Song Of Saigon

David Ewing Ott

Song Of Saigon:

Song of Saigon Anh Vu Sawyer, Pam Proctor, 2003 The author describes growing up in the shadow of the Vietnam War the struggle to survive amid the chaos of the fall of Saigon and its aftermath her escape to freedom and her return to Vietnam on a personal humanitarian mission Songs of the Vietnam Conflict James E. Perone, 2001-08-30 Offering the widest scope of any study of one of popular music's most important eras *Songs of the Vietnam Conflict* treats both anti war and pro government songs of the 1960s and early 1970s from widely known selections such as Give Peace a Chance and Blowin in the Wind to a variety of more obscure works These are songs that permeated the culture through both recordings and performances at political gatherings and concerts alike and James Perone explores the complex relationship between music and the society in which it is written This music is not merely an indicator of the development of the American popular song it both reflected and shaped the attitudes of all who were exposed to it Whereas in previous wars musicians rallied behind the government in the way of Aaron Copland and Samuel Barber the Vietnam conflict provoked anger frustration and rage all of which comes through in the songs of the time This reference work provides indispensable coverage of this phenomenon in chapters devoted to Anti War Songs Pro Government Songs and what might be called Plight of the Soldier or Veteran songs A selected discography guides the reader to the most notable recordings all of which together provide a unique and important perspective on perhaps the 20th century's most contentious time Republic of Vietnam Walter Frank Choinski, 1961

Rubble is the tale of two cities in Ho Chi Minh City It is the story of two planned mixed use residential and commercial developments that are changing the face of Vietnam s largest city Since the early 1990s such developments have been steadily reorganizing urban landscapes across the country For many Vietnamese they are a symbol of the country s emergence into global modernity and of post socialist economic reforms However they are also sites of great contestation sparking land disputes and controversies over how to compensate evicted residents In this penetrating ethnography Erik Harms vividly portrays the human costs of urban reorganization as he explores the complex and sometimes contradictory experiences of individuals grappling with the forces of privatization in a socialist country *An Giang Province, Viet-Nam Resources Inventory* United States.
