The Halfeaten Angel:

Half Eaten Angel Alvaro Cardona-Hine, 1981 **The Song Less/on** Alvaro Cardona-Hine, 2013-01-01 Some of the best ever written Tom McGrath in The National Guardian reviewing the haiku in The Gathering Wave Cardona Hine is far more tuned to silence than Eliot there are no phases to his theology He offers no disciplines nor even Zen vacancies he offers arrivals This gentle poet has little to do with the hysterical attenuated surrealism which has in recent years dominated the better little magazines Or with archetypes of the Great Mother or other theorizing It is understandable that poets want to move out into the universe to dream of being moles to sink into mineral veins to make wild dissociated images that dissolve the self But Cardona Hine preserves the sense of human self hood human wonder adventure Benjamin Saltzman in Kayak reviewing Words On Paper **The Angels Die** Yasmina Khadra, 2025-01-07 However successful you may become you will always be just the little Arab from the souk Even as a child living hand to mouth in a ghetto Turambo dreamt of a better future So when his family find a decent home in the city of Oran anything seems possible But colonial Algeria is no place to be ambitious for those of Arab Berber ethnicity Through a succession of menial jobs the constants for Turambo are his rage at the injustice surrounding him and a reliable left hook This last opens the door to a boxing apprenticeship which will ultimately offer Turambo a choice to take his chance at sporting greatness or choose a simpler life beside the woman he loves Award winning author Yasmina Khadra gives us a stunning panorama of life in Algeria between the two world wars in this dramatic story of one man s rise from abject poverty to a life of wealth and adulation *The Black Angels* Maria Smilios, 2023-09-19 Winner of the Christopher Award 2024 NPR Science Friday Best Summer Beach Reads 2024 Gotham Book Finalist 2024 NASW Science in Society Journalism Award Finalist 2024 PEN Hessel Tiltman Prize Finalist 2024 An incredible story the writing is phenomenal John Green author of Everything Is Tuberculosis New York City 1929 A sanatorium a deadly disease and a dire nursing shortage In the pre antibiotic days when tuber culosis stirred people s darkest fears killing one in seven white nurses at Sea View New York s largest municipal hospital began quitting en masse Desperate to avert a public health crisis city officials summoned Black southern nurses luring them with promises of good pay a career and an escape from the stric tures of Jim Crow But after arriving they found themselves on an isolated hilltop in the remote borough of Staten Island yet again confronting racism and consigned to a woefully understaffed sanatorium dubbed the pest house where it was said that no one left alive Spanning the Great Depression and moving through World War II and beyond this remarkable true story follows the intrepid young women known by their patients as the Black Angels For twenty years they risked their lives work ing under appalling conditions while caring for New York s poorest residents who languished in wards waiting to die or became guinea pigs for experimental surgeries and often deadly drugs But despite their major role in desegregating the New York City hospital system and their vital work in helping to find the cure for tuberculo sis at Sea View these nurses were completely erased from history The Black Angels recovers the voices of these

extraordinary women and puts them at the center of this riveting story celebrating their legacy and spirit of survival

Taplin, 1993-01-28 This book opens up a neglected chapter in the reception of Athenian drama especially comedy and it gives stage centre to a particularly attractive and entertaining series of vase paintings which have been generally regarded as marginal curiosities These are the so called phryx vases nearly all painted in the Greek cities of South Italy in the period 400 to 360 BC Up till now they have been taken to reflect some kind of local folk theatre but Oliver Taplin prompted especially by three that have only been published in the last twelve years argues that most if not all reflect Athenian comedy of the sort represented by Aristophanes This bold thesis opens up questions of the relation of tragedy as well as comedy to vase painting the cultural climate of the Greek cities in Italy and the extent to which Athenians were aware of drama as a potential export It also enriches appreciation of many key aspects of Aristophanic comedy its metatheatre and self reference its use of stage action and stage props its unabashed indecency and its polarised relationship even rivalry with tragedy The book has assembled thirty six photographs of vase paintings Many are printed here for the first time outside specialist publications that are not readily accessible
