It's a Miracle!? Clay Farris Naff, 2018-08-28 Fundamentalist Christians often use the Bible as a guide to the natural world which inevitably leads them to reject much of what modern science says about the universe But what if we were to use modern science as a guide to the Bible What might a scientific reading of the Bible tell us not only

about religion's claims but also about nature and our place in it. If God really did part the Red Sea how might he have engineered such a feat? If Jesus really did raise Lazarus from the dead under what circumstances might it have happened? In this witty and informative book science writer Clay Farris Naff brings the miracles of the Bible into sharp focus through the lens of modern science. Whether you're a religious skeptic or a true believer you'll find what comes into view is mind-bending, thought-provoking and even amusing and you'll likely be left even more amazed and entranced by the universe we live in.

Orvis Guide to Hatch Strategies Tom Rosenbauer, 2022-02-01 One of the most studied yet intimidating aspects of fly fishing for trout is an understanding of insect hatches. This unique book teaches fly fishers enough entomology to be successful and instead of focusing on insect identification it stresses learning how to approach trout, how to find where they feed and how to present the fly so it is accepted as natural food without hesitation. It helps fly fishers catch more fish on dry flies, streamers and nymphs and teaches the angler more about trout than the life history of insects.

Published in association with The Orvis Company. **Of Mist, Mountains, Men and Maggie Youngblood** Ray Dague, 2017-08-11 Travel back to 1863 to a small mountain town, Seasonsville in South Central West Virginia that is embroiled in the American Civil War. The novel *Of Mist, Mountains, Men and Maggie Youngblood: A Civil War Story of Tragedy and Triumph* is an account of very personal relationships.
