Some Mothers Sons

Edward Adam Strecker

Some Mothers Sons:

Some Mother's Son Terry George, Jim Sheridan, 1996 In 1980 and 1981 imprisoned Irish Nationalists embarked on a hunger strike to protest Margaret Thatcher's British government Empowered by their belief that they were prisoners of war rather than convicted criminals the young men refused to wear prisoners uniforms and began a hunger strike to protest their status both in prison and in terror stricken Northern Ireland Led by Bobby Sands who was elected to Parliament while on strike in jail and supported by the firepower of the IRA the prisoners endured a grueling test of faith and will *Some Mother's Son* tells their story through the shared experience of two mothers one a strident nationalist the other a pacifist who must come to terms with the political beliefs that may take their sons lives *Mothers, Sons, and Lovers* Michael Gurian, 1993-11-23 Through exercises and guided meditations the author provides the means to uncover the influence of the primal bond between a man and his mother and to facilitate healing there as well as in marriage parenthood friendship and all other relationships of love *Breaking the Mother-Son Dynamic* John Lee, 2015-08-04 Therapists and the general public are familiar with the terms s mothering helicopter moms and boomerang sons because they have been popularized in films like *Monster in Law* *Cyrus* and *Failure to Launch* but what makes for humorous fodder onscreen depicts a troubling issue that s being played out for real in therapists offices bedrooms and divorce courts across the nation an epidemic of men who are enmeshed in unhealthy energy sucking and emasculating relationships with their mothers Even though these men are grown and living away from Mom her influence has left them unable to fully commit or to fully love and they are plagued with anger issues indecisiveness depression or toxic stress In *Breaking the Mother Son Dynamic* John Lee takes an eye opening look at how a mother s love or lack thereof impacts a son s life choices and life partner or lovers Perhaps you are one of these men or maybe you recognize these behaviors in the man you love Do you hold back swallow or bottle up things you wish you could say to your mother for fear it would upset or kill her Did you grow up hearing negative things about men masculinity being a male and how you shouldn t be like the rest of them Does your mother or did she fail to respect your boundaries as a child adolescent or adult Does your mother keep referring to you as her baby or her little boy even after you became an adult If you answered yes to any of these questions you may be caught in an unhealthy mother son dynamic that is negatively affecting key areas of your life Several years ago John Lee wrote what came to be the most authoritative book on why men run from relationships *The Flying Boy Healing the Wounded Man* Here he visits the mother son relationship and gently but assertively shows men how to separate from the mother energy that has a massive pull on their hearts and souls no matter how young or old they may be In a work that is a combination of memoir self help psychology recovery and personal growth he discovers why a relationship of 50/50 responsibility doesn t work and what does work how men can stop sonning mothers lovers and wives why one must learn his or her own rhythm of closeness how to be really present to those we love and to life itself and much much more Using case studies personal stories and assessments the book helps men release any anger and

grief toward their mothers and teaches them how to take responsibility for their adult selves most importantly Lee provides an understanding of what healthy adults should and shouldn't expect from each other Lee shows wives and girlfriends how to stop being their man's surrogate mother and shows well-meaning mothers how certain behaviors may perpetuate an unhealthy cycle and how to better relate to their sons in healthier ways By helping mothers and sons identify this dynamic and providing them with the tools to dismantle it this book will change lives For anyone who is ready to make a clean clear and guilt free separation from the kind of smothering and sonning that just hasn't worked John Lee will show them the way

Their Mothers' Sons Edward Adam Strecker,1946 **Youth Knowledge Development Report** ,1980 Friendly Relations? Pamela Cotterill,2005-08-16 Power relationships between men and women have been discussed extensively in feminist literature but power relationships between women the significance of in law relationships between women has largely been overlooked There is very little positive imagery surrounding the role of the mother in law Why do myths about interfering mothers in law predominate Why are mother in law relationships seen as fraught with conflict and not expected to go well What gives rise to these ideas how are they maintained and how do they effect family life Friendly Relations examines the popular imagery expressed in mother in law jokes and demonstrates how daughters in law come to hold the balance of power in the relationship and are able to control it in ways not available to mothers in law The book explores how these relationships are supported and maintained within the context of private and public Notions Family Life It Traces The Development Of The Relationship through the life course demonstrating the influence of significant events such as divorce cohabitation grandparenting ageing and widowhood The book tackles areas of private life which are often Difficult To Talk About And Negative Emotions Such As Jealousy And possessiveness However the author refutes the idea that the relationship is always fraught with tension and conflict and examines opportunities for friendship and support in affinal women

Mothers of Heroes, Mothers of Martyrs Suzanne Evans,2007-02-09 Suzanne Evans finds commonalities between the many images of war mothers the Canadian Silver Cross mother the ancient Jewish Maccabean mother of seven martyred sons the mother of a Palestinian suicide bomber She compares the lore about mothers of martyrs in the Judeo Christian Muslim and Sikh traditions with stories of World War I Canadian mothers who were depicted in the media as having sacrificed their sons for the sake of civilization justice freedom and God After the war these mothers were honoured with the Silver Cross medal Evans argues that like the mothers of past martyrs the image of the war supportive mother in Canada had a powerful influence over public opinion and drew supporters to the cause *Scientific Controversies* H. Tristram Engelhardt, Jr.,Arthur L. Caplan,1987-04-24 This collection of essays examines the ways in which disputes and controversies about the application of scientific knowledge are resolved Four concrete examples of public controversy are considered in detail the efficacy of Laetrile the classification of homosexuality as a disease the setting of safety standards in the workplace and the utility of nuclear energy as a source of power The essays in this volume show that debates about these cases are not confined

to matters of empirical fact Rather as is seen with most scientific and technical controversies they focus on and are structured by complex ethical economic and political interests Drs Engelhardt and Caplan have brought together a distinguished group of scholars from the sciences and humanities who sketch a theory of scientific controversy and attempt to provide recommendations about the ways in which both scientists and the public ought to seek more informed resolutions of highly contentious issues in science and technology Scientific Controversies is offered as a contribution to the better understanding of the roles of both science and nonscientific interests in disputes and controversies pertaining to science and technology

Humanism, Venice, and Women Margaret L. King, 2023-05-31 Originally published between 1975 and 2003 the essays included in *Humanism Venice and Women* reflect Margaret L King's distinct but interlocking scholarly interests humanism and Venice women and humanism and women of the Italian Renaissance The first part focuses on defining the key characteristics of Venetian as opposed to other Italian humanisms with an analysis of Gramscian theory about the historical role of intellectuals as an aid to understanding humanism in Venice followed by essays on three Venetian humanists who wrote about family relationships or the need to avoid them The third section introduces the major Renaissance women humanists and analyzes the relation of their work to that of male humanists along with an essay on Renaissance mothers of sons in Italy and beyond Crossing boundaries of region and gender and the subdisciplines of intellectual and social history these essays are provocative in themselves while demonstrating how shifting historiographical contexts encourage scholars to view the historical record in new and fruitful ways

Son of Mary Margaret Wesley,2015-08-13 Son of Mary offers new solutions to some persistent exegetical problems in the interpretation of three of the most puzzling passages in the Gospel of John and does so in a way that illuminates the social cultural context to the New Testament world Old Testament resonances are heard here afresh The miracle at Cana is seen in the light of God s people living without the wine of God s blessing and Jesus interaction with his brothers is placed alongside the story of Joseph Margaret Wesley explores the world of kinship relationships in First Century Palestine discovering how an understanding of family expectations and obligations can illuminate Jesus words and actions and guide our relationships within the church as sisters and brothers of one another and as daughters and sons of God The life death and resurrection of Jesus are understood in a fresh way as the creation of a new family Margaret demonstrates a mastery of current research while drawing on a wide range of primary patristic sources She shows a respectful yet firm and assertive spirit when dealing with controversy Northern Ireland after the troubles Colin Coulter,Michael Murray,2013-01-18 In the

last generation Northern Ireland has undergone a tortuous yet remarkable process of social and political change This collection of essays aims to capture the complex and shifting realities of a society in the process of transition from war to peace The book brings together commentators from a range of academic backgrounds and political perspectives As well as focusing upon those political divisions and disputes that are most readily associated with Northern Ireland it provides a rather broader focus than is conventionally found in books on the region It examines the cultural identities and cultural practices that are essential to the formation and understanding of Northern Irish society but are neglected in academic analyses of the six counties While the contributors often approach issues from rather different angles they share a common conviction of the need to challenge the self serving simplifications and choreographed optimism that frequently define both official discourse and media commentary on Northern Ireland Taken together the essays offer a comprehensive and critical account of a troubled society in the throes of change **Gay, Straight, and the Reason Why** Simon LeVay,2010-09-30

What causes a child to grow up gay or straight In this book neuroscientist Simon LeVay summarizes a wealth of scientific evidence that points to one inescapable conclusion Sexual orientation results primarily from an interaction between genes sex hormones and the cells of the developing body and brain LeVay helped create this field in 1991 with a much publicized study in Science where he reported on a difference in the brain structure between gay and straight men Since then an entire scientific discipline has sprung up around the quest for a biological explanation of sexual orientation In this book LeVay provides a clear explanation of where the science stands today taking the reader on a whirlwind tour of laboratories that

specialize in genetics endocrinology neuroscience cognitive psychology evolutionary psychology and family demographics He describes for instance how researchers have manipulated the sex hormone levels of animals during development causing them to mate preferentially with animals of their own gender LeVay also reports on the prevalence of homosexual behavior among wild animals ranging from Graylag geese to the Bonobo chimpanzee Although many details remain unresolved the general conclusion is quite clear A person's sexual orientation arises in large part from biological processes that are already underway before birth LeVay also makes it clear that these lines of research have a lot of potential because far from seeking to discover what went wrong in the lives of gay people attempting to develop cures for homosexuality or returning to traditional explanations that center on parent child relationships various forms of training or early sexual experiences our modern scientists are increasingly seeing sexual variety as something to be valued celebrated and welcomed into society
