Michael A. Cremo

The Hidden History Of The Human Race:

The Hidden History of the Human Race Michael A. Cremo, Richard L. Thompson, 1999 Over the centuries researchers have found bones and artefacts proving that modern humans have existed for millions of years Mainstream science however has suppressed these facts Prejudices based on current scientific theory act as a knowledge filter giving us a picture of prehistory that is largely inaccurate This book reveals this hidden history [The Hidden History of the Human Race](#) Michael A. Cremo, 1999 *Forbidden Archeology* Michael A. Cremo, 1998 [Disinformation Guide to Ancient Aliens, Lost Civilizations, Astonishing Archaeology & Hidden History](#) Preston Peet, 2013-01-01 If you think the history you were taught in school was accurate you re in for a big surprise This group of researchers blows the lid off everything you thought you knew about the origins of the human race and the culture we live in Cover p 4 [Hidden History of the Human Race](#), 2020

Forbidden Archeology's Impact Michael A. Cremo, 1998 Examines the impact of the author s controversial 1993 book *Forbidden Archaeology* on the scientific community **The Giza Death Star Destroyed** Joseph P. Farrell, 2005 Final volume in a trilogy the first of which is the author s *The Giza death star* and the second of which is his *The Giza death star deployed* **Space Travelers and the Genesis of the Human Form** Joan D'Arc, 2000 Can Darwinian evolution actually prove that we are alone in the Universe This book illustrates that Darwinian evolution is not an empirically predictable or testable scientific paradigm Also shows that ancient artifacts on Mars and the Moon are evidence of Game Wardens in our own solar system Could the Earth be a controlled DNA repository for the ongoing creation and dissemination of life forms including humans The author puts forth compelling evidence in this well researched work *The Cosmic War* Joseph P. Farrell, 2020-12-05 There is ample evidence across our solar system of cataclysmic and catastrophic destruction events The asteroid belt for example may be the remains of an exploded planet The known planets are scarred from incredible impacts and teeter in their orbits due to causes heretofore inadequately explained Rejecting the naturalist and materialist assumptions of catastrophism forwarded by other researchers Farrell asserts that it is time to take the ancient myths of a Cosmic War in the heavens seriously Incorporating extraterrestrial artifacts cutting edge ideas in contemporary physics and the texts of ancient myths into his argument Farrell maintains that an ancient interplanetary war was fought in our own solar system with weapons of extraordinary power and sophistication In doing so he offers a solution to an enigma that has long mystified researchers disclosing a cause of that ancient war the means by which it was waged and the real nature of the secret technology behind the ancient Tablets of Destinies It is all here folks The history of the Exploded Planet hypothesis and what mechanism can actually explode a planet The role of plasma cosmology plasma physics even plasma paleophysics and scalar physics The ancient texts telling of such destructions from Sumeria Tiamat s destruction by Marduk Egypt Edfu and the Mars connections Greece Saturn s role in the War of the Titans and the ancient Americas **Hidden History of the Human Race** Michael Cremo, 2014-10-07 But according to other scientists such as physical anthropologist R H Tuttle of

the University of Chicago fossil foot bones of the known australopithecines of 3.6 million years ago show they had feet that were distinctly apelike. Hence they were incompatible with the Laetoli prints. In an article in the March 1990 issue of *Natural History*, Tuttle confessed that we are left with somewhat of a mystery. It seems permissible therefore to consider a possibility neither Tuttle nor Leakey mentioned: that creatures with anatomically modern human bodies to match their anatomically modern human feet existed some 3.6 million years ago in East Africa. Perhaps as suggested in the illustration on the opposite page, they coexisted with more apelike creatures. As intriguing as this archeological possibility may be, current ideas about human evolution forbid it.

New Age Bible of Mother Africa (Volumes 1 & 2) T. Lindsey Billingsley, 2019-12-13. The author T. Lindsey Billingsley has compiled a no-nonsense philosophical study guide exploring racial origins, the African origins of humanity, and prehistoric Kemet influence throughout the world. The main focus of these studies is on the anthropological and physiological makeup of racial groups with in-depth research into both the Out of Africa theories and divine creationism myths. Billingsley supplies concrete evidence to support her conclusions on the true human experience in lieu of popular speculation and theory devoid of logic and sound proof. In this and subsequent volumes, the author will establish a new perspective of thinking that will tempt you to challenge the validity of theological creationism and evolution whilst substantiating a strong position on intelligent design and extraterrestrial intervention.

The Hidden History of American Healthcare Thom Hartmann, 2021-09-07. Popular progressive radio host and New York Times bestselling author Thom Hartmann reveals how and why attempts to implement affordable universal healthcare in the United States have been thwarted and what we can do to finally make it a reality. For-profit health insurance is the largest con job ever perpetrated on the American people, one that has cost trillions of dollars and millions of lives since the 1940s, says Thom Hartmann. Other countries have shown us that affordable universal healthcare is not only possible but also effective and efficient. Taiwan's single-payer system saved the country a fortune as well as saving lives during the coronavirus pandemic, enabling the country to implement a nationwide coronavirus test and contact trace program without shutting down the economy. This resulted in just ten deaths while more than 500,000 people have died in the United States. Hartmann offers a deep dive into the shameful history of American healthcare, showing how greed, racism, and oligarchic corruption led to the current sickness-for-profit system. Modern attempts to create versions of government healthcare have been hobbled at every turn, including Obamacare.
