Charles Tilly

Social Movements Supporters:

Alternative Currency Movements as a Challenge to Globalisation? Peter North, 2018-02-06 Over the past 15 years local money networks which are essentially trading networks using a community created currency have emerged in countries as far apart as Argentina Australia and New Zealand Canada and the US continental Europe and Japan They range from Local Exchange Trading Schemes UK to Time Dollars US Green Dollars New Zealand Australia and Canada Trading Circles Hungary Barter Networks Argentina and Talents Germany Drawing on an ethnographic case study of alternative currency movements in Manchester UK this book provides an analysis of the motivations aims successes and failures of alternative currency networks It also raises questions such as the contribution of the alternative currency movement to current debates about alternatives to neoliberalism While it is theoretically informed critical and grounded in fieldwork it is also sympathetic to the political aims of the protagonists and cognisant of the non economic benefits that arise from their development

Pro-Family Politics and Fringe Parties in Canada Chris MacKenzie, 2014-05-14 Pro Family Politics and Fringe Parties in Canada explores the organizational and ideological nature of political parties that are initially formed to do the work of social movements Specifically it examines the development of the Family Coalition Party of British Columbia FCP from its origins as a group of alienated Social Credit Party members to its rebirth as the Unity Party of British Columbia and through its struggles as a marginal political entity along the way While addressing the FCP's relationship to the larger North American pro family movement Chris MacKenzie also deftly demonstrates how the party can be seen as organizationally congruent with its ideological antithesis the Green Party Basing his findings on seven years of field research he identifies the obstacles that political parties involved in social movement work must overcome in order for them to achieve their goals He concludes that despite their invaluable contribution to democracy such party movements have limited political institutionalization Consequently their only realistic goal may be to merge their ideals with those of another larger political body This book makes a substantial contribution to our understanding of the genesis development and impact of political party movements in Canada Moreover it provides useful insight into the dynamics and issues that make up the current pro family movements in Canada and the United States

Insecurities in European Football and Supporter Cultures Jan Andre Lee

Ludvigsen, 2025-02-06 Against the backdrop of the recent and renewed political and policy interest in the safety and security in European football contexts this book examines the ways in which the regulation of insecurities in European football has been advanced by European institutions and organizations and contested by football supporters from the 1980s to the present day This book therefore produces an updated empirical but theoretically informed account of how insecurities in football have been responded to and countered on a European level through expressions of power and counter power By drawing on material from interviews and analyses of international legal texts policy documents and historical football fanzines *Insecurities in European Football and Supporter Cultures* uses European football as a window to understand wider

processes of insecurity and the regulation of cultures social groups and contested spaces Utilizing perspectives from contemporary sociology and critical security studies this book produces the argument that as institutions risk focused logics and precautionary principles have been embedded in the attempts to secure European football it is simultaneously possible to observe a reflexive culture of contestation that has matured across four decades in European football Insecurities in European Football and Supporter Cultures is an important fascinating and timely reading for anybody with an interest in the sociology of sport football security studies surveillance social theory and sport studies

Pressure Groups in British Politics W.N. Coxall, 2014-06-06 Pressure groups are an important influence on modern politics with people feeling strongly about single issues willing to protest lobby and petition for their cause

Environmental Organizations in Modern Germany William T. Markham, 2008 German environmental organizations have doggedly pursued environmental protection through difficult times hyperinflation and war National Socialist rule postwar devastation state socialism in the GDR and confrontation with the authorities during the 1970s and 1980s The author recounts the fascinating and sometimes dramatic story of these organizations from their origins at the end of the nineteenth century to the present not only describing how they reacted to powerful social movements including the homeland protection and socialist movements in the early years of the twentieth century the Nazi movement and the anti nuclear and new social movements of the 1970s and 1980s but also examining strategies for survival in periods like the current one when environmental concerns are not at the top of the national agenda Previous analyses of environmental organizations have almost invariably viewed them as parts of larger social structures that is as components of social movements as interest groups within a political system or as contributors to civil society This book by contrast starts from the premise that through the use of theories developed specifically to analyze the behavior of organizations and NGOs we can gain additional insight into why environmental organizations behave as they do

The Rise of the U.S. Environmental Health Movement Kate Davies, 2013-03-28 This book named one of Booklist's Top 10 books on sustainability in 2014 is the first to offer a comprehensive examination of the environmental health movement which unlike many parts of the environmental movement focuses on ways toxic chemicals and other hazardous agents in the environment effect human health and well being Born in 1978 when Lois Gibbs organized her neighbors to protest the health effects of a toxic waste dump in Love Canal New York the movement has spread across the United States and throughout the world By placing human health at the center of its environmental argument this movement has achieved many victories in community mobilization and legislative reform In *The Rise of the U S Environmental Health Movement* environmental health expert Kate Davies describes the movement's historical ideological and cultural roots and analyzes its strategies and successes

The Safe Standing Movement in Football Mark Turner, 2023-09-08 This book tells the important story of the 30 year social movement against all seated stadia in football in England and Wales that developed in the wake of the Hillsborough stadium disaster and the wider European and international significance of that movement Examining the

fan networks relations tactics and interactions which built the Safe Standing movement this book reveals an untold social history of football supporter activism and represents an important contribution to our understanding of football supporter based social movements the sociology of football and social movement studies more broadly This book argues that Safe Standing is sociologically highly significant because the restriction and partial exclusion of football fans as a social group in the timescape of English football after Hillsborough marked a moment of profound social change in the UK Applying relational sociology and drawing on original research and insider access this book considers how events and ruptures such as Hillsborough shape the dynamics of a social movement In this case supporters who have been deeply affected by the all seating legislation are now in a position to affect the future consumption of football This book shows how this was achieved and how a small core network of approximately 30 supporters networked with supporter groups across Europe now stand to impact and shape the consumption habits of a key leisure practice all over the world This is fascinating reading for any student researcher or policy maker with an interest in football sociology political science public policy or cultural and social history

Contentious Performances Charles Tilly, 2008-08-04 The book analyzes popular collective struggles drawing especially on incomparably rich evidence from Great Britain between 1758 and 1834 Tilly presents a method for describing contentious events shows how this method yields superior explanations of contentious events and applies this method to such events in Great Britain from 1758 to 1834

Protest Politics Today Devashree Gupta, 2023-05-03 Social movements play a vital and increasingly visible role in modern politics Headline grabbing demonstrations against authoritarian governments police brutality economic inequality and other grievances suggest that around the world social movements are seen as powerful catalysts of change In democracies as well as autocracies rich countries as well as poor citizens turn repeatedly to protest as a way of addressing a range of perceived social ills In this engaging and accessible book Devashree Gupta offers a thorough introduction to the study of social movements in these diverse settings examining their structures and operations to identify the ways in which political and social contexts shape how movements behave and what impacts they have Drawing on multiple theoretical approaches and contemporary case studies Gupta explores how movements think and act strategically learning from past interactions with authorities and the experiences of other movements to find innovative ways to challenge the status quo With suggestions for further reading and questions for class discussion throughout **Protest Politics Today** will be essential reading for students of social movements and contentious politics across the world

Political Extremism in the United States Eamon Doyle, 2018-07-15 The 2016 presidential election brought to light the increasingly polarized nature of American politics What brought about this political extremism and can anything be done to curb it This volume helps to define political extremism explores the ways in which extremism manifests itself including hate speech and domestic terrorism and explains theories about how it can be counteracted With partisanship in the United States showing no sign of decline without significant intervention it is more essential than ever to try to understand what brought about this political

division *Congress Explained* Casey Burgat, Charles Hunt, SoRelle Gaynor, 2025-07-30 A brief accessible guide to the institution Congress Explained Representation and Lawmaking in the First Branch walks students through the inner workings of the modern Congress Congressional experts Casey Burgat Charles Hunt and SoRelle Gaynor help students understand the branch by examining legislators responsibilities toward constituents the ways their backgrounds and perspectives influence their work and the incentives that drive lawmaking in today s hyperpolarized Congress In this updated Second Edition new features case studies and data based figures focus on changes to the institution over time and the ways individuals operate the pulls and levers of the branch to achieve legislative goals *Against Modern Football* Benjamin Perasović, Christian Brandt, Marko Mustapić, 2024-11-20 This is the first book to offer in depth analysis of the Against Modern Football movement through the comparison of two AMF clubs The movement has emerged in opposition to the rampant commercialisation of football and the lack of supporters influence over the governance of the clubs they support Drawing on long term ethnographic research the book examines the foundation organisation and governance of new clubs set up by supporters as part of the AMF movement Centred on detailed case studies of two clubs in particular HFC Falke in Germany founded in 2014 and Varteks Vara din in Croatia founded in 2011 the book explores supporter cultures and identity and considers the social processes at work in the foundation of new football clubs By examining the unique local and national contexts in which HFC Falke and Varteks Vara din have emerged as well the broader international context that encompasses well known AMF clubs such as FC United of Manchester the book makes an important contribution to our understanding of supporters their activism the significance of football clubs and social movements more broadly This book is fascinating reading for anybody with an interest in football the sociology of sport sport management the politics of sport social movements subcultures or ethnography *Faith-based Radicalism* Christiane Timmerman, 2007 Terror attacks against Western symbols of power suicide terrorism in Chechnya or bombing of abortion clinics in the United States these are a few of the violent religious outbursts that the media never seem to stop broadcasting While these outbursts are mostly linked to Islamic extremism it should however be acknowledged that every religion has its own violent side Despite all the events the media are too prompt to show us it would be dishonest and insensible not to accept that every religion has also a potential for religious peace building and communal renewal How can it be explained then that religions sometimes react violently against the society surrounding them by trying to overthrow it while at some other times they willingly help and try to build a better world for everyone The University Centre Saint Ignatius Antwerp organised an interdisciplinary summer seminar in September 2005 and gathered senior scholars all experts in their own fields and junior scholars who will be the experts of tomorrow from all over the world to discuss these burning issues The seminar focused on miscellaneous topics all pointing towards the question of religion and society like literalism and the Holy texts the ambivalence of faith based radicalism the psychology of religion and terrorism nationalism and religion and religious social movements Publisher The SAGE

Handbook of Organizational Wellbeing Tony Wall, Cary L Cooper, Paula Brough, 2021-04-14 The SAGE Handbook of Organizational Wellbeing is a comprehensive and cutting edge work providing the latest insights into a range of perspectives on organizational wellbeing as well as highlighting global wellbeing issues and exploring new contexts Topics covered include digital working and social media LGBTQIA identifications and work suicide at work refugee workers and mental health A multi and inter disciplinary work this handbook embraces ideas and empirical work from a range of fields including psychology business and management economics and science This handbook draws together current knowledge whilst also outlining emerging issues and directions making this an invaluable resource for students and researchers spanning a wide array of disciplines Part 1 Theoretical Perspectives Part 2 International Issues and Contexts Part 3 Developing Organizational Wellbeing Part 4 Emerging Issues and Directions

The Logics of Party Formation Herbert Kitschelt, 2019-05-15 Drawing on interviews with more than 130 party activists Herbert Kitschelt provides an incisive account of the development of three vanguard ecological parties in contemporary Western Europe the Green party of West Germany and the Belgian ecological parties Agalev and Ecolo

Handbook of Applied Journalism Leon Barkho, Jairo Alfonso Lugo-Ocando, Sadia Jamil, 2024-02-21 This authoritative handbook looks at the entire news cycle and provides a bridge between the theoretical and academic study of journalism and its actual contemporary practice The book's main merit is that it brings theory and practice together with contributors discussing these issues from different perspectives in a way that scholars students and practitioners can find useful in the study of journalism The handbook is also unique as it undertakes an international scope across regions and cultures both from the West and the Global South while providing an overview which balances the over emphasis on content in most academic approaches to journalism The book is divided into four major parts 1 Conceptual foundations 2 Interlink between journalism as scholarship and journalism as practice 3 Regions and cultures and 4 The practitioner world The first two sections lay down the foundation for section 3 which provides an overview of journalism practice in different regions and cultures Section 4 includes contributions by practitioners in which they attempt to respond to some of the issues raised in preceding sections This handbook will appeal to academics practitioners and professionals alike who are interested in a better understanding of the academic study of journalism and its actual contemporary practice

The Oxford Handbook of Religion and American Politics Corwin E. Smidt, Lyman A. Kellstedt, James L. Guth, 2017 Over the past three decades the study of religion and politics has gone from being ignored by the scholarly community to being a major focus of research Yet because this important research is not easily accessible to nonspecialists much of the analysis of religion's role in the political arena that we read in the media is greatly oversimplified This Handbook seeks to bridge that gap by examining the considerable research that has been conducted to this point and assessing what has been learned what remains unsettled due to conflicting research findings and what important questions remain largely unaddressed by current research endeavors The Handbook is unique to the field of religion and American politics and should

be of wide interest to scholars students journalists and others interested in the American political scene *Understanding the Tea Party Movement* Nella Van Dyke,2016-02-24 Hailing themselves as heirs to the American Revolution the Tea Party movement staged tax day protests in over 750 US cities in April 2009 quickly establishing a large and volatile social movement Tea Partiers protested at town hall meetings about health care across the country in August leading to a large national demonstration in Washington on September 12 2009 The movement spurred the formation or redefinition of several national organizations and many more local groups and emerged as a strong force within the Republican Party Self described Tea Party candidates won victories in the November 2010 elections Even as activists demonstrated their strength and entered government the future of the movement s influence and even its ultimate goals are very much in doubt In 2012 Barack Obama the movement s prime target decisively won re election Congressional Republicans were unable to govern and the Republican Party publicly wrestled with how to manage the insurgency within Although there is a long history of conservative movements in America the library of social movement studies leans heavily to the left The Tea Party movement its sudden emergence and its uncertain fate provides a challenge to mainstream American politics It also challenges scholars of social movements to reconcile this new movement with existing knowledge about social movements in America *Understanding the Tea Party Movement* addresses these challenges by explaining why and how the movement emerged when it did how it relates to earlier eruptions of conservative populism and by raising critical questions about the movement s ultimate fate Words That Hurt Pasquale De Marco,2025-08-13 *Words That Hurt* is a powerful and thought provoking exploration of the power of words In this book Pasquale De Marco examines how words are used to communicate to persuade and to control Pasquale De Marco also explores the dangers of language and the importance of using words responsibly Words are not neutral Every word has a meaning and that meaning can be positive or negative When we choose words we need to be aware of the impact they will have on others For example the word love is a positive word that evokes feelings of warmth and affection The word hate is a negative word that evokes feelings of anger and hostility When we use the word love we are sending a positive message to others When we use the word hate we are sending a negative message Words can also be used to control others This is why it is important to be aware of the persuasive techniques that are used by advertisers politicians and other people who want to influence our thoughts and actions By understanding the power of words we can use them to create a more positive and just world We can use words to build bridges between people to resolve conflicts and to promote peace Words are powerful Let s use them wisely In *Words That Hurt* Pasquale De Marco provides readers with a wealth of insights into the power of words This book is essential reading for anyone who wants to use words effectively and responsibly *Words That Hurt* is divided into ten chapters each of which explores a different aspect of the power of words In the first chapter *The Power of Words* Pasquale De Marco examines the impact of words on our thoughts and emotions In the second chapter *The Dangers of Language* Pasquale De Marco explores the potential for words to cause harm In the third

chapter The Evolution of Language Pasquale De Marco explores the origins and development of language The remaining chapters of Words That Hurt explore the meaning of words the language of power the language of love the language of loss the language of hope the language of humor and the language of the future Words That Hurt is a comprehensive and thought provoking exploration of the power of words This book is essential reading for anyone who wants to use words effectively and responsibly If you like this book write a review

American Democracy and Disconsent Daniel Monti, 2024-04-09 This volume is a thorough re examination of civil unrest and discontent in the United States particularly the intersection of democracy and violence The work argues that unrest and violence are embedded rituals of social and political disconsent and are constitutive features of citizen based democracy As such they are part of how democratic life works unrest is the eruptive visible grammar of citizens in a democratic society Democracy and citizen unrest and violence in the United States are set within a deeper history The author traces the roots of American democracy and the rituals of disconsent to their sources in ancient Mediterranean political society demonstrating that early democratic theory and practice understood unrest and revolt as morally grounded Featuring case studies of recent episodes of political and social disconsent in the United States the volume contextualizes the Black Lives Matter protests unrest around police and institutional violence and the Capitol insurrection on January 6 Through this the book provides an important social theoretical lens through which to understand American discontent around racial injustice political suppression and citizen disillusionment
