Decolonizing and Diversifying STEAM Education in Southern Africa: Frameworks and Pathways to Liberation Chikuvadze P., Makuvire C., Sunzuma G., Zezekwa N., 2025-05-17 In recent decades Science Technology Engineering the Arts and Mathematics STEAM education has been heralded globally as a driver of innovation economic growth and societal advancement Yet in Southern Africa and in many parts of the Global South STEAM education remains deeply entangled with colonial legacies Western centric frameworks and structural inequities that marginalize indigenous knowledge systems local histories and diverse identities This book Frameworks and Pathways to Liberation is an urgent response to the enduring problem This book represents the first of a two part journey that interrogates disrupts and reimagines STEAM education from the perspective of the oppressed It begins by laying a theoretical and philosophical foundation for a decolonial approach to STEAM learning one that is inclusive ethical and rooted in the lived realities of Southern African communities By foregrounding Indigenous Knowledge Systems culturally responsive pedagogies gender inclusivity and the social responsibilities of scientists and educators the chapters herein challenge the assumption that science and technology are neutral or universally beneficial At its core this book asks Whose knowledge counts in the classroom Whose voices are heard in the lab And how can education serve as a tool for liberation rather than domination The first chapter offers a conceptual framework for understanding STEAM education as a transformative force when it is critically examined and restructured Chapter Two builds upon this by exploring decolonization strategies that elevate indigenous epistemologies and question the dominance of Eurocentric curricula The third chapter turns to ethics highlighting the profound responsibilities that come with power in scientific practice and education Chapter Four illustrates how STEAM can be a vehicle for social justice providing case studies that inspire and instruct Finally Chapter Five focuses on gender addressing how identity and access are shaped by social and cultural dynamics that must be dismantled for true equity to emerge This book is intended for

educators curriculum designers policymakers researchers and activists committed to rethinking what STEAM education can be in contexts of historical oppression and ongoing struggle It invites readers to consider not just what is taught but how why and for whom Frameworks and Pathways to Liberation is both a critique and a call for action It is a recognition that to change the future of science and technology in Southern Africa we must first transform the way they are taught today

Transforming Southern African Agriculture Ann Willcox Seidman,1992 **The South as an American Problem** Larry J. Griffin,Don Harrison Doyle,1995 In this volume twelve authors take a challenging new look at the South Departing from the issue that has lately preoccupied observers of the South the region s waning cultural distinctiveness the contributors instead look at the dynamics of the region s long troubled relationship with the rest of the nation What they discover allows us all to view the current state and future course of the South as well as its link to the broader culture and polity in a new light To envision the concept of the Problem South and what it means to those within and without the region six historians have joined together with a sociologist an economist two literary scholars a legal scholar and a journalist Their essays which range in subject from the South s climate to its religious fundamentalism to its great outpouring of fiction and autobiography are the products of strong and independent minds that cut across disciplines disagree among themselves blend contemporary and historical insights and confront conventional wisdom and expedient generalities Although consensus among the contributors was never the goal of this collection some common themes do suggest themselves Above all there is not only a South defined by its geography history and society but also a mythic and metaphoric South one continually refashioned by national regional discourse trends and events In addition the South has long been a mirror in which America has viewed itself The nation has sought time and again to change the region but it has also used the South to expose and modify darker impulses of American culture Theory, Change and Southern Africa P. Vale,L. Swatuk,B. Oden,2001-06-26 As dramatic changes unfold throughout the world and the new millennium begins many in South Africa have begun to ask what next The scale and pace of change have led to a feeling of powerlessness How to cope with globalization regionalization a depleting ozone layer new diseases rampant militarization let alone unseen structures of influence and oppression like race class and gender While there is no shortage of theoretical models on offer many feel that they are inadequate for the case of Southern Africa In this book scholars of both international relations and Southern Africa present a wide variety of thoughts on the future of the reign and the place of theory in helping us to understand the bewildering array of events characterizing the late modern early twenty first century world This book marks a call to theory if Southern Africans are to overcome the divisive legacy of the past and to move toward a more prosperous and sustainable collective future theory must be placed at the centre of everyday life For it is our understanding of the world that shapes both it and us Rural Development Perspectives ,1987-10 Democratic Transition and Consolidation in Southern Europe, Latin America and Southeast Asia Diane Ethier,2016-07-27 The breakdown of authoritarian regimes in Greece Spain and Portugal in the mid 70s was the

beginning of a new cycle of democratization at the world scale The 1980s have seen the emergence of formal constitutional democracies in many countries especially in Latin America and Southeast Asia This book analyses in a comparative perspective the causes the modalities and the prospects of these political changes in three regions Southern Europe Latin America and Southeast Asia

The Oxford Handbook of Social Psychology and Social Justice Phillip L.

Hammack,2018 The Oxford Handbook of Social Psychology and Social Justice spans cultures and disciplines to highlight critical paradigms and practices for the study of social injustice in diverse contexts This book addresses injustice along such lines as race ethnicity gender sexual identity and social class It also addresses pressing issues of globalization conflict

intervention and social policy **Resources in Education** ,2001

Southern Methodist Women and Social Justice Janet Allured,M. Kathryn Armistead,2025-04-08 This book tells the stories of nine southern Methodist women who inspired by their faith advocated for progressive reform by fighting for racial equality challenging white male supremacy and addressing class oppression Lesbians, Gays, and the Empowerment Perspective Carol T. Tully,2000-07-03 The most comprehensive

resource to date on the methods of empowerment with lesbian and gay clients this book explores the history and politics of gay identity and explains the basis and development of the empowerment approach in social work practice in the United States After analyzing the different types of homophobia individual institutional and internalized and how these are manifested in real life situations Tully addresses the special needs and issues particular to three age groups gay and lesbian youth adults and older clients The author offers practical applications for the social worker and client at the micro mezzo and macro levels from helping a teenage client to discover a personal sexual orientation micro to organizing a social event for lesbians and gays mezzo to building a community coalition macro Eye opening case studies are provided for each age group and cover everything from defining problems identifying the underlying issues causing them understanding the role of homophobia and the application of the empowerment perspective **The Struggle for Accountability** Jonathan A. Fox,L.

David Brown,1998-08-19 After a history of funding environmentally costly megaprojects the World Bank now claims that it is trying to become a leading force for sustainable development For more than a decade nongovernmental organizations NGOs and grassroots movements have formed transnational coalitions to reform the World Bank and the governments that it funds The Struggle for Accountability assesses the efforts of these groups to make the World Bank more publicly accountable The book is organized into four parts Part I describes the NGOs and grassroots movements that are the book s central focus Part II presents case studies of four projects that provoked the emergence of transnational advocacy coalitions Indonesia s Kedung Ombo dam the Mt Apo geothermal plant in the Philippines Brazil s Planaforo Amazon development project and the remarkable campaign of Ecuador s indigenous people to influence national economic policy that led to their participation in the design of a development loan Part III looks at the origins and politics of reform in four areas of broader World Bank policy the rights of indigenous peoples involuntary resettlement water resources and the World Bank s institutional reforms

that are supposed to encourage public accountability In the last section the editors discuss issues of accountability within transnational coalitions and assess the impact of advocacy campaigns on World Bank projects and policies Contributors L David Brown Jane G Covey Jonathan A Fox Andrew Gray Margaret E Keck Deborah Moore Antoinette Royo Augustinus Rumansara Leonard Sklar Kay Treakle Lori Udall David A Wirth
