John Danesh, Seena Fazel, 2004 **Exploring the Kitáb-i-Aqdas** Omid Ghaemmaghami, Shahin Vafai, 2025-01-23 The Kitáb-i-Aqdas is considered the most important and sacred text of the Bahá'í Faith a religion with some eight million adherents found in nearly every country of the world It sets out the laws teachings and institutions that shape and influence individual and collective life for members of the Bahá'í community Despite the Kitáb-i-Aqdas's significance it has not been extensively researched Exploring the Kitáb-i-Aqdas The Laws and Teachings of the Bahá'í Faith now offers a comprehensive academic study of the text This important new publication explores and analyzes the significance and history of the Kitáb-i-Aqdas its language style and translation and its theological and spiritual foundations including its conceptions of God religion and human beings The book moreover examines the Kitáb-i-Aqdas's provisions for succession interpretation and administration within the Bahá'í religion its devotional and other personal laws its ordinances for promoting unity its perspectives on justice and law and its addresses to the world's political and religious leaders Academically rigorous yet eminently clear and accessible Exploring the Kitáb-i-Aqdas is an essential read for students of religion and Middle East studies **Some Answered Questions 'Abdu'l-Bahá, 1908** **Some Answered Questions of 'Abdu'l-Bahá** 'Abd ul-Bahá ibn Bahá Ulláh, 1970 *Some Answered Questions* Laura Clifford Barney, 2016-07-22 Excerpt from Some Answered Questions Collected and Translated From the Persian of Abdu'l Baha I have given to you my tired moments were the words of Abdu'l Baha as he rose from table after answering one of my questions As it was on this day's **A Tutorial on the Dispensation of Baha'u'llah** Fazel Naghdy, 2012 Shoghi Effendi stated that the first duty and the focus of sustained efforts of every faithful follower of the Bahá'í Faith is to strive to acquire a more adequate understanding of the Revelation of Bahá'u'lláh Although a full comprehension of such a Revelation is beyond the limits of our understanding a clearer understanding of its basic truths will empower us to derive fresh inspiration and to gain further spiritual nourishment which in turn will support and maintain our services to the Cause Shoghi Effendi The World Order of Bahá'u'lláh p 100 Shoghi Effendi wrote The Dispensation of Bahá'u'lláh in 1934 in the form of a letter addressed to the Bahá'ís of the West to assist them to fulfil the obligation of deepening their understanding The letter was published together with a selection of his other letters in 1938 in the book entitled The World Order of Bahá'u'lláh The Dispensation of Bahá'u'lláh provides an accurate and clear description of the fundamental verities of the Bahá'í Faith concerning the station of its Central Figures as well as the twin crowning institutions of the Guardianship and the Universal House of Justice Grasping and upholding these verities will enrich the spiritual life of the individual This tutorial is designed to assist you in studying and assimilating the content of The Dispensation of Bahá'u'lláh It is called a tutorial to emphasize the concept underlying its development In a tutorial a tutor facilitates learning for an individual or a small group This book has been designed and developed to simulate as much as possible the tutor-tutored relationship in a self-paced personal study

The tutorial identifies the main themes covered in Shoghi Effendi's letter and splits related paragraphs into chapters. Hence the 130 paragraphs of The Dispensation of Bahá'u'lláh are apportioned for study across 27 chapters. The size and complexity of each chapter reflects the content and intricacy of the issues addressed in the paragraphs included therein. The title chosen for each chapter reflects the main theme covered in the paragraphs. In addition, two extra chapters address those questions that arose following the sudden passing of Shoghi Effendi and the lack of any lineal descendant to succeed him as the next Guardian. The first chapter explores the possible reasons that Shoghi Effendi did not leave a will nor appoint a successor. The second chapter examines the defection of Charles Mason Remey after the passing of Shoghi Effendi and his unsubstantiated claim to the Guardianship.

Bahá'í Ethics in Light of Scripture: Doctrinal fundamentals Udo Schaefer, 2007. There is a fundamental discrepancy between man as he is and man as he could be if only he recognized his true being and purpose. Ethics is the discipline by which man can understand how he can pass from the first condition to the second. Udo Schaefer's Bahá'í Ethics in Light of Scripture is an attempt to analyse the underlying structures and detect the interior architecture of the Bahá'í moral system and is a step towards developing a Bahá'í moral theology. Doctrinal Fundamentals, the first of two volumes, provides a historical overview of the Bahá'í Faith, a systematic survey of its doctrines and an overview of the origin and derivation of moral values. It considers the metaphysical nature of human beings and human responsibilities, looks at reason and conscience and explores liberty and its limits. Schaefer's second volume deals with concrete values: the virtues, divine commandments and principles of social ethics from a Bahá'í perspective.

God Speaks Again Kenneth E. Bowers, 2004. *God Speaks Again* is a comprehensive introduction to the Bahá'í Faith. Members of the Bahá'í religion believe that periodically throughout history God has revealed Himself to humanity through Divine Messengers among them Abraham, Zoroaster, Moses, Krishna, Buddha, Jesus and Muhammad, each offering fresh spiritual teachings suited for the age in which they appear. Bowers quotes extensively from Bahá'u'lláh's own writings which Bahá'is regard as the most recent Divine Revelation for humankind, providing a welcome glimpse into its power and majesty. In placing the life of Bahá'u'lláh at the center of the story, he reveals an authentically inspiring figure and the inseparable connection between a new religion and an extraordinary human being touched by His Creator.

Some people often use to say that in life we have few privileges However most of them fail to measure the greatness of simple or apparently simple things like seeing reading feeding ourselves being able to access health services education justice freedom That simple word contains what in my opinion is the greatest wealth we can possess Freedom to move think and express ourselves love and choose who we love Even destroy or destroy us This book has made me think about the exercise of freedom about the way in which the world acts and how we act in it almost without awareness of what we do about the way in which we are free to associate relate and therefore Freedom forces us paradoxically to exercise it within the limits of rationality and responsibility with ourselves and with the planet we inhabit After all we have nowhere else to go What need do we have to establish boundaries to separate ourselves more each day from the other Have we ever stopped to think about what the world would be like if we were aware that we could be one although diverse This book like almost never before has brought me to that point Dreams the place of freedom par excellence can come true if we fight for them with determination World Citizenship is a possible dream The articles chapters that make up this book guide us towards the awakening of individual and collective conscience which ultimately is what is desirable so that we can be citizens of the world a phrase that has been heard or read many times but not has been sufficiently well presented or considered This is a happy exception The social economic cultural ethnic and political aspects are addressed clearly with a language and style that makes it easy to be read and understood This is not intended to be a book of dogma but rather a proposal to begin the path towards a better future built by everyone compiling the contributions of different visions but that focuses on the Human Being in our home Planet Earth Great progress has already been seen in regional and even international intercultural political and economic agreements which are good but not so good in terms of the production distribution sale and purchase of weapons substances that in some parts are members of the cultural *acquis* and in others they are considered illegal These phenomena could well be explained from the perspective of Habermas Bauman and others even at the risk of falling into simplism and or deterministic reductionism We are all one respect for otherness is the key for freedom to be established and thus the Global Village can overcome the crises in which it is immersed many times due to failures in communication and absence of empathy the pretension of wanting to impose ideas on others to dominate through force and not with the force of reason This

is the origin of many unnecessary conflicts This text is not about proposing a unified vision of Orwell and Huxley but rather about understanding that we can be united in diversity as the Baha i principles clearly state to cite a current of thought It is in the communication where we have the best tool to forge a global society where we can agree on the common goals of the survival and preservation of our habitat with all that this implies We have used it efficiently and we have succeeded Or we have almost achieved it The creation of blocs such as the European Community Mercosur the Arab League and others has made it possible to bring together communities similar in thought and interests and thus become stronger to negotiate assert their rights and defend themselves against possible attacks However will it be possible that all groupings can ever be governed by a global control body Any reader who approaches the text will soon find themselves reflecting on themselves and what they can contribute to improve from within and towards the environment analyzing concepts such as Globalization and Worlding It is like a ticket to the world of self and collective consciousness allowing you to finally answer whether global citizenship is a possible dream and if you believe so set yourself the task of making it a reality This book does not pretend to be the last word on the issues raised but it does show us a possible roadmap and as a conscious reader I feel obliged to reflect on what I have read what I have learned what I can put into practice to make the world a better place if not already for me for generations to come

Rethinking Humanitarian Intervention Brian D. Lepard, 2015-08-26 Few foreign policy issues in the past decade have elicited as much controversy as the use of military force for humanitarian purposes In this book Brian Lepard offers a new method for analyzing humanitarian intervention that seeks to resolve conflicts among legal norms by identifying ethical principles embedded in the UN Charter and international law and relating them to a pivotal principle of unity in diversity A special feature of the book which avoids the charge of ethnocentricity brought against other approaches is that Lepard shows how passages from the revered texts of seven world religions may be interpreted as supporting these ethical principles In connecting law with ethics and religion in this way he takes a major step forward in the effort to formulate a normative basis for international law in our multicultural world
