*Histories of Violence* Brad Evans,Terrell Carver,2017-01-15 While there is a tacit appreciation that freedom from violence will lead to more prosperous relations among peoples violence continues to be deployed for various political and social ends Yet the problem of violence still defies neat description subject to many competing interpretations *Histories of Violence* offers an accessible yet compelling examination of the problem of violence as it appears in the corpus of canonical figures from Hannah Arendt to Frantz Fanon Michel Foucault to Slavoj i ek who continue to influence and inform contemporary political philosophical sociological cultural and anthropological study Written by a team of internationally renowned experts this is an essential interrogation of post war critical thought as it relates to violence      **Israel and the European Left** Colin Shindler,2011-12-22 Why has the European Left become so antagonistic towards Israel To answer this question Colin Shindler looks at the struggle between Marxism Leninism and Zionism from the October Revolution to today Is such antagonism in opposition to the policies of successive Israeli governments Or is it due to a resurgence of anti Semitism The answer is far more complex Shindler argues that the new generation of the European Left was more influenced by the decolonization movement than by wartime experiences which led it to favor the Palestinian cause in the post 1967 period Thus the Israeli drive to settle the West Bank after the Six Day war enhanced an already existing attitude but did not cause it Written by a respected scholar this accessible and balanced work provides a novel account and analytical approach to this important subject *Israel and the European Left* will interest students in international politics Middle Eastern studies as well as anyone who seeks to understand issues related to today s Left and the Arab Israeli conflict      **Rent and its Discontents** Neil Gray,2018-09-16 The 1915 Rent Strikes in Glasgow along with similar campaigns across the UK catalysed rent restrictions and eventually public housing as a right with a legacy of progressive improvement in UK housing through the central decades of the 20th century With the decimation of social housing and the resurgence of a profoundly exploitative private housing market the contemporary political economy of housing now shares many distressing features with the situation one hundred years ago Starting with a re appraisal of the Rent Strikes this book asks what housing campaigners can learn today from a proven organisational victory for the working class A series of investigative accounts from scholar activists and housing campaign groups across the UK charts the diverse aims tactics and strategies of current urban resistance seeking to make a vital contribution to the contemporary housing question in a time of crisis      *Totality Inside Out* Kevin Floyd,Jen Hedler Phillis,Sarika Chandra,2022-01-18 However divergent their analyses may be in other ways some

prominent anti capitalist critics have remained critical of contemporary debates over reparative justice for groups historically oppressed and marginalized on the basis of race gender sexual identity sexual preference and or ability arguing that the most these struggles can hope to produce is a more diversity friendly capital Meanwhile scholars of gender and sexuality as well as race and ethnic studies maintain that by elevating the socioeconomic above other logics of domination anti capitalist thought fails to acknowledge specific forms and experiences of subjugation The thinkers and activists who appear in Totality Inside Out reject this divisive logic altogether Instead they aim for a more expansive analysis of our contemporary moment to uncover connected sites of political struggle over racial and economic justice materialist feminist and queer critique climate change and aesthetic value The re imagined account of capitalist totality that appears in this volume illuminates the material interlinkages between discrepant social phenomena forms of oppression and group histories offering multiple entry points for readers who are interested in exploring how capitalism shapes integral relations within the social whole Contributors Brent Ryan Bellamy Sarah Brouillette Sarika Chandra Chris Chen Joshua Clover Tim Kreiner Arthur Scarritt Zoe Sutherland Marina Vishmidt
