**Solving Riddles and Untying Knots** Jonas Carl Greenfield, 1995 Jonas Greenfield was one of the foremost epigraphers and biblical scholars of this generation This volume dedicated to Professor Greenfield by his students colleagues and friends reflects the broad spectrum of academic interests he pursued Bible Qumran epigraphy and Semitics A Bibliography of the Finds in the Desert of Judah 1970-1995 Florentino García Martínez, Donald W. Parry, 1996 This volume contains a bibliography of the research on the Dead Sea Scrolls published during the last 25 years All entries are alphabetically listed provided with an identification number and systematically classified by topics and key words as well as by manuscripts numbers and title of the compositions **Zondervan Illustrated Bible Backgrounds Commentary: Daniel** John H. Walton, 2009 This series brings to life the world of the Old Testament through informative entries and full color photos and graphics Here readers find the premier commentary set for connecting with the historical and cultural context of the Old Testament **Transforming Literature into Scripture** Russell Hobson, 2014-09-19 Transforming Literature into Scripture examines how the early textual traditions of ancient Israel stories laws and rituals were transformed into sacred writings By comparing evidence from two key collections from antiquity the royal library at Nineveh and the biblical manuscripts from the Dead Sea Scrolls the book traces the stabilisation of textual traditions in the ancient Near East towards fixed literary prototypes The study presents a new methodology which enables the quantification categorisation and statistical analysis of texts from different languages writing systems and media The methodology is tested on wide range of text genres from the cuneiform and biblical traditions in order to determine which texts tend towards stabilised forms Transforming Literature into Scripture reveals how authoritative literary collections metamorphosed into fixed ritualised texts and will be of interest to scholars across Biblical Judaic and Literary Studies **Ecclesiastes** John Goldingay, 2021-11-01 Ecclesiastes is the most surprising book in the Scriptures It challenges its readers to reconsider what they think life is about and how far it is possible to understand God's involvement in the world This commentary seeks to help people enter the world of Ecclesiastes and see how it can increase their understanding of God and of themselves Scripture and Interpretation Ariel Feldman, Liora Goldman, 2014-11-10 The discovery of the Dead Sea Scrolls more than sixty years ago has revealed a wealth of literary compositions which rework the Hebrew Bible in various ways This genre seems to have been a popular literary form in ancient Judaism literature However the Qumran texts of this type are particularly interesting for they offer for the first time a large sample of such compositions in their original languages Hebrew and Aramaic Since the rewritten Bible texts do not use the particular style and nomenclature specific to the literature produced by the Qumran community Many of these texts are unknown from any other sources and have been published only during the last two decades They therefore became the object of intense scholarly study However most the attention has been directed to the longer specimens such as the Hebrew Book of Jubilees and the Aramaic Genesis Apocryphon The present volume addresses the less known and poorly studied pieces a

group of eleven small Hebrew texts that rework the Hebrew Bible It provides fresh editions translations and detailed commentaries for each one The volume thus places these texts within the larger context of the Qumran library aiming at completing the data about the rewritten Bible      **Jewish Law and Early Christian Identity** Yifat

Monnickendam,2020-01-09 Ephrem one of the earliest Syriac Christian writers lived on the eastern outskirts of the Roman Empire during the fourth century Although he wrote polemical works against Jews and pagans and identified with post Nicene Christianity his writings are also replete with parallels with Jewish traditions and he is the leading figure in an ongoing debate about the Jewish character of Syriac Christianity This book focuses on early ideas about betrothal marriage and sexual relations including their theological and legal implications and positions Ephrem at a precise intersection between his Semitic origin and his Christian commitment Alongside his adoption of customs and legal stances drawn from his Greco Roman and Christian surroundings Ephrem sometimes reveals unique legal concepts which are closer to early Palestinian sectarian positions than to the Roman or Jewish worlds The book therefore explains naturalistic legal thought in Christian literature and sheds light on the rise of Syriac Christianity      *Interpretations of the Name Israel in Ancient Judaism and Some Early Christian Writings* C. T. R. Hayward,2005-05-19 Ancient peoples regarded names as indicative of character and destiny The Jews were no exception This is a critical study of ancient exegesis of the title Israel and the meanings attributed to it among Jews down to Talmudic times along with some early Christian materials C T R Hayward explores ancient etymologies of Israel and the utilization of these very varied explanations of the name in sustained works of exegesis like Jubilees the writings of Ben Sira Philo and Josephus and selected Rabbinic texts including Aramaic Targumim He also examines translational works like the Septuagint to illuminate those writings sense of what it meant to be a Jew

these questions The scribes who revised Jeremiah are textual diviners akin to divining scribal scholars of ancient Near Eastern royal courts and their practice of expanding Jeremiah through duplication involves techniques of textual divination comparable the practice of textual divination utilized in the formation of ancient Near Eastern divinatory texts *Figural Reading and the Old Testament* Don C. Collett, 2020-04-21 Don Collett an experienced Old Testament scholar offers an account of Old Testament interpretation that capitalizes on recent research in figural exegesis Collett examines the tension between figural and literal modes of exegesis as they developed in Christian thought introduces ongoing debates and discussions concerning figural readings of Scripture and offers theological readings of several significant Old Testament passages This book will work well as a primer on figural exegesis for seminarians or as a capstone seminary text that ties together themes from courses in Bible exegesis and theology

**Purity and Pollution in the Hebrew Bible** Yitzhaq Feder, 2021-11-18 In this book Yitzhaq Feder presents a novel and compelling account of pollution in ancient Israel from its emergence as an embodied concept rooted in physiological experience to its expression as a pervasive metaphor in social moral discourse Feder aims to bring the biblical and ancient Near Eastern evidence into a sustained conversation with anthropological and psychological research through comparison with notions of contagion in other ancient and modern cultural contexts Showing how numerous interpretive difficulties are the result of imposing modern concepts on the ancient texts he guides readers through wide ranging parallels to biblical attitudes in ancient Near Eastern ethnographic and modern cultures Feder demonstrates how contemporary evolutionary and psychological research can be applied to ancient textual evidence He also suggests a path of synthesis that can move beyond the polarized positions which currently characterize modern academic and popular debates bearing on the roles of biology and culture in shaping human behavior
