Sexual Identities Davide Passa,2024-08-30 This study situated within the field of Language and Sexuality Studies investigates the characterisation of fictional gay men in 21st century British drama The research is based on a corpus of 61 plays staged between 2000 and 2020 which collectively feature 187 gay male characters The study employs methodological triangulation to explore the corpus from three distinct perspectives moving from broad trends to more detailed analyses The first section offers an overview of 20th and 21st century British drama featuring gay characters identifying general trends in the portrayal of homosexuality in contemporary British theatre The second section delves into the 187 fictional gay characters classifying them according to both sociolinguistic variables such as age social class and linguistic variety and variables specific to Language and Sexuality Studies including levels of openness about their sexuality and their distinctive use of gayspeak The final section takes an eclectic approach providing a multifaceted analysis of the gayspeak observed in the corpus This is done through both manual analysis and a corpus assisted approach using Lancsbox software The primary goal of this section is to evaluate whether the features of gayspeak identified in earlier studies persist in the contemporary plays under examination

 the age of Jane Austen and the Romantic poets the paintings of John Constable and the gardens of Humphry Repton the
 sartorial elegance of Beau Brummell and the poetic licence of Lord Byron Britain s military triumphs at Trafalgar and
 Waterloo the threat of revolution and the Peterloo massacre In the latest volume of his celebrated series of Time Traveler s
 Guides Ian Mortimer turns to what is arguably the most loved period in British history the Regency or Georgian England A
 time of exuberance thrills frills and unchecked bad behavior it was perhaps the last age of true freedom before the arrival of
 the stifling world of Victorian morality At the same time it was a period of transition that reflected unprecedented social
 economic and political change And like all periods in history it was an age of many contradictions where Beethoven s
 thundering Fifth Symphony could premier in the same year that saw Jane Austen craft the delicate sensitivities of Persuasion
 Once more Ian Mortimer takes us on a thrilling journey to the past revealing what people ate drank and wore where they
 shopped and how they amused themselves what they believed in and what they were afraid of Conveying the sights sound s
 and smells of the Regency period this is history at its most exciting physical visceral the past not as something to be studied
