Social Conceptions of Time

Structure and Process in
Work and Everyday Life

Edited by
Graham Crow and Sue Heath

Social Conceptions Of Time

Jiří Šubrt

Social Conceptions Of Time:

Social Conceptions of Time G. Crow, S. Heath, 2002-08-05 This book is concerned with the significance of time in work and everyday life The contributors are among the foremost authorities in the field and their up to date contributions consider the changing social meanings that time has in work leisure and everyday routines Together they provide a combination of theoretical and empirically based approaches that reveal the social significance of time in all aspects of everyday lives

Time, Memory, and the Processual Approach in Historical Sociology Jiří Šubrt, 2024-02-01 Within this publication which is published to commemorate a milestone in Ji ubrt s life the editor Lucy C sa Brown has organised selected contributions by the author into four thematic areas a historical sociology its development content and professional focus b sociological issues of time temporality and collective memory c theoretical discussions concerning conceptual problems and dilemmas in contemporary social sciences d developmental trends affecting the shape of contemporary societies and their historical development What connects these thematic areas into one whole giving the book a unified character is ubrt s approach to sociology which emphasises the historical and processual perspective

Explaining Social Processes Jiří Šubrt, Alemayehu Kumsa, Massimiliano Ruzzeddu, 2020-08-18 This textbook considers understanding social processes to be the main task of sociology From this perspective its authors demonstrate and explain problems which they consider to be crucial for contemporary social science These are topics of a theoretical and epistemological nature which are nevertheless closely connected with social development and issues arising from it The book moves from the more general theoretical questions and dilemmas raised by key social thinkers such as those connected with the concepts of actor agency institutions structures and systems It then leads to theoretical reflections on long term developmental processes associated with the phenomena of power and life in current societies including globalization identities migration etc It provides a comprehensive approach to the essential questions of sociology Lucidly written and including the latest sociological perspectives this book will find wide appeal among social science students and researchers and is also for the socially aware general reader

Rethinking Marketing Douglas Brownlie, 1999-03-23 This is an important text It brings together critical reflections on the discipline s contribution in terms of theory practice and pedagogy and as such is equally as insightful and challenging as some of its recent predecessors eg Brown et al 1996 Brown and Turley 1997 Brown 1998 The book represents a useful point of departure for those setting off on their own critical journeys and thus it should be included on the reading lists of all those carrying out masters or doctoral research in marketing Journal of Marketing Management This book provides a challenging and stimulating coverage of a broad range of key issues in contemporary marketing such as marketing philosophy marketing ethics the mar

A Hidden History of Youth Development in South Africa Margaret Perrow, 2021-03-15 Drawing on two decades of interviews and ethnographic fieldwork 1998 2018 this book presents a unique and multi faceted history of youth development in South Africa through the lens of a South African non governmental organization NGO prominent in

youth development from the mid 1980s until 2008 The book weaves history ethnography and discourse analysis to contextualize the Joint Enrichment Project JEP in the politics and history of South African education It examines JEP s role leading up to and during South Africa s transition to democracy its work and influence in post apartheid South Africa and the continued relevance of its legacy to contemporary initiatives seeking to address youth development and social justice While JEP repeatedly repositioned itself as an organization from fighting the effects of apartheid on young people to becoming a potential partner with the new African National Congress ANC led government its most significant role may have been to reposition people After tracing JEP s twenty year history the book focuses on the participants in a 1998 Youth Work Scheme exploring their learning experiences and the program s immediate impact on their lives It then revisits these participants twenty years later in 2018 analyzing their life trajectories after JEP and comparing them with the life trajectories of former JEP staff over the same period shedding light on broader patterns of socio economic reproduction and change in the country The book concludes with a discussion of a perennial paradox facing youth development institutions This book will be of great interest to academics researchers and post graduate students in the fields of education international development anthropology and African studies

Social Indicator Models Kenneth C. Land, Seymour Spilerman, 1975-02-14 Deals in comprehensive fashion with a diverse array of objective and subjective social indicators and shows how these indicators can be used potentially to inform and perhaps guide social policy Written with clarity and authority it will be of paramount interest to those concerned with the interpretation and analysis of social indicators and to those interested in their use For the former it serves as an illuminating introduction to some of the analytical tasks that lie ahead in the study of social indicators For the latter it provides a solid foundation upon which future policy analysis may be based

Anthony Giddens and Modern Social Theory Kenneth Tucker, 1998-09-24 Anthony Giddens is widely recognized as one of the most important sociologists of the post war period This is the first full length work to examine Giddens social theory It guides the reader through Giddens early attempt to overcome the duality of structure and agency He saw this duality as a major failing of social theories of modernity His attempt to resolve the problem can be regarded as the key to the development of his landmark structuration theory The book is the most complete and thorough assessment of Giddens work currently available It incorporates insights from many different perspectives into his theory of structuration his work on the formation of cultural identities and the fate of the nation state This far reaching work also touches on issues such as the transformation of modern intimacy and sexuality and the fate of politics in late modern society

Time and the Rhythms of Emancipatory Education Michel Alhadeff-Jones, 2016-10-26 Time and the Rhythms of Emancipatory Education argues that by rethinking the way we relate to time we can fundamentally rethink the way we conceive education Beyond the contemporary rhetoric of acceleration speed urgency or slowness this book provides an epistemological historical and theoretical framework that will serve as a comprehensive resource for critical reflection on the relationship between the experience of time and

emancipatory education Drawing upon time and rhythm studies complexity theories and educational research Alhadeff Jones reflects upon the temporal and rhythmic dimensions of education in order to re theorize and address current societal and educational challenges The book is divided into three parts The first begins by discussing the specificities inherent to the study of time in educational sciences The second contextualizes the evolution of temporal constraints that determine the ways education is institutionalized organized and experienced The third and final part questions the meanings of emancipatory education in a context of temporal alienation This is the first book to provide a broad overview of European and North American theories that inform both the ideas of time and rhythm in educational sciences from school instruction curriculum design and arts education to vocational training lifelong learning and educational policies It will be of key interest to academics researchers and postgraduate students in the fields of philosophy of education sociology of education history of education psychology curriculum and learning theory and adult education The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Time, Capitalism and Alienation Jonathan Martineau, 2015-05-12 In *Time Capitalism and Alienation A Socio-Historical Inquiry into the Making of Modern Time* Jonathan Martineau offers an account of the histories of social time in Europe from the innovation of the clock around 1300 to the making of World Standard Time around the turn of the twentieth century Approaching time as a social phenomenon traversed by various power and property relations this work provides a socio-theoretical and historical analysis of the relationship between clock time and capitalist social relations problematizing the rise to hegemony of a clock time regime harnessing various social temporalities to the purpose of capitalist development This book sheds light on the alienating tendencies of the modern temporal regime and the relationship between time and modern economic development

Lives Through Time J. Block, 2014-03-05 First published in 1983 The theme of this study is the importance of studying personality development and personality change in a differentiated way of identifying and understanding the alternative paths along which people evolve over time The time is adolescence with its implications for the life that is later led And the method is longitudinal an approach that can respond to questions regarding psychological development not otherwise scientifically accessible

Social and Cultural Dynamics Pitirim Sorokin, 2017-09-29 This classic work is a revised and abridged version in a single volume of the work which more than any other catapulted Pitirim Sorokin into being one of the most famed figures of twentieth century sociology Its original publication occurred before World War II This revised version written some twenty years later reflects a postwar environment Earlier than most Sorokin took the consequences of the breakdown of colonialism into account in discussing the renaissance of the great cultures of African and Asian civilization Other than perhaps F. S. C. Northrop no individual better incorporated the new role of the Indian Chinese Japanese and Arabic peoples in this postwar world Sorokin came to view social and cultural dynamics in terms of three major processes a major shift of mankind's creative center from Europe to the Pacific a progressive disintegration of

the sensate culture and finally the first blush of the emergence and growth of a new idealistic sociocultural order This volume is perhaps most famous for revealing Sorokin s remarkable efforts to understand the relationship of war and peace to the process of social and political change Contrary to received wisdom he shows that the magnitude and depth of war grows in periods of social cultural and territorial expansion by the nation In short war is just as often a function of development as it is of social decay This long unavailable volume remains one of the major touchstones by which we can judge efforts to create an international social science There are few areas of social or cultural life that are not covered from painting art and music to the ethos of universalism and particularism These are terms which Sorokin introduced into the literature long before the rise of functional doctrines For all those interested in cultural and historical processes this volume provides the essence of Sorokin s remarkably prescient effort to achieve sociological transcendence by taking *Trust Modeling and Management in Digital Environments: From Social Concept to System Development* Yan, Zheng, 2010-01-31 This book investigates various definitions of trust and their characteristics in distributed systems and digital computing and details how to model and implement trust in a digital system Provided by publisher **Knowledge and Opinion** John Gneisenau Neihardt, 2002-01-01 How important were Sioux authors such as Charles Eastman in the opinion of the writer responsible for *Black Elk Speaks* What will be the legacy of modern poetry according to the poet behind *The Cycle of the West* Knowledge and Opinion offers an unparalleled glimpse into the social and literary thought of John G Neihardt 1881-1973 one of America s most celebrated poets and authors A wealth of little known essays and reviews deepen and round out our appreciation for the accomplishments of Neihardt by revealing his no nonsense opinions about noted literary figures and trends events and social issues of his day Featured in these pages are Neihardt s views of such literary giants as F Scott Fitzgerald Robert Frost H G Wells e e Cummings Dorothy Parker Ernest Hemingway Ezra Pound Eugene O Neill and Upton Sinclair The contributions of Sigmund Freud anthropologist Paul Radin and modern philosophers like Bertrand Russell do not escape his sweeping gaze In their entirety these essays showcase Neihardt s perspectives and opinions on a wide range of subjects and issues including modern poetry the qualities of great literature twentieth century trends in writing and literary criticism the defining characteristics of Western civilization the literatures and cultures of Native Americans the lost world of the Old West economic turmoil in the Great Depression and the enduring power of classical thought This rich archive of essays and reviews will surprise delight and provoke those who thought they already knew John G Neihardt **Research in Education**, 1969 [Resources in Education](#), 1969-07 [Gender and the politics of time](#) Valerie Bryson, 2007-11-21 Women s increased role in the labour market has combined with concerns about the damaging effects of long working hours to push time related issues up the policy agenda in many Western nations This wide ranging and accessible book assesses policy alternatives in the light of feminist theory and factual evidence The book introduces mainstream ideas on the nature and political significance of time and re frames them from a feminist perspective to provide a critical overview of policies in Western

welfare states Themes covered include gender differences in time use and the impact of time poverty on women s citizenship the need to value time spent giving and receiving care the social meanings of time and whether we can talk about women s time and men s time and the role of the past in framing policy options today The book is essential reading for all those interested in gender inequality time use or work rest of life balance It will be an invaluable resource for students and academics throughout the social sciences

Positive Psychology as Social Change Robert Biswas-Diener,2011-02-01 In recent times there has been growing interest in positive psychology as evidenced by the swell in positive psychology graduate programs undergraduate courses journals related to the topic popular book titles on the topic and scholarly publications Within the positive psychology community there has been an increased emphasis on the socially beneficial side of positive psychological science At the First World Congress of the International Positive Psychology Association there was a major push to look at positive psychology as a social change mechanism This volume will bring together thoughts of leaders in positive psychology from 8 countries to capitalize on the push toward social change and flourishing By releasing this title at a critical time Springer has the opportunity to help frame the agenda for positive psychology as a force for social change This seminal work is meant for anyone interested in happiness strengths flourishing or positive institutions It introduces Positive Psychology as an unapplied science that can be used to create positive social transformation and enabling institutions This is a must have title for academics especially psychologists sociologists economists and professionals working in the field of Positive Psychology and Well Being

Social Theory of Modern Societies David Held,John Brookshire Thompson,John B. Thompson,1989-12-07 This book offers a comprehensive appraisal of the work of Anthony Giddens who is known worldwide as one of the leading figures in social theory and the social sciences During the last decade Giddens has published a series of substantial volumes which have defined a distinctive and original theoretical approach The twin focal points of his approach are the theory of structuration and the analysis of modernity Giddens s writings on these and related themes are widely recognized as among the most important contributions to theoretical debate in the social sciences Social Theory of Modern Societies is the first volume to provide a systematic and critical assessment of Giddens s contributions The volume includes eleven critical essays all of which were specially commissioned for this volume by authors who are well known in their own fields Zygmunt Bauman Richard J Bernstein Derek Gregory Nicky Gregson David Held Bob Jessop Linda Murgatroyd Peter Saunders Martin Shaw John B Thompson and Erik Olin Wright In a long concluding chapter Anthony Giddens responds to the criticisms raised by these and other authors clarifying and elaborating his current views The result is a unique and engaging book which gives both a critical evaluation of Giddens s work and a guide to some of the theoretical issues which are at the forefront of the social sciences today It will be of interest to students and academics in sociology politics and geography and to students in the social sciences and humanities generally

Individual Development and Social Change John R. Nesselroade,Alexander Von Eye,2013-09-24 Individual Development and Social Change Explanatory Analysis

represents a convergence of three lines of emphasis now visible in developmental research and theory building The three are

- 1 the life course as a focus for the study of development and social change and their interrelationships
- 2 the life span orientation to the study of individual development with its acknowledgment of the salience of contextual features for understanding development and
- 3 the growth of methodological innovations that provide more appropriate and powerful ways of exploiting data gathered to describe and explain developmental change processes

The book opens with a study on how major cultural change originates and unfolds over time This is followed by separate chapters on the use of sequential designs for explanatory analyses evolutionary aspects of social and individual development the concepts of the theory of causal and weak causal regressive dependence and the concepts of age period and cohort from the perspective of developmental psychology Subsequent chapters examine development and aging as lifelong processes of historical populations the methodological integration of natural and cultural science perspectives in developmental psychology and application of the multifaceted methodology to the mutuality of constraint between sociocultural group and individual dynamics

The Social World of Jesus and the Gospels Bruce J. Malina, 2002-11-01 In order to interpret historical writings the reader must not employ their modern understanding of the world but must strive to grasp the mindset of the original audience To assist the twentieth century New Testament reader in understanding the literal meaning of the New Testament is the goal of this collection of essays The Social World of Jesus and the Gospels provides the reader with a set of possible scenarios for reading the New Testament How did first century persons think about themselves and others Did they think Jesus was a charismatic leader Why did they call God father Were they concerned with their gender roles The eight essays in this collection were previously published in books and journals generally not available to many readers Carefully selected and edited this collection will be both an introduction and an invaluable source of reference to Bruce Malina's thought
