

Crime, Deviance and Social Control

Definitions

Crime: An illegal act for which someone can be punished by the government.

Deviance: Social behaviour that diverges (differs) from usual or accepted standards within a society.

Social control: A certain set of rules and standards in society that keep individuals bound to conventional standards and control people's behaviour.

Socialisation

Through socialisation we learn to adapt to the values and norms of a particular society. As we grow older, we become increasingly more self-disciplined and we learn to control our behaviour so that we may fit in with the rest of society. This idea of discipline taught by society can be seen as a form of social control since it regulates our behaviour.

Can you think of some reasons why social control is important for society?
