## **Social Security Perspectives On Preserving The System:**

*Social Security, Perspectives on Preserving the System* Sylvester J. Schieber, 1982      Hearing on Alternatives to Strengthen Social Security United States. Congress. House. Committee on Ways and Means, 2006      National Commission on Social Security Reform Recommendations United States. Congress. Senate. Committee on Finance. Subcommittee on Social Security and Income Maintenance Programs, 1983      *How SSA's Disability Programs Can be Improved* ,1998 Of recommendations Making the disability determination process more consistent and equitable Making the application process faster more accessible and more understandable for individuals seeking help Strengthening the public s trust in the integrity of the programs Helping disabled individuals continue or return to work Providing a better understanding of the dynamics of program changes      **In Pursuit of Equity** Alice Kessler-Harris, 2001-09-20 In this volume Alice Kessler Harris explores the transformation of some of the United States most significant social policies Tracing changing ideals of fairness from the 1920s to the 1970s she shows how a deeply embedded set of beliefs or gendered imagination shaped seemingly neutral social legislation to limit the freedom and equality of women Law and custom generally sought to protect women from exploitation and sometimes from employment itself but at the same time they assigned the most important benefits to wage work Most policy makers even female ones assumed from the beginning that women would not be breadwinners Kessler Harris shows how ideas about what was fair for men as well as women influenced old age and unemployment insurance fair labor standards Federal income tax policy and the new discussion of women s rights that emerged after World War II Only in the 1960s and 1970s did the gendered imagination begin to alter yet the process is far from complete      **Monthly Labor Review** ,1984-04 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews      The Unsustainable Cost of Health Care ,2009      **Military Retirement System** United States. Committee on Ways and Means, 1984      **Preserving the Integrity of Social Security Numbers and Preventing Their Misuse by Terrorists and Identity Thieves** United States. Congress. House. Committee on Ways and Means. Subcommittee on Social Security, 2003      The Removal of Age Ceiling Cap Under the Age Discrimination in Employment Act United States. Congress. House. Committee on Education and Labor. Subcommittee on Employment Opportunities, 1986      Compendium of GAO's Views on the Cost Saving Proposals of the Grace Commission: Individual issue analyses United States. General Accounting Office, 1985 In response to a congressional request GAO examined issues studied and recommendations made by the President s Private Sector Survey on Cost Control

better known as the Grace Commission to determine whether 1 the issues and recommendations made on program management and cost control had merit 2 legislation would be necessary to implement the recommendations 3 implementation efforts were completely underway and 4 the savings estimates were realistic GAO found that many of the issues studied and recommendations made by the Commission had overall merit and that while many have already been implemented by legislative or administrative action many more require additional legislative action to be fully implemented However GAO questioned the accuracy of many of the associated savings estimates found flaws in the methodology used to develop some of the estimates and found that the description of the methodology used in some estimates was insufficient to allow an assessment of its validity In most of the instances where GAO questioned the methodology used it believed that the savings were overstated GAO supported management improvement issues more frequently than policy oriented issues however policy oriented issues constitute a large portion of the total estimated savings GAO does not support restructuring federal subsidy programs and fixing federal health care costs to a percentage of the gross national product and it disagreed with selected aspects of recommendations to reduce civilian and military retirement benefits GAO support was most extensive in the areas aimed at strengthening federal management systems federal automatic data processing operations federal credit and cash management efforts and civilian procurement and property management activities GAO has made similar or related recommendations in nearly half of the areas in which it agreed with the Commission Additional legislative action would be necessary to fully implement approximately half of the recommendations analyzed SSA's Obligation to Ensure that the Public's Funds are Responsibly Collected and Expended United States.
