Guard,1976 **Imagination and the Arts in C.S. Lewis** Peter J. Schakel,2002 Imagination has long been regarded as central to C S Lewis s life and to his creative and critical works but this is the first study to provide a thorough analysis of his theory of imagination including the different ways he used the word and how those uses relate to each other Peter Schakel begins by concentrating on the way reading or engaging with the other arts is an imaginative activity He focuses on three books in which imagination is the central theme *Surprised by Joy* *An Experiment in Criticism* and *The Discarded Image* and shows the important role of imagination in Lewis s theory of education He then examines imagination and reading in Lewis s fiction concentrating specifically on the *Chronicles of Narnia* the most imaginative of his works He looks at how the imaginative experience of reading the *Chronicles* is affected by the physical texture of the books the illustrations revisions of the texts the order in which the books are read and their narrative voice the storyteller who becomes almost a character in the stories *Imagination and the Arts in C S Lewis* also explores Lewis s ideas about imagination in the nonliterary arts Although Lewis regarded engagement with the arts as essential to a well rounded and satisfying life critics of his work and even biographers have given little attention to this aspect of his life Schakel reviews the place of music dance art and architecture in Lewis s life the ways in which he uses them as content in his poems and stories and how he develops some of the deepest most significant themes of his stories through them Schakel concludes by analyzing the uses and abuses of imagination He looks first at moral imagination Although Lewis did not use this term Schakel shows how Lewis developed the concept in *That Hideous Strength* and *The Abolition of Man* long before it became popularized in the 1980s and 1990s While readers often concentrate on the Christian dimension of Lewis s works equally or more important to him was their moral dimension *Imagination and the Arts in C S Lewis* will appeal to students and teachers of both children s literature and twentieth century British writers It will also be of value to readers who wish to compare Lewis s creations with more recent imaginative works such as the *Harry Potter* series [Long Lance](#) Buffalo Child Long Lance,1928 Purported autobiography of Buffalo Child Long Lance born Sylvester Clark Long *Momma, You Are Loved* Kimberly Sexton,2021-04-12 Ever since the birth of my firstborn Emma I have come to taste a love from God that I had never known before This newfound love I experienced filled me with a new desire to help all mommas know how truly loved they are loved by the Highest King and worthy of raising His children that He gave us as an inheritance Two years ago I started writing devotions that sparked from my taste in God s love which consisted of the everyday moments I experienced with my daughter While writing I became pregnant with my son Asher and shortly after the unimaginable happened My firstborn the daughter who helped me taste God s love became diagnosed with type 1 diabetes Now a new trial tested my faith in God s love and everything I had been writing about Soon my writings became a journey where I desperately needed to stay wrapped up in God s love a deeper calling into His grace by finding Him in the suffering A new question arose from the pain Do I really know God s love I felt as if I could hear God speaking into my heart You had a taste of my love but you don t truly understand how great My love is A

love that I had to learn to take root in discovering one day at a time by ridding myself of my fleshly nature and filling myself up with His word Momma I invite you to take this forty day journey with me through real life momma moments where God's love carried me through May you allow me into your day and help you feel God wrapping you up into His strong arms I pray my writings and testimonies will speak life to your heart and open your soul to become rooted in His love Merchant Vessels of the United States, 1989 **Merchant Vessels of the United States ... Simple Human Compassion Rick Schneider, 2022-06-14 Have you ever wondered what specifically takes place if you or someone you love were to experience hospice care? Honestly, during an unthinkable crisis, wouldn't it be a relief if your wants and your fears were among the top priorities being addressed? And wouldn't you like to know that the attention includes both you and your loved ones? Imagine how comforting it would be to have the same nurse, nurse aide, social worker, and others give you care for the entire time you or your loved one is on service. And after the crisis is over and all the sympathy calls have subsided, think about the reassuring comfort received from someone who stays in contact with you for over a year after the crisis is over. Author Rick Schneider reveals through his own eye-opening experiences and observations that when time appears to be limited, hospice care gives you the assistance to do what is most important to you. *Simple Human Compassion* will illustrate as nothing else can how touch, not technology, is what is needed at the end of life.
