Mitchell,2008-12-01 In the late nineteenth century as the study of history shifted from the domain of letters into the social sciences novelists in the North and the West generally turned away from writing history Many southern novelists and poets however continued to undertake historical writing as an extension of their art form What made southern literary figures differ from their northern and western counterparts In *A Disturbing and Alien Memory* Douglas L Mitchell addresses this intriguing question by tracing a line of southern writers from the early nineteenth century to the mid twentieth finding that an obsessive need to defend the South and the oft noted rage to explain drove some creative writers to continue to make forays into history and biography in an effort to enter a more public sphere where they could more decisively influence interpretations of the past In the Romantic history of the nineteenth century Mitchell explains men of letters saw themselves as keepers of memory whose renderings of the past could help shape the future of the nation He explores the historical writing of William Gilmore Simms to trace the failure of Romantic nationalism in the growing split between North and South then turns to Thomas Nelson Page s effort to resurrect the South as a spiritual nation with a redeemed history after the Civil War Mitchell juxtaposes their work with that of William Wells Brown the pioneering African American historian and novelist who used the authority of history to write blacks into the American story Moving into the twentieth century Mitchell analyzes the historical component of the Southern Agrarian project focusing on the tension between modernist aesthetics and polemical aims in Allen Tate s Civil War biographies He then traces a path toward a viable historical vision Robert Penn Warren s recovery of a tragic understanding and the creation of a compelling historical art in the work of Shelby Foote Throughout Mitchell examines the peculiar dilemma of southern writers the changing nature of history and its relation to the realm of letters and the question of public authority shedding light on several neglected texts in the process including Simms s *The Sack and Destruction of Columbia* S C Brown s *The Negro in the American Rebellion* Tate s *Jefferson Davis* and Warren s *John Brown* Offering a new perspective on a perennial debate in southern letters *A Disturbing and Alien Memory* provides a critical framework for a neglected genre in the southern literary canon Critical Companion to Flannery O'Connor Connie Ann Kirk,2008 Examines the life and writings of Flannery O Connor including detailed synopses of her works explanations of literary terms biographies of friends and family and social and historical influences **Transactions of the Royal Historical Society: Volume 11** Royal Historical Society,2003-03-06 The annual collection of articles from the Royal

Southerners are accustomed to hearing stories of a residence an old hotel a mansion or a battlefield being haunted In Ghost Hunters of the South Alan Brown shows that ghostlore is no longer enough for some The forty four ghost hunting groups he profiles in this book pack cameras Geiger counters thermal scanners oscilloscopes tape recorders computers and dowsing rods to find and record elusive proof of supernatural activity With candor the directors and team members reveal the passions and even obsessions that lead them to this expensive time consuming and sometimes dangerous and chilling pursuit of evidence of the spirit realm Brown interviews enthusiasts from twelve states Alabama Arkansas Florida Georgia Kentucky

Louisiana Mississippi North Carolina South Carolina Tennessee Texas and Virginia Ghost Hunters of the South takes the reader along on exciting and fearful investigations of places such as the Myrtles St Francis Inn Chickamauga Battlefield Bob Mackey s Music World Old Talbott Tavern North Carolina State Capitol Granberry Opera House and 17Hundred90 Inn and Restaurant Brown participates in some of the investigations to gain a full and objective understanding of teachers doctors accountants housewives and law enforcement personnel who devote much of their free time to a quest that many outsiders view with skepticism if not scorn In fascinating frightening and sometimes humorous accounts Brown highlights the determination of these individuals to answer the question What happens to the soul after death
