Métis in Canada Christopher Adams, Ian Peach, Gregg Dahl, 2013-05-31 Twelve essays look at Canadian Métis today in terms of history identity law and politics *Polio '53* Russell F. Taylor, 2012-09-30 In the summer and fall of 1953 an epidemic of poliomyelitis struck Edmonton Dr Taylor recounts his experiences as director of the program that dealt with the worst medical emergency ever faced in northern Alberta **Law, Life, and Government at Red River, Volume 1** Dale Gibson, 2015-06-01 Inhabited by a diverse population of First Nations peoples Métis Scots Upper and Lower Canadians and Americans and dominated by the commercial and governmental activities of the Hudson's Bay Company Red River now Winnipeg was a challenging settlement to oversee This illuminating account presents the story of the unique legal and governmental system that attempted to do so and the mixed success it encountered culminating in the 1869-70 Red River Rebellion and confederation with Canada in 1870 In *Law Life and Government at Red River* Dale Gibson provides rich revealing glimpses into the community and its complex relations with the Hudson's Bay the colony's owner and primary employer Volume 1 details the history of the settlement's establishment development and ambivalent relationship with the legal and undemocratic but gradually grudgingly slightly more representative governmental institutions forming in the area and the legal system's evolving engagement with the Aboriginal population A vivid look into early settler life *Law Life and Government at Red River* offers insights into the political commercial and legal circumstances that unfolded during western expansion **Aboriginal People and Colonizers of Western Canada to 1900** Sarah Carter, 1999-01-01 A comprehensive survey of relations between Aboriginal peoples and colonizers of Western Canada with a strong emphasis on the multiplicity of current perspectives on the issues *Walking a Tightrope* David T. McNab, Ute Lischke, 2005-03-15 The most we can hope for is that we are paraphrased correctly In this statement Lenore Keeshig Tobias underscores one of the main issues in the representation of Aboriginal peoples by non-Aboriginals Non-Aboriginal people often fail to understand the sheer diversity multiplicity and shifting identities of Aboriginal people As a result Aboriginal people are often taken out of their own contexts *Walking a Tightrope* plays an important role in the dynamic historical process of ongoing change in the representation of Aboriginal peoples It locates and examines the multiplicity and distinctiveness of Aboriginal voices and their representations both as they portray themselves and as others have characterized them In addition to exploring perspectives and approaches to the representation of Aboriginal peoples it also looks at Native notions of time history land cultures identities and literacies Until these are understood by non-Aboriginals Aboriginal people will continue to be misrepresented both as individuals and as groups By acknowledging the complex and unique legal and historical status of Aboriginal peoples we can begin to understand the culture of Native peoples in North America Until then given the strength of stereotypes Native people have come to expect no better representation than a paraphrase Reflections on Native-Newcomer Relations J.R. Miller, 2004-12-15 The twelve essays that make up *Reflections on Native-Newcomer Relations* illustrate the development in

thought by one of Canada's leading scholars in the field of Native history J R Miller The collection comprising pieces that were written over a period spanning nearly two decades deals with the evolution of historical writing on First Nations and Métis methodological issues in the writing of Native newcomer history policy matters including residential schools and linkages between the study of Native newcomer relations and academic governance and curricular matters Half of the essays appear here in print for the first time and all use archival published and oral history evidence to throw light on Native Newcomer relations Miller argues that the nature of the relationship between Native peoples and newcomers in Canada has varied over time based on the reasons the two parties have had for interacting The relationship deteriorates into attempts to control and coerce Natives during periods in which newcomers do not perceive them as directly useful and it improves when the two parties have positive reasons for cooperation Reflections on Native Newcomer Relations opens up for discussion a series of issues in Native newcomer history It addresses all the trends in the discipline of the past two decades and never shies from showing their contradictions as well as those in the author's own thinking as he matured as a scholar **Quest**

Defining Métis Timothy P. Foran, 2017-05-10 Defining M tis examines categories used in the latter half of the nineteenth century by Catholic missionaries to describe Indigenous people in what is now northwestern Saskatchewan It argues that the construction and evolution of these categories reflected missionaries changing interests and agendas Defining M tis sheds light on the earliest phases of Catholic missionary work among Indigenous peoples in western and northern Canada It examines various interrelated aspects of this work including the beginnings of residential schooling transportation and communications and relations between the Church the Hudson s Bay Company and the federal government While focusing on the Oblates of Mary Immaculate and their central mission at le la Crosse this study illuminates broad processes that informed Catholic missionary perceptions and impelled their evolution over a fifty three year period In particular this study illuminates processes that shaped Oblate conceptions of sauvage and m tis It does this through a qualitative analysis of documents that were produced within the Oblates institutional apparatus official correspondence mission journals registers and published reports Foran challenges the orthodox notion that Oblate commentators simply discovered and described a singular empirically existing and readily identifiable M tis population Rather he contends that Oblates played an important role in the conceptual production of les m tis
