studies Their essays collectively destabilize widespread certainties about Argentina showing that whiteness in that country has more in common with practices and ideologies of Mestizaje and racial democracy elsewhere in the region than has typically been acknowledged The essays also situate Argentina within the well established literature on race nation and whiteness in world regions beyond Latin America particularly other European settler societies The collection thus contributes to rethinking race for other global contexts as well

Argentina's "Dirty War" Donald C. Hodges, 2014-01-30 Argentines ask how their ultracivilized country reputedly the most European in Latin America could have relapsed into near barbarism in the 1970s This enlightening study seeks to answer that question by reviewing the underlying political events and intellectual foundations of the dirty war 1975 1978 and overlapping Military Process 1976 1982 It examines the ideologies and actions of the main protagonists the armed forces guerrillas and organized labor over time and traces them to their roots In the most comprehensive treatment of the subject to date Hodges examines primary materials never seen by other researchers including clandestinely published guerrilla documents and interviews important actors in Argentina's political drama His wide ranging scholarship traces the origins of the national security and national salvation doctrines to the Spanish Inquisition sixteenth century witch hunts and nineteenth century reactions to the modernizing ideologies of liberalism democracy socialism and communism Hodges posits that the dirty war Military Process and revolutionary war to which they responded represented the culmination of social tensions that arose in 1930 with the launching of the Military Era by Argentina's first successful twentieth century coup He offers the disquieting hypothesis that as long as the Argentine Question remains unsettled the military may intervene again the resistance movement will remain strong and violence may continue even under a democratic government

Argentina's Lost Patrol María José Moyano, 1995-01-01 An excellent analysis of Argentine guerrilla movements in the 1960s 70s based on a wide range of printed sources and extensive interviews with members of the groups Rather than describing all the activities of the various groups this study attempts to explain the rationale for their behavior Handbook of Latin American Studies v 58

Amor, soberbia y humildad Pedro José María Chiesa, 2020-12 Los pecados capitales son siete soberbia envidia ira lujuria gula avaricia y pereza Siendo que el primero de estos vicios es la soberbia cuyo antídoto fulminante es la humildad el autor de este libro procura dejar en claro que todo cristiano debe examinar su vida contemplando el duelo cotidiano que existe entre la soberbia y la humildad pues del resultado de esta batalla positivo o negativo pende su capacidad de amar a los demás como Cristo los ama con amor de caridad Estas páginas recorren un camino distinto a los libros de autoayuda cuya finalidad es otra pues el autor apoya sus reflexiones no en el mismo hombre sino en Dios en Jesucristo y María en los santos en la oración y el sacrificio y muy singularmente en los siete sacramentos por ser estas las herramientas que permiten al cristiano no sólo llegar al Cielo sino hacer de su vida en la Tierra y de las que con él conviven un Cielo

Argentina Betrayed Antonius C. G. M. Robben, 2018-03-19 The ruthless military dictatorship that ruled Argentina between 1976 and 1983 betrayed the country's

people presiding over massive disappearances of its citizenry and in the process destroying the state's trustworthiness as the guardian of safety and well being Desperate relatives risked their lives to find the disappeared and one group of mothers defied the repressive regime with weekly protests at the Plaza de Mayo in Buenos Aires How do societies cope with human losses and sociocultural traumas in the aftermath of such instances of political violence and state terror In Argentina Betrayed Antonius C G M Robben demonstrates that the dynamics of trust and betrayal that convulsed Argentina during the dictatorship did not end when democracy returned but rather persisted in confrontations over issues such as the truth about the disappearances the commemoration of the past and the guilt and accountability of perpetrators Successive governments failed to resolve these debates because of erratic policies made under pressure from both military and human rights groups Mutual mistrust between the state retired officers former insurgents and bereaved relatives has been fueled by recurrent revelations and controversies that prevent Argentine society from conclusively coming to terms with its traumatic past With thirty years of scholarly engagement with Argentina and drawing on his extensive fair minded interviews with principals at all points along the political spectrum Robben explores how these ongoing dynamics have influenced the complicated mourning over violent deaths and disappearances His analysis deploys key concepts from the contemporary literature of human rights transitional justice peace and reconciliation and memory studies including notions of trauma denial accountability and mourning The resulting volume is an indispensable contribution to a better understanding of the terrible crimes committed by the Argentine dictatorship in the 1970s and their aftermath

Genealogía de la soberbia intelectual
 Enrique Serna, 2013-11-28 Una historia de la soberbia en las elites culturales y su relación con el poder desde la antigüedad hasta nuestros días La soberbia ha marcado a los intelectuales desde el comienzo de la historia La gran mayoría de los artistas y creadores han hecho todo lo posible por separarse y desdeñar a la gente común para mostrarse como una casta aparte Los antiguos brahmanes de la India los oscuros filósofos griegos las opacas discusiones medievales y la actual literatura incomprensible que recibe reconocimientos y galardones son desde la perspectiva de Enrique Serna otros momentos y ejemplos de la historia de una soberbia que por supuesto también existe en nuestro país En este libro el autor se pregunta quién puede leer e interesarse por un artículo especializado que no tiene destinatario por un texto que sólo cita a sus pares y llena cuartillas impenetrables que no puede admirar una obra de arte contemporáneo donde la habilidad técnica y la maravilla han sido olvidadas para crear una instalación que sólo rene cachivaches Sin embargo la soberbia intelectual no sólo ha sido creada por los mismos intelectuales ellos han contado con el apoyo de personas e instituciones que han apostado por la ignorancia y la arrogancia Las distintas iglesias los profesores sedientos de fama los medios de comunicación masiva y algunos editores se han convertido en los aliados de los intelectuales soberbios La soberbia intelectual que se revela en los distintos tipos de pedantería que son analizados por Enrique Serna no es un asunto vinculado con la creación sino con el poder
