Social Control Through Law

Kelvin K. L. Wong

Social Control Through Law:

Social Control Through Law Roscoe Pound, 1997 In *Social Control Through Law* Roscoe Pound formulates a list of social ethical principles with a three fold purpose First they are meant to identify and explain human claims demands or interests of a given social order Second they express what the majority of individuals in a given society want the law to do Third they are meant to guide the courts in applying the law Pound distinguishes between individual interests public interests and social interests He warns that these three types of interests are overlapping and interdependent and that most claims demands and desires can be placed in all three categories Pound s theory of social interests is crucial to his thinking about law and lies at the conceptual core of sociological jurisprudence

Social Control Through Law Roscoe Pound, 2017-07-05 *Social Control Through Law* is remarkable in manner and style Roscoe Pound shows himself to be a jurist philosopher and scientist For Pound the subject matter of law involves examining manifestations of human nature which require social control to assert or realize individual expectations Pound formulates a list of social ethical principles with a three fold purpose First they are meant to identify and explain human claims demands or interests of a given social order Second they express what the majority of individuals in a given society want the law to do Third they are meant to guide the courts in applying the law Pound distinguishes between individual interests public interests and social interests He warns that these three types of interests are overlapping and interdependent and that most claims demands and desires can be placed in all three categories Pound s theory of social interests is crucial to his thinking about law and lies at the conceptual core of sociological jurisprudence Pound explains that rights unlike interests are plagued with a multiplicity of meanings He rejects the idea of rights as being natural or inalienable and argues that to the contrary interests are natural The contemporary significance of the book is aptly demonstrated by the skyrocketing rate of litigation in our postmodern society As the influence of familial and religious institutions declines the courts exert an unprecedented degree of control over the public and private lives of most Americans Law is now the paramount agency of social control In the new introduction A Javier Treviño outlines the principal aspects of Roscoe Pound s legal philosophy as it is conveyed in several of his books articles and addresses and shows their relationship to *Social Control Through Law* This book is an insightful concise summary of Pound s ideas that after more than half a century remains surprisingly fresh and relevant It will doubtlessly continue to engage jurists legal theorists and sociologists for many years to come

Social Control Through Law Roscoe Pound, 2017-11-10 *Social Control Through Law* is remarkable in manner and style Roscoe Pound shows himself to be a jurist philosopher and scientist For Pound the subject matter of law involves examining manifestations of human nature which require social control to assert or realize individual expectations Pound formulates a list of social ethical principles with a three fold purpose First they are meant to identify and explain human claims demands or interests of a given social order Second they express what the majority of individuals in a given society want the law to do Third they are meant to guide the courts in applying the law Pound

distinguishes between individual interests public interests and social interests He warns that these three types of interests are overlapping and interdependent and that most claims demands and desires can be placed in all three categories Pound's theory of social interests is crucial to his thinking about law and lies at the conceptual core of sociological jurisprudence Pound explains that rights unlike interests are plagued with a multiplicity of meanings He rejects the idea of rights as being natural or inalienable and argues that to the contrary interests are natural The contemporary significance of the book is aptly demonstrated by the skyrocketing rate of litigation in our postmodern society As the influence of familial and religious institutions declines the courts exert an unprecedented degree of control over the public and private lives of most Americans Law is now the paramount agency of social control In the new introduction A Javier Trevi o outlines the principal aspects of Roscoe Pound's legal philosophy as it is conveyed in several of his books articles and addresses and shows their relationship to Social Control Through Law This book is an insightful concise summary of Pound's ideas that after more than half a century remains surprisingly fresh and relevant It will doubtlessly continue to engage jurists legal theorists and sociologists for many years to come

Social Control Through Law Roscoe Pound,1968 Classic Writings in Law and Society A. Javier Trevino,2011-12-31 This volume consists of outstanding essays by contemporary scholars and specialists on classic writings in law and society This second edition expands the previous volume by adding additional statements Included are commentaries on Edward A Ross's Social Control A Survey of the Foundations of Order Karl N Llewellyn's Jurisprudence Realism in Theory and Practice Jerome Frank's Law and the Modern Mind Leon Petrazycki's Law and Morality and Karl Renner's The Institutions of Private Law and their Social Functions The goal of Classic Writings in Law and Society is to acquaint a new generation of students with classic writings by diverse social and legal scholars ranging from Henry Sumner Maine Oliver Wendell Holmes Jr and Hans Kelsen to Eugen Ehrlich Nicholas S Timasheff and Richard Quinney This work continues to demonstrate their contemporary theoretical relevance Accordingly each chapter speaks of the scholars work in general how the particular book under consideration fits into that corpus and how the book is assessed in a present day context These essays have a clear relation to the classic tradition in sociolegal thought Reading the classics is useful in gaining a better understanding and appreciation of the essential foundation for a post classic approach in law and social inquiry an approach that can be found in such orientations as critical legal studies chaos theory in law and legal semiotics Classic Writings in Law and Society includes commentaries that consider early writings that set the standard for the social scientific approach in examining issues of law and punishment social control joint stock companies business firms and nation states in the study of law and society

The Oxford Handbook of Law and Anthropology Marie-Claire Foblets,Mark Goodale,Maria Sapi gnoli,Olaf Zenker,2022-04-01 The Oxford Handbook of Law and Anthropology is a ground breaking collection of essays that provides an original and internationally framed conception of the historical theoretical and ethnographic interconnections of law and anthropology Each of the chapters in the Handbook provides a survey of the

current state of scholarly debate and an argument about the future direction of research in this dynamic and interdisciplinary field The structure of the Handbook is animated by an overarching collective narrative about how law and anthropology have and should relate to each other as intersecting domains of inquiry that address such fundamental questions as dispute resolution normative ordering social organization and legal political and social identity The need for such a comprehensive project has become even more pressing as lawyers and anthropologists work together in an ever increasing number of areas including immigration and asylum processes international justice forums cultural heritage certification and monitoring and the writing of new national constitutions among many others The Handbook takes critical stock of these various points of intersection in order to identify and conceptualize the most promising areas of innovation and sociolegal relevance as well as to acknowledge the points of tension open questions and areas for future development **Law and Society** Steven

Vago,2012 Law and Society tenth edition provides an informative balanced and comprehensive analysis of the interplay between law and society This text presents an overview of the most advanced interdisciplinary and international research theoretical advances ongoing debates and controversies It raises new levels of awareness on the structure and functions of law and legal systems and the principal players in the legal arena and their impact on our lives In addition it looks at the legal system in the context of race class and gender and considers multicultural and cross cultural issues in a contemporary and interdisciplinary context Provided by publisher Social Control and Deviance Ali Wardak,2018-02-05 This title was first published in 2000 This book provides an empirical account of social control and deviance in a South Asian community in Scotland Focusing on Edinburgh s Pakistani community the book examines the social order of this particular community and the ways it is maintained It explores the various social institutions and processes that operate as mechanisms of informal social control within the community This book also examines the ways the second generation South Asians relate to their community and the extent to which they conform or deviate from its norms Criminological social control theory is used as an analytical framework for explaining deviance It is concluded that the South Asian youngsters boys who have weak broken bonds with their community are more likely to deviate from its norms The book further concludes that social control and deviance are intricately interrelated While social control defines what is deviance the latter has important implications for the former repeated occurrence of deviance prompts agencies of social control to redefine and gradually normalize deviance

OCR A Level Law Second Edition Richard Wortley,Nicholas Price,2021-09-01 This fully updated and accessible textbook combines Year 1 and Year 2 content for the refreshed OCR specification with brand new cases activities and features to provide comprehensive support for the A level course Written by experts Nigel Briggs Nick Price and Richard Wortley and edited by Sue Teal the content is carefully tailored to the OCR specification Develop conceptual understanding with full coverage of all topics in the OCR A level specification in one book Establish a firm understanding with key term definitions and tables of relevant cases and legislation for each topic Build sound knowledge and analysis throughout the

course with knowledge based questions and revision summaries at the end of each chapter This Student Book is endorsed by OCR This title fully supports the specification It has passed OCR s rigorous quality assurance programme It is written by curriculum experts

Natural Law and Natural Rights John Finnis, 2011-04-07 First published in 1980 *Natural Law and Natural Rights* is widely heralded as a seminal contribution to the philosophy of law and an authoritative restatement of natural law doctrine It has offered generations of students and other readers a thorough grounding in the central issues of legal moral and political philosophy from Finnis s distinctive perspective This new edition includes a substantial postscript by the author in which he responds to thirty years of discussion criticism and further work in the field to develop and refine the original theory The book closely integrates the philosophy of law with ethics social theory and political philosophy The author develops a sustained and substantive argument it is not a review of other people s arguments but makes frequent illustrative and critical reference to classical modern and contemporary writers in ethics social and political theory and jurisprudence The preliminary First Part reviews a century of analytical jurisprudence to illustrate the dependence of every descriptive social science upon evaluations by the theorist A fully critical basis for such evaluations is a theory of natural law Standard contemporary objections to natural law theory are reviewed and shown to rest on serious misunderstandings The Second Part develops in ten carefully structured chapters an account of basic human goods and basic requirements of practical reasonableness community and the common good justice the logical structure of rights talk the bases of human rights their specification and their limits authority and the formation of authoritative rules by non authoritative persons and procedures law the Rule of Law and the derivation of laws from the principles of practical reasonableness the complex relation between legal and moral obligation and the practical and theoretical problems created by unjust laws A final Part develops a vigorous argument about the relation between natural law natural theology and revelation between moral concern and other ultimate questions

Legal Theory and the Social Sciences Maksymilian Del Mar, 2017-07-05 Ever since H L A Hart s self

description of *The Concept of Law* as an exercise in descriptive sociology contemporary legal theorists have been debating the relationship between legal theory and sociology and between legal theory and social science more generally There have been some who have insisted on a clear divide between legal theory and the social sciences citing fundamental methodological differences Others have attempted to bridge gaps revealing common challenges and similar objects of inquiry Collecting the work of authors such as Martin Krygier David Nelken Brian Tamanaha Lewis Kornhauser Gunther Teubner and Nicola Lacey this volume the second in a three volume series provides an overview of the major developments in the last thirty years The volume is divided into three sections each discussing an aspect of the relationship of legal theory and the social sciences 1 methodological disputes and collaboration 2 common problems especially as they concern different modes of explanation of social behaviour and 3 common objects including most prominently the study of language in its social context and normative pluralism

Drug Use in America: Problem in Perspective United States. Commission on Marihuana

and Drug Abuse,1974 **Drug Use in America: Problem in Perspective, Second Report of the National Commission on Marijuana and Drug Abuse, March 1973** United States. Congress. House. Interstate and Foreign Commerce,1973

Marihuana, a Signal of Misunderstanding United States. Commission on Marihuana and Drug Abuse,1972

Hearings, Reports and Prints of the House Committee on Interstate and Foreign Commerce United States. Congress. House. Committee on Interstate and Foreign Commerce,1973 Cybernetical Intelligence Kelvin K. L. Wong,2023-10-31

CYBERNETICAL INTELLIGENCE Highly comprehensive detailed and up to date overview of artificial intelligence and cybernetics with practical examples and supplementary learning resources Cybernetical Intelligence Engineering Cybernetics with Machine Intelligence is a comprehensive guide to the field of cybernetics and neural networks as well as the mathematical foundations of these technologies The book provides a detailed explanation of various types of neural networks including feedforward networks recurrent neural networks and convolutional neural networks as well as their applications to different real world problems This groundbreaking book presents a pioneering exploration of machine learning within the framework of cybernetics It marks a significant milestone in the field s history as it is the first book to describe the development of machine learning from a cybernetics perspective The introduction of the concept of Cybernetical Intelligence and the generation of new terminology within this context propel new lines of thought in the historical development of artificial intelligence With its profound implications and contributions this book holds immense importance and is poised to become a definitive resource for scholars and researchers in this field of study Each chapter is specifically designed to introduce the theory with several examples This comprehensive book includes exercise questions at the end of each chapter providing readers with valuable opportunities to apply and strengthen their understanding of cybernetical intelligence To further support the learning journey solutions to these questions are readily accessible on the book s companion site Additionally the companion site offers programming practice exercises and assignments enabling readers to delve deeper into the practical aspects of the subject matter Cybernetical Intelligence includes information on The history and development of cybernetics and its influence on the development of neural networks Developments and innovations in artificial intelligence and machine learning such as deep reinforcement learning generative adversarial networks and transfer learning Mathematical foundations of artificial intelligence and cybernetics including linear algebra calculus and probability theory Ethical implications of artificial intelligence and cybernetics as well as responsible and transparent development and deployment of AI systems Presenting a highly detailed and comprehensive overview of the field with modern developments thoroughly discussed Cybernetical Intelligence is an essential textbook that helps students make connections with real life engineering problems by providing both theory and practice along with a myriad of helpful learning aids *Routledge Library Editions: Social & Cultural Geography* Various Authors,2022-07-30 Re issuing books originally published between 1969 and 1990 this set of 15 volumes gives a 20 year perspective on the development of the discipline of

social geography The books emphasize the increasingly important contribution of geographical theory to the understanding of social change values economic and political organization and ethical imperatives The volumes are authored by well known international geographers and discuss the philosophy and sociology of geography as well as key themes such as the geography of health crime space They also examine the cross over of geography with other disciplines such as literature and history

Crime, Law and Society Malcolm M. Feeley, 2017-07-05 Malcolm Feeley's work is well known to scholars around the world and has influenced two generations of criminologists and legal scholars He has written extensively on crime and the legal process and has published numerous articles in law history social science and philosophy journals two of his books *The Process is the Punishment* and *Court Reform on Trials* have won awards This volume brings together many of his better known articles and essays as well as some of his lesser known but nevertheless important contributions all of which share the common theme of the value of the rule of law albeit a more sophisticated concept than is commonly embraced The selections also reveal the full range of his interests and the way in which his research interests have developed

The Participating Citizen Michael D. Barber, 2004-08-06 An in depth biography of the philosopher who brought phenomenology to the social sciences

The Handbook of Deviance Erich Goode, 2015-09-28 The Handbook of Deviance is a definitive reference for professionals researchers and students that provides a comprehensive and engaging introduction to the sociology of deviance Composed of over 30 essays written by an international array of scholars and meticulously edited by one of the best known authorities on the study of deviance Features chapters on cutting edge topics such as terrorism and environmental degradation as forms of deviance Each chapter includes a critical review of what is known about the topic the current status of the topic and insights about the future of the topic Covers recent theoretical innovations in the field including the distinction between positivist and constructionist perspectives on deviance and the incorporation of physical appearance as a form of deviance
