Bret Harte

Somewhere Out In The West:

WWIII: Darpa Alpha Ian Slater, 2007-06-26 In a bold and devastating move against the United States terrorists have hijacked Project Darpa Alpha classified advanced technology that can transform rifle rounds into tank crushers The White House is stunned at the magnitude of the assault General Douglas Freeman has already tried and failed to stop the enemy from transporting Darpa Alpha off U S soil Now he s about to get his second and last chance U S intelligence has traced the theft to a terrifying military state within a state on the Sino Russian border Moscow is willing to turn a blind eye to a retaliatory U S assault and the president has the perfect hero or the perfect scapegoat in Freeman With 1 400 marines on the edge of an eerie forbidding landscape Freeman has a career to redeem and an enemy to defeat But the bad guys have the means and motivation to turn Freeman s lightning strike into an icy swamp of death with a terrible new world order waiting on the other side of war

Curtis L. Hayes,2013-06-05 Would you believe that several years ago my life was completely devastated to the point of giving up all hope That is when God s grace and mercy inspired me to turn the terrible catastrophe into an opportunity to write *Life Still Goes On* an exciting thrilling incredible fascinatingly extra ordinary unbelievable story of my life A father grandfather and great grandfather my experiences as a former public school teacher a former pastor in the United Methodist Church a former missionary with the Sudan Interior Mission in Liberia West Africa and a former substitute teacher with the Roswell Independent School District will be included in this book I have to laugh sometimes because my life has been like the rides at an amusement park up and down and up and down and around and around as *Life Still Goes On* by Curtis L Hayes I purchased a coffee cup in the thrift store for 10 cents and this is what it said CURTIS A likeable fellow Many favors he s done Patience his virtue The courteous one John Piatt I have never met Mr Piatt but he summarized my life up pretty good Like an eagle that soars high and swoops down low to catch an animal My life seems to have been much like that Up and down back and forth round and round I would go I loved the roller coaster the most At 81 years of age I am still enjoying the rides God inspired and allowed me to write the remarkable autobiography *Life Still Goes On* by Curtis L Hayes Just Call Me Stanley
Alec Chumley,2000-12 This credible biologically possible fantasy follows the education of a small multi colored English speaking hippo like creature which is befriended by an American family with twin children who live on an island in the Canadian Pacific Northwest Concealing it from the authorities they try to find out what it is where it came from why it is colored and how it can talk with the help first of a vet and subsequently a zoologist Meanwhile with help from the children the creature s education has proceeded apace After it becomes computer literate with a special mouse and learns to play chess the full extent of its incredible intelligence becomes apparent Worried that the Agriculture Department has become suspicious they arrange for a successful outing with the help of a broadcaster setting up a Scientific Foundation to study the animal under government auspices The Foundation starts to work to try and discover the mechanism for the animals incredible intelligence and fast learning ability only to encounter violence from religious fundamentalists who believe that the it must be a creature of the devil **The Oklahoma Kid** Kenneth Orr,2011-04 If you like to read about early western history and at the same time read about the real people who were making it happen this is the right book for you This fictional story is a combination of many stories that were told to me by residents of east central Oklahoma during the years I lived there It covers law enforcement selling whiskey Indians love and family circus tent preachers medicine men and the oil company s takeover of much of Oklahoma s natural assets It is also about how society was reacting to the trials and problems of the common man You will need to put yourself back int history and forget modern day events to enjoy reading this book As

you read you will soon find that you are identifying the same kinds of events that happened then with similar events that happen everyday in our current world It is a fact history does repeat itself The only differences are the people and the more modern way things are being done today My first two books were centered on Texas This one was just waiting inside my head to jump out I wanted to tell a tale of the early days in the wonderful state of Oklahoma The West as we refer to our country today was based on several states and the extremes found in all of the areas I hope you enjoy reading this book as much as I enjoyed writing it
