Someone Right For You:

Someone Right for You Edward A. Dreyfus, Edward A Dreyfus, Dr, PhD, Dr Edward a Dreyfus Ph D, 2010-12-16 I am constantly hearing the lament Where have all the good men women gone The way people talk you would think that mates were an extinct species In this book I will be discussing the issue of mate selection in human beings and ways in which you can increase the odds of finding a compatible mate You do not have to be alone and there is more than one partner for you if you are willing to change your attitudes and put in a little effort You must give up certain myths time honored beliefs and begin to take charge of your romantic life Romance is no different from any other aspect of your life It requires that you take the responsibility for making it happen Your perfect partner is not going to materialize out of thin air and appear in your living room You must develop a plan of action and then act upon it Many folks are very sincere about their desires to be involved with another person but are not committed to making it happen Sincerity is an attitude while commitment is an action Sincerity without action does not make anything happen Let s take a critical look at some common myths about romance Myth 1 Luck is the essence of romance Luck has very little to do with romance other than to maintain the illusion that we are helpless pawns in the game of love Most folks engage in their search for a partner and then hope for the best These people have no expectation of winning Many people approach romance in the same way that they approach a gambling table in Las Vegas They put their dollar on the crap table roll the dice and pray Professional gamblers however do everything in their power to increase the odds in their favor In addition professional lovers do everything in their power to increase their possibilities of meeting the person of their dreams People tend to pray wish hope and dream about finding their ideal mate but they seldom develop a strategy or plan of action They spend more time and energy planning a dinner party than the most important human relationship of their lives Myth 2 Marriages are made in heaven This myth is similar to the first one in that it assumes that relationships are preordained out of the hands of ordinary mortals It assumes that we do not have any control over the mates we end up with and that we must settle for those relationships in which we which we find ourselves involved Human beings make choices Many of them are poor choices Myth 3 There is only one partner that is perfect for each of us If this were the case then it would not be possible for people to have happiness in a marriage after the death of a spouse Clearly since people do indeed find happiness in second and even third marriages there is more than one potential mate available for each of us Our job is to increase the probabilities of finding those potential partners In order to find these potential mates we must develop a strategy Just as there is more than one house that we can fall in love with there is more than one potential mate If we increase the pool of available partners we can then fall in love with any one of them The trick is to set up our criteria take appropriate actions and then allow for nature to take its course Romance and love at first sight are integral to our fantasies about mate selection We love to hear stories about how people fall in love We love the notion of two people gazing across a crowded room eyes meeting and love is in bloom More often than not these people are in lust not love

However this is not to say that this cannot happen However it is unlikely More often love grows between two people who have a common connection It is the common connections that bind us love then blooms in the soil of mutual interest mutual respect and friendship What my strategy will do is increase the odds of this happening **Words of an Anomaly** Ian Anomoly,2011-05-09 Words of an Anomaly is a poetry book designed to help people out in many social situations in life The author Ian SB the Anomoly Hwang says I try to write the words that our hearts keep silent I feel people will like this book because its meant for the average person that goes through the same situations we all endure In every poem I express my self freely and openly without worrying about appearing vulnerable or narrow minded My honesty is the key element in my writing The book contains poems about love financial struggles hypocrisy deceitful friends and how to make better decisions toward your happiness There are also some pieces that are just meant to get your creative juices flowing The author says even though Im focused on recording music and dancing I wanted to create this book to help others experiencing certain dilemmas I mention in my writing Also I wanted to bring a smile to peoples faces The poems in this book deliver a very intriguing perspective on various issues that transpire today Every written work is composed of witty metaphors vivid imagery heartfelt sincerity and innovative ideals that truly explain why these are words of an anomaly *Pride and Joy* M.L.
