The Hebrides:

The Hebrides John Morton Boyd, I. L. Boyd, 1990 *The Hebrides* Paul Murton, 2024-07-04 Paul Murton has spent half a lifetime exploring some of the most beautiful islands in the world the Hebrides He has travelled the length and breadth of the Scotland's rugged six thousand mile coast line and sailed to over eighty islands In this new and updated edition of his acclaimed book Paul visits each of the Hebridean islands in turn introducing their myths and legends history culture and extraordinary natural beauty In addition he also meets the people who live there and learns their story He has met crofters fishermen tweed weavers Gaelic singers clan chiefs artists postmen and bus drivers people from every walk of life who make the islands tick This blend of the contemporary and the traditional creates a vivid account of the Hebrides and serves as a unique guide to the less well known aspects of life among the islands **Journey to the Hebrides** Samuel Johnson, James Boswell, 2009-05-01 Samuel Johnson and James Boswell spent the autumn of 1773 touring the Highlands and Western Islands of Scotland Both kept detailed notes of their impressions and later published separate accounts of their journey These accounts of their great tour contain some of the finest pieces of travel writing ever produced they are magnificent historical documents and also portraits of two extraordinary personalities In the vivid prose of these two famous men of letters the Highlands and the Western Islands spring to life The juxtaposition of the two very different accounts creates an unsurpassed portrait of a society which was utterly alien to the Europe of the Enlightenment and which was straining on the brink of calamitous change These great masterpieces entertaining profound and marvellously readable are also our last chronicles of a lost age and people [Love of Country](#) Madeleine Bunting, 2017-04-11 Excellent Almost the perfect marriage of travelogue to the inner landscape of political ideas and cultural reflections a super read New Statesman Few landscapes are as striking as that of the Hebrides the hundreds of small islands that speckle the waters off Scotland's northwest coast The jagged rocky cliffs and roiling waves serve as a reminder of the islands dramatic geological history Facing the Atlantic the Hebrides were at the center of ancient shipping routes and have a remarkable cultural history After years of hearing about Scotland as a place interwoven with the story of her family Madeleine Bunting went to see for herself this place so full of history Over six years Bunting returned again and again to the Hebrides fascinated by the question of what it means to belong there With great sensitivity she takes readers through the Hebrides history of dispossession and displacement a history that can be understood only in the context of Britain's imperial past and she shows how the Hebrides have been repeatedly used to define and imagine Britain Love of Country is a revelatory journey through one of the world's most remote beautiful landscapes that encourages us to think of the many identities we wear as we walk our paths A remarkably thorough digest of the many histories of the Hebrides Wall Street Journal Moving and wonderful Both the author and reader of this book end up losing themselves not just in politics and history and the details of nature but a sense of wonder The Guardian Makes you feel you are there even if you have just left Observer Best Books of the Year **Blood and Fire** Nigel Scotland, 2022-08-11 In

From the Alleghenies to the Hebrides Margaret Fay Shaw, 2018-04-12 The story of a woman's life spanning the twentieth century and two continents A miniature masterpiece often funny sometimes moving never sentimental Times Literary Supplement Margaret Fay Shaw's life spanned a century of change Orphaned at eleven she left home and school in Pennsylvania aged sixteen crossing to Scotland to spend a year at school near Glasgow It was there that her love for Scotland was born After studying music in New York and Paris she returned to live for six years with two sisters in South Uist Life on the island had changed little from previous centuries and material comforts were few But the island was rich in music and tradition and Margaret Fay Shaw's collection of Gaelic lore and song are among the most important made this century while her photography evocatively captures the aura of a vanished world Her autobiography is the remarkable testament of a remarkable woman as well as a powerful plea in defense of a Gaelic culture and world under threat It is written with a sharpness of observation directness of humor and zest for life and it is also a marvelous record of the twentieth century A gem of an autobiography The Wall Street Journal Brilliantly captures the twilight world of the Hebrides in the twentieth century The Guardian
