**The Experience of Poetry** Derek Attridge, 2019-02-14 Was the experience of poetry or a cultural practice we now call poetry continuously available across the two and a half millennia from the composition of the Homeric epics to the publication of Ben Jonson's Works and the death of Shakespeare in 1616 How did the pleasure afforded by the crafting of language into memorable and moving rhythmic forms play a part in the lives of hearers and readers in Ancient Greece and Rome Europe during Late Antiquity and the Middle Ages and Britain during the Renaissance In tackling these questions this book first examines the evidence for the performance of the Iliad and the Odyssey and of Ancient Greek lyric poetry the impact of the invention of writing on Alexandrian verse the performances of poetry that characterized Ancient Rome and the private and public venues for poetic experience in Late Antiquity It moves on to deal with medieval verse exploring the oral traditions that spread across Europe in the vernacular languages the place of manuscript transmission the shift from roll to codex and from papyrus to parchment and the changing audiences for poetry A final part investigates the experience of poetry in the English Renaissance from the manuscript verse of Henry VIII's court to the anthologies and collections of the late Elizabethan era Among the topics considered in this part are the importance of the printed page the continuing significance of manuscript circulation the performance of poetry in pageants and progresses and the appearance of poets on the Elizabethan stage In tracking both continuity and change across these many centuries the book throws fresh light on the role and importance of poetry in western culture

A Short Media History of English Literature Ingo Berensmeyer, 2022-08-01 This book explores the history of literature as a history of changing media and modes of communication from manuscript to print from the codex to the computer and from paper to digital platforms It argues that literature has evolved and continues to evolve in sync with material forms and formats that engage our senses in multiple ways Because literary experiences are embedded in and enabled by media the book focuses on literature as a changing combination of material and immaterial features The principal agents of this history are no longer genres authors and texts but configurations of media and technologies In telling the story of these combinations from prehistory to the present Ingo Berensmeyer distinguishes

between three successive dominants of media usage that have shaped literary history performance representation and connection Using English literature as a test case for a long view of media history this book combines an unusual bird's eye view across periods with illuminating readings of key texts It will prove an invaluable resource for teaching and for independent study in English or comparative literature and media studies      **Medieval Oral Literature** Karl

as the construction and invention of Anglo Saxon in and by nineteenth century poetry Fossil Poetry takes its title from a famous passage on early language in the essays of Ralph Waldo Emerson and uses the metaphor of the fossil to contextualize poetic Anglo Saxonism within the developments that had been taking place in the fields of geology palaeontology and the evolutionary life sciences since James Hutton's apprehension of deep time in his 1788 *Theory of the Earth* Fossil Poetry argues that two roughly consecutive phases of poetic Anglo Saxonism took place over the course of the nineteenth century firstly a phase of constant roots whereby Anglo Saxon is constructed to resemble and so to legitimize a tradition of English Romanticism conceived as essential and unchanging secondly a phase in which the strangeness of many of the extinct philological forms of early English is acknowledged and becomes concurrent with a desire to recover and recuperate the fossils of Anglo Saxon within contemporary English poetry The volume advances new readings of work by a variety of poets including Walter Scott Henry Longfellow William Wordsworth William Barnes Walt Whitman Ralph Waldo Emerson William Morris Alfred Tennyson and Gerard Hopkins
