## **The Handbook on Coaching Perfection**

Wes Neal,1976 **The Spirit of the Game** Paul Emory Putz,Assistant Director Truett Seminary's Faith & Sports Institute

Paul Emory Putz,2024-10-02 Displays of religious faith have become commonplace on America s baseball diamonds basketball courts football fields and beyond How did religion become so entwined with big time sports in America The Spirit of the Game provides the answer to this question by offering a sweeping history of the Christian athlete movement in the United States and its impact on American religion and the religion of sports **An Unholy Alliance** Robert J. Higgs,Michael Braswell,2004 An Unholy Alliance offers a dissenting view to the claim by a growing number of scholars that Sports are a new religion The last few years have seen a spate of books that might be classified by a genre called Sports Apologetics that is arguments defending or celebrating in one way or another the familiar and ongoing alliance in America between sports and religion Recently claims have been made by scholars that sports are an authentic religion in and of themselves They make this startling assertion not by showing connections with the teachings of Buddha Jesus Mohammed or Moses but by parallels between the rites of modern games and those of preliterate man that were religious in nature because they were designed to propitiate powers and to ward off evil for the tribes employing them In this evocative book Higgs and Braswell suggest that while sports may often be good things they are not inherently divine They do not focus on wide spread abuse in sports as evidence for their counterargument Rather they question the use of mythological parallels from prehistory as justification for viewing sports as a religion **Playing for God** Annie Blazer,2015-07-24 When sports ministry first

emerged in the 1950s and 1960s its founders imagined male celebrity athletes as powerful salespeople who could deliver a message of Christian strength If athletes can endorse shaving cream razor blades and cigarettes surely they can endorse the Lord too reasoned Fellowship of Christian Athletes founder Don McClanen But combining evangelicalism and sport did much more than serve as an advertisement for religion it gave athletes the opportunity to think about the embodied experiences of sport as a way to experience intimate connection with the divine As sports ministry developed it focused on individual religious experiences and downplayed celebrity sales power opening the door for female Christian athletes to join and eventually dominate sports ministry Today women are the majority of participants in sports ministry in the United States In *Playing for God* Annie Blazer offers an exploration of the history and religious lives of Christian athletes showing that evangelical engagement with popular culture can carry unintended consequences When sport became an avenue for embodied worship it forced a reckoning with evangelical teachings about the body Female Christian athletes increasingly turned to their own bodies to understand their religious identity and in so doing came to question evangelical mainstays on gender and sexuality What was once a male dominated masculinist project of sports engagement became a female dominated movement that challenged evangelical ideas on femininity marriage hierarchy and the sinfulness of homosexuality Though evangelicalism has not changed sporting culture for those involved in sports ministry sport has changed evangelicalism

**Sports and Christianity** Nick J. Watson, Andrew Parker, 2013 This interdisciplinary text examines the sports Christianity interface from Protestant and Catholic perspectives In addition to a systematic review of literature field pioneering contributors such as Michael Novak Shirl Hoffman Joseph Price and Robert Higgs address a wide range of topics from the sporting world including biblical athletic metaphors disability evangelism professionalism and celebrity humility and pride genetic enhancement technologies stereotypes sport as art and British and American historical analyses of sport and Christianity Insightful chapters from Scott Kretchmar one of the world's leading philosophers of sport and Father Kevin Lixey the head of the Vatican's Church and Sport office 2004 add further depth and breadth to this book making it accessible and interesting to academic and practitioner audiences alike Within the context of this relatively new and rapidly expanding area of inquiry this collection provides a unique and important addition to the current literature for both undergraduate and postgraduate students and serves as a point of reference for scholars of theology and religious studies psychology health studies ethics and sports studies The book may also be of interest to physical educators and sports coaches who wish to adopt a more holistic and ethical approach to their work As modern sport is often intertwined with commercial and political agendas this book offers an important corrective to the win at all costs culture of modern sport which cannot be fully understood through secular ethical inquiry *Early Christian Witnesses*, 2022-11-20 The articles and talks included in this collection cover fifty years of theological engagement the primary focus being on education for ministry in Australia and abroad Despite the diversity of topics such as hermeneutics New Testament theology preaching ecumenical relations and

early church history there is a connecting concern to listen to the unique voices of early Christian witnesses as foundational for the faith and the apostolic claims of the church in its present day witness The publication of these essays has been suggested for some time Despite my reluctance to reissue articles written over a period of more than five decades I have relented in the hope that there will be enough to engage the interest of a variety of readers and not only former students in seminaries and theological colleges in Australia and various places overseas Included here are mainly articles written specifically for publication in journals but also lectures and talks to various groups of clergy lay people and theological students Of prime concern has always been the explication of the Christian faith according to its earliest witnesses in the early church of apostles and martyrs Faith remains attested and lived approved not proven *The Handbook On Coaching Perfection* Wes Neal, 2024-06-05 Biblical principles applied to sports in Training Performance Conduct and relationships on and off the field or court Wes Neal will challenge you to consider Your own motivation in athletics God's perspective on winning and losing The motivational force of love Ideal for Club sports teams and church leagues Physical education programs in Christian high schools colleges and camps The Christian athlete amateur or professional in training for any sport For many years The Handbooks on Athletic and Coaching Perfection have been a staple in the Nebraska FCA curriculum for huddles and camps Wes himself has helped our staff not only teach the principles but also learn to create practical applications on the field of play I wholeheartedly encourage everyone who wants to compete for Christ to read this book Chris Bubak FCA Midwest Region Vice President Wes Neal has been consulting with sport coaches and business leaders for over fifty years He is considered the pioneer in implementing biblical principles into the competitive sports world all based on the life and teachings of Jesus He is a seminary graduate was the field director for Athletes in Action a ministry of Campus Crusade for Christ is a featured speaker for the Fellowship of Christian Athletes and taught for 12 years at Kanakuk Kamp in Branson Missouri He currently lives with his wife Peggy in central Ohio They have two grown daughters and six grandchildren

**The Competitive Mind** Gordon Kainer, 2012-02-24 Do you have questions about competition Is anything wrong in having a competitive mind Why is competition like competitive sports so controversial Is competition only about success or failure What's the difference between being competitive and engaging in competition If you'd like to explore answers this book is for you Competition is something we take for granted like the ground we walk on the air we breathe and the food we eat While ground air and food are essential can the same be said of competition Can we trust that competition's advocates know its pros and cons Since competition touches everything isn't it an acceptable part of life Maybe it's time to challenge these assumptions Would you be surprised to learn that competition is a common Bible topic Incidents of competition are generously scattered throughout the Bible If you desire a sound authentic perspective on competition one that zeroes in on its origin nature and effects this book is your guide *Routledge Handbook of the Philosophy of Sport* Mike McNamee, William J. *The Evangelicals* Robert Krapohl, Charles H. Lippy, 1999-04-30 The different facets of American religious life are more thoroughly understood with an awareness of the Evangelical heritage that intersects the different denominational boundaries Since Evangelicalism is not confined to one religious denomination or group it has associations with a number of American religious movements such as Fundamentalism Pentecostalism the Charismatic Movement and Revivalism This study modeled after the popular Greenwood Denominations in America series analyzes the people institutions and the religious culture of modern American Evangelicals Divided into three sections the book presents a history of American Evangelicalism discusses themes and issues in modern American Evangelicalism and provides a biographical dictionary of modern American Evangelical leaders The combination of critical narrative and reference will appeal to religion scholars and American culture scholars alike Separate bibliographies unique to the history section and to the themes and issues section provide valuable resources for further research Equally helpful is the bibliographic material that completes each entry in the biographical dictionary section of the book The three part organization makes this an accessible research tool clearly organized for easy cross referencing
