Burns,2006 This collection aims to enable the reader to disentangle some of the ambiguities and confusions which have characterized the use of the term historiography *The Pursuit of History* John Tosh,2015-02-11 This classic introduction to the study of history invites the reader to stand back and consider some of its most fundamental questions what is the point of studying history How do we know about the past Does an objective historical truth exist and can we ever access it In answering these central questions John Tosh argues that
