comprehensive text conveys the field of child and adolescent development through the voices of scientists who themselves are now shaping the field **Handbook of Prevention Science** Beth Doll, William Pfohl, Jina S. Yoon, 2012-03-07 Prevention research has traditionally focused on preventive interventions tied to specific disorders e.g. substance abuse, conduct disorders, or criminality. This produced silos of isolated knowledge about the prevention of individual disorders but not about interventions that work across disorders. This handbook is the first to comprehensively describe current research and practice in mental health prevention programs that is organized around comprehensive prevention systems that reach across all disorders and all institutions within a community. Throughout the book, preventive interventions are seen as a necessary component of effective mental health programs, not as a replacement for therapeutic interventions. Provided by publisher.

Handbook of Peer Interactions, Relationships, and Groups Kenneth H. Rubin, William M. Bukowski, Brett Laursen, 2011-01-31 This comprehensive authoritative handbook covers the breadth of theories, methods, and empirically based findings on the ways in which children and adolescents contribute to one another's development. Leading researchers review what is known about the dynamics of peer interactions and relationships from infancy through adolescence. Topics include methods of assessing friendship and peer networks, early romantic relationships, individual differences, and contextual factors in children's social and emotional competencies and behaviors, group dynamics, and the impact of peer relations on achievement, social adaptation, and mental health. Salient issues in intervention and prevention are also addressed.
