So Say Banana Bird:

So Say Banana Bird Jon Wynne-Tyson, 1984 **Surveying the American Tropics** Maria Cristina Fumagalli, Peter Hulme, Owen Robinson, Lesley Wylie, 2013 A collection of essays from distinguished international scholars that explore the idea of a literary geography of the American Tropics Try Not to Be Strange Michael Hingston, 2022-09-13 Shortlisted for the 2023 Robert Kroetsch City of Edmonton Book Prize On his fifteenth birthday in the summer of 1880 future science fiction writer M P Shiel sailed with his father and the local bishop from their home in the Caribbean out to the nearby island of Redonda where with pomp and circumstance he was declared the island's king A few years later when Shiel set sail for a new life in London his father gave him some advice Try not to be strange It was almost as if the elder Shiel knew what was coming Try Not to Be Strange The Curious History of the Kingdom of Redonda tells for the first time the complete history of Redonda's transformation from an uninhabited guano encrusted island into a fantastical and international kingdom of writers With a cast of characters including forgotten sci fi novelists alcoholic poets vegetarian publishers Nobel Prize frontrunners and the bartenders who kept them all lubricated while angling for the throne themselves Michael Hingston details the friendships feuds and fantasies that fueled the creation of one of the oddest and most enduring micronations ever dreamt into being Part literary history part travelogue part quest narrative this cautionary tale about what happens when bibliomania escapes the shelves and stacks is as charming as it is peculiar and blurs the line between reality and fantasy so thoroughly that it may never be entirely restored *A Grammar of Atong* Seino van Breugel, 2014-01-30 Atong is a Tibeto Burman language spoken in Northeast India and Bangladesh Seino van Breugel provides a deep and thorough coverage and analysis of all major areas of the grammar which makes this book of great interest and value to general linguists and typologists as well as area specialists Alongside an Atong English dictionary and five fully glossed Atong texts recorded during extensive fieldwork this work also provides a sizable ethnolinguistic introduction to the speakers and their culture Of particular interest is the pragmatic approach taken for the grammatical analysis Whereas the form of an utterance provides some clue as to its possible meaning inference is always needed to arrive at the most relevant interpretation within the context in which the utterance occurs This is a very important book for South Asian and Sino Tibetan linguistic scholarship Of the 200 languages of Northeast India only a handful have been documented the present work brings the number of full scale modern grammars for these languages to six Thus it represents a unique and extremely valuable contribution Professor Scott DeLancey University of Oregon This is a solid academic work which makes a huge contribution to the field There is no other detailed account of this particular language and it is highly doubtful that anyone will write something more comprehensive in the future Dr Willem de Reuse University of North Texas *JAMAICAN ANANSI TALES AND STORIES* Anon E. Mouse, 2016-12-10 THE STORIES in this collection were recorded from the lips of over sixty negro story tellers in the remote country districts of Jamaica during two visits to the island in the summer of 1919 and the winter of 1921 The role of

minority cultures here for instance are the folktale of Ny Dan the Manchu Shamaness and a funeral chant of the Yi nationality collected by local researchers in the early 1980s Each of the forty unusual selections from ancient oracle bones to stirring accounts of mystic visions is preceded by a substantial introduction As with the other volumes most of the selections here have never been translated before Stephen Teiser provides a general introduction in which the major themes and categories of the religions of China are analyzed The book represents an attempt to move from one conception of the Chinese spirit to a picture of many spirits including a Laozi who acquires magical powers and eventually ascends to heaven in broad daylight the white robed Guanyin one of the most beloved Buddhist deities in China and the burning mouth hungry ghost The book concludes with a section on earthly conduct
