Organs of Sense* Adam Ehrlich Sachs, 2019-05-21 This book is only for people who like joy, absurdity, passion, genius, dry wit, youthful folly, amusing historical arcana, or telescopes. Rivka Galchen, author of *Little Labors* and *American Innovations*. In 1666, an astronomer makes a prediction shared by no one else in the world: at the stroke of noon on June 30 of that year, a solar eclipse will cast all of Europe into total darkness for four seconds. This astronomer is rumored to be using the longest telescope ever built, but he is also known to be blind, and not only blind but incapable of sight, both his eyes having been plucked out some time before.

under mysterious circumstances Is he mad Or does he despite this impairment have an insight denied the other scholars of his day These questions intrigue the young Gottfried Leibniz not yet the world renowned polymath who would go on to discover calculus but a nineteen year old whose faith in reason is shaky at best Leibniz sets off to investigate the astronomer's claim and over the three hours remaining before the eclipse occurs or fails to occur the astronomer tells the scholar the haunting and hilarious story behind his strange prediction a tale that ends up encompassing kings and princes family squabbles obsessive pursuits insanity philosophy art loss and the horrors of war Written with a tip of the hat to the works of Thomas Bernhard and Franz Kafka The Organs of Sense stands as a towering comic fable a story about the nature of perception and the ways the heart of a loved one can prove as unfathomable as the stars

Bleeding in the Eye of a Brainstorm George C. Chesbro, 2017-10-31 Fans will want their Mongo prescriptions filled as the circus performer turned private eye uncaps some pharmaceutical monkey business. Booklist With a genius IQ, a past career as a circus acrobat and a black belt in karate, criminology professor Dr. Robert Frederickson, better known as Mongo the Magnificent, has a decidedly unusual background for a private investigator. He also just so happens to be a dwarf. On the eve of Thanksgiving, a murderous maniac with an ice pick has gripped New York City, killing at random and leaving terror in his wake. But despite the threat of the Iceman, Mongo is more troubled by the sudden appearance of the neighborhood crazy lady on his doorstep. Normally Mama Spit is as ornery as they come but the polished and polite woman before him now bears little resemblance to the creature infamous for spewing vulgarity at everyone she meets. Mama claims a strange man gifted her with a bag of pills just before his untimely death, miracle pills that have made her as normal as the day is long. Soon Mongo blows the lid off a conspiracy involving experimental drugs, escaped mental patients, and a government cover-up. But if he isn't careful, he could hit his own expiration date. **Bleeding in the Eye of a Brainstorm** is the 13th book in the Mongo Mysteries but you may enjoy reading the series in any order.
