 Teacher Manual *The Persian Alexander* ,2017-10-27 Alexander the Great 356 333 BC was to capture the imagination of
 his contemporaries and future generations His image abounds in various cultures and literatures Eastern and Western and
 spread around the globe through oral and literary media at an astonishing rate during late antiquity and the early Islamic
 period The first Iskandarnama or The Book of Alexander now held in a private collection in Tehran is the oldest prose version
 of the Alexander romance in the Persian tradition Thought to have been written at some point between the eleventh and
 fourteenth centuries by an unknown author the lively narrative recasts Alexander as Iskandar a Muslim champion a king and
 prophet albeit flawed but heroic and remarkably appropriated to Islam though the historic Alexander lived and died some 1
 000 years before the birth of the faith This new English translation of the under studied text is the first to be presented
 unabridged and sheds fresh light onto the shape and structure of this vital document In so doing it invites a reconsideration
 of the transformation of a Western historical figure and one time mortal enemy of Persia into a legendary hero adopted by
 Iranian historiographic myth making Evangelos Venetis the translator also offers a textual analysis providing much needed
 context and explanations on both content and subsequent reception This landmark publication will be invaluable to students
