Socialist Register 1995 Why Not Capitalism:

Intellectual Radicalism after 1989 Sebastian Berg, 2017-03-15 Left wing intellectuals in Britain and the US had long repudiated the Soviet regime Why was the collapse of the Eastern Bloc experienced as a shock that destabilised their identities and political allegiances then What happened to a collective project that had started out to formulate a socialist vision different from both really existing socialism and social democracy This study endeavours to answer both questions focusing on generational networks rather than individuals and investigating political academic journals after 1989 to paint the picture of a Left deeply troubled by the triumph of a capitalism unfettered by any counter force Encyclopedia of Critical Political Science Clyde W. Barrow, 2024-03-14 An indispensable and exemplary reference work this Encyclopedia adeptly navigates the multidisciplinary field of critical political science providing a comprehensive overview of the methods approaches concepts scholars and journals that have come to influence the discipline s development over the last six decades

Interpreting the Labour Party John Callaghan, Steven Fielding, Steve Ludlam, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license Interpreting the Labour Party consists of twelve essays on the principal thinkers and schools of thought concerned with the political and historical development of the Labour Party and Labour movement The essays are written by contributors who have devoted many years to the study of the Labour Party the trade union movement and the various ideologies associated with them The book begins with an in depth analysis of how to study the Labour Party and goes on to examine key periods in the development of the ideologies to which the party has subscribed Each chapter situates its subject matter in the context of a broader intellectual legacy including the works of Sidney and Beatrice Webb Theodore Rothstein Stuart Hall and Samuel Beer among others **forum for inter-american**

Neoliberalism and National Culture Cory Blad,2011-09-20 Neoliberal globalization is understood to have a corrosive effect on the state Reductions in economic regulatory capacities combined with an ideological attack on the public necessity of social spending has left many with the impression that the state is a weakened institution at best This book argues that despite popular claims to the contrary global capitalism requires state institutional authority but the legitimation of this authority is increasingly tied to cultural rather than economic means Canada and Qu bec are presented in historical comparative context as examples of how neoliberal states achieve global political economic integration while relying on cultural legitimation to maintain social policies working to mitigate social changes resulting from increased global integration *Explaining Postmodernism* Stephen Ronald Craig Hicks,2004 **Harold Laski, the Reluctant Marxist** Peter Lamb,2024-09-13 This book examines Harold Laski s relationship to Marxism Laski was a reluctant Marxist he had been a pluralist democratic socialist who wanted to reach a better society by means of parliamentary constitutional and associational channels In fact he never abandoned these early aspirations In the 1930s and 1940s he wove them into a distinctive Marxist position as he gradually came to believe that there was no answer to Marxist philosophy on history social change and the prospects for socialism It is the incorporation of his earlier political thought into his later work that makes his Marxism so fascinating and his work raises important questions Harold Laski s Marxism aims to bring a relatively forgotten political theorist back into the spotlight Peter Lamb provides an overview to Laski s political thought in the 20th century and explores his connections to essential foundations of Marxist thought He ends with a discussion of ways in which Laski s Marxism is of lasting significance and can contribute to more recent Marxist and neo Marxist debates *Liberalism's Crooked Circle* Ira Katznelson,2021-08-10 This book is a profoundly moving and analytically incisive attempt to shift the terms of discussion in American politics It speaks to the intellectual and political weaknesses within the liberal tradition that have put the United States at the mercy of libertarian authoritarian populist nakedly racist and traditionalist elitist versions

of the right wing and it seeks to identify resources that can move the left away from the stunned intellectual incoherence with which it has met the death of Bolshevism In Ira Katznelson's view Americans are squandering a tremendous ethical and political opportunity to redefine and reorient the liberal tradition In an opening essay and two remarkable letters addressed to Adam Michnik who is arguably East Europe's emblematic democratic intellectual Katznelson seeks to recover this possibility By examining issues that once occupied Michnik's fellow dissidents in the Warsaw group known as the Crooked Circle Katznelson brings a fresh realism to old ideals and posits a liberalism that stares hard at cruelty suffering coercion and tyrannical abuses of state power Like the members of Michnik's club he recognizes that the circumference of liberalism's circle never runs smooth and that tolerance requires extremely difficult judgments Katznelson's first letter explores how the virtues of socialism including its moral stand on social justice can be related to liberalism while overcoming debilitating aspects of the socialist inheritance The second asks whether liberalism can recognize appreciate and manage human difference Situated in the lineage of efforts by Richard Hofstadter C Wright Mills and Lionel Trilling to thicken liberalism these letters also draw on personal experience in the radical politics of the 1960s and in the dissident culture of East and Central Europe in the years immediately preceding communism's demise Liberalism's Crooked Circle could help foster a substantive debate in the American elections of 1996 and determine the contents of that desperately needed discussion

Public Services Or Corporate Welfare Dexter Whitfield, 2001-01-20 Explains the need for public ownership and the welfare state in the face of increasing globalization Caribbean Political Economy at the Crossroads D.

Marshall, 1998-09-23 There are a variety of crisis symptoms confronting the Commonwealth Caribbean as the 21st century dawns Global changes are quickly rendering the region's traditional economic platform obsolete This book suggests however that the expanding NAFTA or the hemispheric turn towards bloc formation can offer a way out for the Caribbean Politics must be brought back into the regionalisation process for each island government is witnessing the narrowing of the range of its state power by powerful TNCs international financial institutions Washington interests and corporate backed WTO commissions

Neoliberal Globalisation and Resistance from Below Jasper Abembia Ayelazuno, 2018-08-15 As bearers of their own emancipation the political agency of the subaltern classes is a vexed question a time honoured one at that Why do the subalterns endure injustices without revolting most of the time but revolt sometimes against some injustices The euphoria of globalisation from below this book argues skirts responsibility of addressing this question by presuming a groundswell of resistance across the world against neoliberal globalisation In contrast to this oeuvre *Neoliberal Globalisation and Resistance from Below* engages this question squarely by using the socio historical approach to explain why the subalterns resist neoliberal globalisation in Bolivia and not in Ghana The author urges scholars of critical political economy to pay greater attention to why the subalterns resist rather than how they resist or what the ideal end of their resistance should be Such refocusing of the research and political lens will yield a more realistic picture of what is politically possible in

the social context of peripheral capitalism regarding an anti capitalist revolution The author further argues that this refocusing will cure many of the romantic anti capitalist claims and banal wishful thinking of a socialist revolution in peripheral capitalist regions such as Latin American The Middle East and North Africa MENA and Sub Saharan Africa Neoliberal Globalisation and Resistance from Below will be of interest to students and scholars of African politics

Democracy in Canada Laurie E. Adkin,2010-01-01 The urgent need to resolve conflicts over forests fisheries farming practices urban sprawl and greenhouse gas reductions among many others calls for a critical rethinking of the nature of our democracy and citizenship This work aims to move the ideas of green democracy and ecological citizenship from the margins to the centre of discussion and debate in Canada Environmental Conflict and Democracy in Canada offers sixteen case studies to demonstrate that environmental conflicts are always about our rights and responsibilities as citizens as well as the quality of our democratic institutions By bringing together environmental politics and democratic theory this path breaking collection charts a new course for research and activism one that reveals the deficits of citizenship and how democracy must be extended to achieve a socially just ecologically sustainable society **Theories Of Comparative Political Economy**
