Tuscany to a rural village in the UK to the glittering streets of Paris in search of the truth he has no idea that his salvation may lie with a young sheriff's deputy in Kansas working her first case and a mobster in Philadelphia who's experienced tragedy of his own. In classic Alex Finlay form *If Something Happens to Me* is told by several distinct compelling characters whose paths intersect detonating into a story of twist after pulse pounding twist. The novel cements Finlay as one of the leading thriller writers today. ...*Then Something Happened* D. Jensen, 2001-06-14. It was a stormy Saturday night and detective Messina just wanted to go home. He didn't anticipate questioning two drenching wet boys about what they saw. He never asked to pull three bodies from a Houston bayou. And he most certainly never wanted to see pictures of himself posted on a Houston web page with would be hints and clues about what's going on. That Saturday night Messina was only interested in going home. *Then Something Happened*. Set in the diverse backdrop of Houston Texas it's a story that shows both sides of the horrors of teen violence and Messina must wade through it all to find out what happened and more importantly why.

**Something Happened: A Collection** Christopher Tait, 2019-01-04. *SOMETHING HAPPENED* is a collection of stories: 11 short stories, 1 poem, 1 novella and 1 one act play filled with ghosts, aliens, serial killers and vampires along with that age old purveyor of terror the human mind. The stories in this collection feature a man whose mind drives him to extreme lengths just to have someone to talk to, a young man's journey from answering a plea for help from a stranger to becoming part of a much bigger drama, a centuries old vampire's encounter with the most notorious serial killer in history, a female contractor killer's dilemma over her next assignment, a 12 year old boy's bike ride down a notoriously haunted alley and a young woman whose avid interest in aliens and UFO lore leads her unknowingly into a dangerous situation. These stories along with the others in this collection are sure to have readers avidly turning their pages to find out what's going to happen in the next story and if the characters will get out alive in the end.

*The Threat* David M. Jacobs, 2012-12-11. After fifty years of widespread speculation about UFOs and abductions by aliens, a distinguished historian and UFO researcher presents the first evidence based explanation of alien intentions. Based on over thirty years of personal research, Professor Jacobs exposes the aliens' profoundly alarming agenda to create a breed of alien

human hybrids who will eventually colonise and control Earth He explains why aliens are here what they want and why their agenda has been kept secret In doing so he presents a disturbing picture of a profoundly changed future in which humans will be relegated to inferior status This incredible story is all the more remarkable because every account of an alien abduction is thoroughly documented and is corroborated by independent testimony This book answers in astonishing depth some of the most important questions about the UFO phenomenon that researchers have been asking since the beginning of the controversy *Something Happens* Antoinette Martins,2009-11-30 New York Teachers' Monographs ,1917
