Something Stirs:

Something's Watching Charles L. Grant, 2017-02-03 BEWARE OF MIDNIGHT PLACE At first it seems like an ordinary street in an ordinary neighborhood But kids sense there s something different about Midnight Place It s nothing tangible just an eerie sensation that won t go away Walk down the street a street like Midnight Place and all too soon the terror is real Fifteen year old Tara Fraiser is scared Lately it seems that everyone she is close to has been the victim of a mugging The victims never see their attacker but strangely enough they all remember the eerie tune he whistles What scares Tara even more is that she recognizes the tune her dad had mesmerized her as a child with tales of an evil whistling monster named Old Beithir Tara is afraid that she s next How can she protect herself from this evil creature , **What's Prayer Got to Do with It?** Beth Armstrong, 2008-11 *Fragments of Wonder* Hans R. Devos, 2018-11-22 The world is endlessly fascinating These works offer a commentary on the ironies twists humour and despair but more importantly on the sheer wonder of living They are about artists religion other poets the aging process about nature and our place within it And that place is every place These observations use language to deepen understanding of the self and our interactions with our varied environments In this poetry parallels all the arts in bringing enjoyment and purpose to life These poems should be read with the book in one hand and a glass of wine in the other These poems are borne out of an insatiable curiosity about everything They give shape to one person s encounters with people books landscapes music science and so on Although there are references to the darkest emotions this book is a celebration Everything enriches experience The intention is to reveal the extraordinary within the ordinary and occasionally to amuse the reader as well Each poem may only be a fragment a piece of the continuing activities of the fullness of living but they add up to reveal a mirror in which all of us are reflected and become more complete These poems not only sharpen the surface of reality but deepen the inner life that supports it as well

Algiros,2025-06-11 Long after the storm swallowed Seamus s trail and the tides stitched shut the paths he once walked another stood where shadow and moonlight meet A place not marked on any map not whispered in any prayer Where the veil is thinnest Where memory becomes myth and myth becomes prophecy A hare golden as the last light of a dying sun bound by threads unseen The last glimmer of a dying line The final syllable in a verse the world has tried to forget Kaiven O Hare bearer of forgotten hopes knelt at the edge of two worlds his heart still beating though the shadow had touched him He should not have survived The game was not meant to spare pieces so marked And yet something ancient watched and something older still waited Beneath the crown where silence weeps A fallen star a promise keeps The key was lost the gate half sealed Yet in his blood the past revealed There are doors that open only for the broken There are truths only the lost can find The Shadowed Crown did not cast him down no it did something far more dangerous It spared him And mercy when granted by the dark is seldom given freely Through shattered runes the whispers creep Through broken dreams the lost ones sleep A soul unclaimed a debt still owed A path unwritten yet foretold Some call it fate Others folly But the wind carries names older than destiny and Kaiven s is among them The grip of darkness loosened the verdict unwritten A mercy or a deeper snare The winds do not say The world has shifted The moon leans closer The stars have begun to speak again in tongues carved from silver and storm And somewhere in the forgotten wilds of Cirtalis the old magic wakes restless and unkind In the hush between heartbeats the mist stirred A crown unclaimed a door unopened And Kaiven a wanderer stitched in gold drifted between fate s trembling fingers There are threads that defy cutting just as there are stories that refuse to end The storm has stilled but the game is not done Not while the board is still laid Not while one piece yet moves The compass hums faintly the runes sleep restlessly and the path yet waits for its seeker And the seeker still bleeding still breathing still burdened with stars takes one step forward Listen now dreamer Not all who fall are broken Not all who are spared are free There are chains made not of iron but of memory There are prisons shaped like mercy The tale once Seamus s now unfurls anew a weave tighter darker keener to the touch Every knot within it tightens Every choice made echoes louder than the last Kaiven last hope of Duskmoore s old blood carries the weight of a riddle yet unsolved When mercy wears a crown of shadows What price must be paid to walk the path of light When the shadow grants a borrowed breath Is it life or only a slower death There is an old saying among the Moon s Glow Even the brightest flame must cast a shadow Even the truest heart must be weighed Above him unseen the stars lean closer as if to hear the next move Below the sea murmurs secrets still left to drown And somewhere between breath and silence the old winds whisper The seeker is not lost The crown is not yet won The story

has not ended it has only just begun The Game of the Shadowed Crown has begun anew The storm sleeps but it dreams with open eyes And those who dream beneath it are not untouched So turn the page traveler The storm sleeps for now but the dream oh the dream is wide awake So stay your breath dear reader I have a story for you A thread lost to the world but not to me I think I know where Kaiven drifts and if you have the courage I ll take you there to the place between the last sigh and the first dawn Wait with me for the hour when even dreams dare not speak his name And remember Some tales are not told They are remembered And Kaiven s is one the world tried to forget But you dreamer You were meant to find it **Tolstoy's Major Fiction** Edward Wasiolek, 1978 Edward Wasiolek after much valuable work on Dostoevsky has now written one of the best books on Tolstoy in recent decades This may be in part because of his preoccupation with Tolstoy s most challenging contemporary and the resulting sense of their unlikeness in a common pursuit But there are other unspeculative reasons Few studies of Tolstoy have been so carefully pondered and so firmly organized to convince and not so many show the flexibility and variety of its approach Wasiolek proposes an essentially simple and consistent reading but he advances it with subtlety and discretion Henry Gifford Times Literary Supplement
