The Socialist Calculation Debate After the Upheavals in Eastern Europe Pascal Bridel,1993 *Socialist Upheaval and Its Meaning for the U.S. Left* ,1990 **Translations on International Communist Developments** ,1964 **Fugitive Writings** Kropotkin Peter Kropotkin,2021-02-15 Introduction by George Woodcock These essays which either have not been previously published or have been out of print embrace Kropotkin s philosophy at a time when he first gave it expression This collection contains selected essays by Peter Kropotkin who was unquestionably the most widely read and respected theorist of anarchism It is intended to make some of his most representative writings more accessible The material consists of essays which either have not been previously published or have been out of print since their original publication While the entire scope of Kropotkin s political thinking cannot possibly be projected in a single volume it is hoped that many of his most fundamental conceptions have been exemplified here for these essays embrace Kropotkin s philosophy at a time when he was struggling to first give them expression In this context Kropotkin s very first political essay Must We Occupy Ourselves With An Examination of the Ideal of a Future System written in 1873 which foreshadows most of his later writings is of particular value Apart from a general introduction to the most significant aspects of Kropotkin s life and thought George Woodcock has prepared a preface to each essay allowing the reader to enter into the spirit of the time Table of Contents Preface Must We Occupy Ourselves with an Examination of the Ideal Future System Preface Anarchist Communism Its Basics and Principles Preface Anarchist Morality Preface The State Its Historic Role 1993 240 pages **The Russian Turmoil** Anton Ivanovich Denikin,2020-08-02 Reproduction of the original The Russian Turmoil by Anton Ivanovich Denikin **Towards A Libertarian Socialism** G.D.H. Cole,2021-07-18 A collection of essays from a revered member of the British Labour Party What distinguished Cole was his distance from traditional marxist and bureaucratic labour approaches Neither a Communist nor a Social Democrat nowadays referred to as a Democratic Socialist a la Bernie Sanders Cole desired a socialism that centered freedom for workers an end to capitalist exploitation workers management of production and an expanding democracy in all realms of social life **Epistemic Rights in the Era of Digital Disruption** Minna Aslama Horowitz,Hannu Nieminen,Katja Lehtisaari,Alessandro D'Arma,2024-01-03 This open access volume argues that in a functioning democracy citizens should be equally capable of making informed choices about matters of social importance This includes citizens accessing all relevant information and knowledge necessary for informed will formation In today s complex era of digital disruption it is not enough to simply speak about communication or even digital rights The starting point for this volume is the need for epistemic equality The contributors seek to showcase the history and diversity of current debates around communication and digital rights as precursors for the need for epistemic rights both as a theoretical concept and an empirically assessed benchmark The book highlights scholarship via academic case studies from around the world to feature different issues and methodological approaches as well as similarities in academic and policy challenges

across the globe The goal is to provide an overview of issues that depict challenges to epistemic rights extract both academic and applied policy implications of different approaches and end with a set of recommendations for advancing policy relevant scholarship on epistemic rights This volume is intended as the first holistic response to an urgent need to address epistemic rights of communication as a central public policy issue as an academic analytical concept as well as a central theme for informed public debate This book is open access meaning you have free and unlimited access The Development Dictionary Wolfgang Sachs,1992 In this pioneering collection some of the world s most eminent critics of development review the key concepts of the development discourse in the post war era Each essay examines one concept from a historical and anthropological point of view and highlights its particular bias Exposing their historical obsolescence and intellectual sterility the authors call for a bidding farewell to the whole Eurocentric development idea This is urgently needed they argue in order to liberate people s minds in both North and South for bold responses to the environmental and ethical challenges now confronting humanity These essays are an invitation to experts grassroots movements and students of development to recognize the tainted glasses they put on whenever they participate in the development discourse *Europe in 1848* Dieter Dowe,2001 The events of 1848-49 in Europe demonstrated the renewed relevance of the mid nineteenth century uprisings both by showing once again how a revolutionary initiative could quickly spread through different European countries but also by calling into question the nature of revolution and the criteria for a revolution s success and failure To commemorate the 1848 revolution in a spirit of renewed critical inquiry an international team of prominent historians have come together to produce what must be the most comprehensive work on this topic to date and to offer a synthesis that sums up the current state of scholarly research emphasizing the many new interpretations that have developed over several decades *Turkey in Turmoil* Berna Pekesen,2020-06-22 The essays in this book are the first scholarly attempt to examine the complex interrelation of social change and political radicalization during the 1960s In analyzing topics ranging from the 1968 student uprising working class politics and trade unionism Anti Americanism right wing and left wing militant action communitarian violence state coercion and the artistic representation of these phenomena the contributors offer insights to help to answer why the experiences of this decade turned so radical with lasting polarizing effects on contemporary Turkish society today Even though issues surrounding the topic are at the very center of intellectual and political debates in today s Turkey such as the collective remembrance of the Turkish 68ers and of the anti communist state persecution and prosecution after the military intervention in 1980 a cohesive analysis of this era is still strikingly absent in scholarly works Thus *Turkey in Turmoil* is unique in many regards As important as the presented diversity in research perspectives the volume will also showcase multiple and at some point contesting and even provocative perspectives on the subject at hand **The Logic of Liberty** Michael Polanyi,2013-08-21 This is Volume XI of eighteen in the Political Sociology Series and looks at the rejections and rejoinders of the logic of liberty originally published in 1951 **The Social Unrest** John Graham Brooks,1907 **World**

Beyond Reason: The Orwellian Factor James C. Lewis, 2020-08-10 World Beyond Reason The Orwellian Factor By James C Lewis World Beyond Reason The Orwellian Factor is the product of several years of focused research and investigation prompted by national and world occurrences There is a movement in this country to change the United States from a merit based market economy typically referred to as capitalism to a Marxist nation by a group called Progressives These Progressives claim they believe collectivist thought under a Democratic Socialism ideology would best serve the nation and world James C Lewis s research has revealed that these Marxists fail to grasp they are being manipulated by a force whose ultimate goal is not socialism at all but a totalitarian ideology under the misleading title of New World Order But this goal is not merely for the United States but will cover the entire world Lewis s research reveals that many events that are occurring today such as the COVID 19 virus the coming activation of the 5G network Islamic terrorism the Deep State or shadow government failing countries millions of displaced refugees even the Progressive movement are all calculated to destabilize the Western world enough that the remedial outcome will allow those NWO forces to take over and usher in a one government world My goal is to expose all of this so the American people get a full understanding that this is all very serious and dangerous to our very existence as a country and as a free people Lewis as a retired paralegal spent his career in a field requiring careful legal and factual research an understanding about human nature criminal and constitutional law He brings those skills to the research of this book

Theodore Roosevelt and the American Political Tradition Jean M. Yarbrough, 2014-01-31 Rough Rider hunter trust buster president and Bull Moose candidate Biographers have long fastened

on TR as man of action while largely ignoring his political thought Now in time for the centennial of his Progressive run for the presidency Jean Yarbrough provides a searching examination of TR s political thought especially in relation to the ideas of Washington Hamilton and Lincoln the statesmen TR claimed most to admire Yarbrough sets out not only to explore Roosevelt s vision for America but also to consider what his political ideas have meant for republican self government She praises TR for his fighting spirit his love of country and efforts to promote republican greatness but faults him for departing from the political principles of the more nationalistic Founders he esteemed With the benefit of hindsight she argues that the progressive policies he came to embrace have over time undermined the very qualities Roosevelt regarded as essential to civic life In particular the social welfare policies he championed have eroded industry and self reliance the expansion of the regulatory state has multiplied the special interests seeking access to political power and the bureaucratic experts in whom he reposed such confidence have all too often turned out to be neither disinterested nor effective Yarbrough argues that TR s early historical studies inspired by Darwinian biology and Hegelian political thought treated westward expansion from an evolutionary and developmental perspective that placed race and conquest at the center of the narrative while relegating individual rights and consent of the governed to the sidelines Although his early career showed him to be a moderate Republican reformer Yarbrough argues that even then he did not share Hamilton s enthusiasm for the commercial republic and substituted an appeal to abstract duty for The Federalist s reliance on self interest As New York governor and first term president TR attempted to strike a just balance between democratic and oligarchic interests but by the end of his presidency he had tipped the balance in favor of progressive policies From the New Nationalism until his death in 1919 Roosevelt continued to claim the mantle of Washington and Lincoln even as he moved further from their political principles Through careful examination of TR s political thought Yarbrough s book sheds new light on his place in the American political tradition while enhancing our understanding of the roots of progressivism and its transformation of the founders Constitution

The Industrialisation of Soviet Russia 3: The Soviet Economy in Turmoil 1929-1930 R. W. Davies, 1989-05-05 In 1929 30 the spinal year of the first five year plan a vast investment programme began the transformation of the Soviet Union from a peasant country into a great industrial power This book the third part of *The Industrialisation of Soviet Russia* re examines the breakdown of the mixed economy In those days of heroism and enthusiasm hunger and repression crucial Soviet economic and political institutions were established and are only now being effectively challenged by Gorbachev s revolution While complementing the previous two volumes of this author s work the book is designed to be read independently It sheds new light on a dramatic moment in Soviet history and in the formation of the Soviet system

The Syrian Uprising and Signs Of The Hour Sayyid Rami al Rifai, 2015-05-12 The world will soon see change this book discusses those changes and covers the end of America the end of the Arabs the rise of Europe and the Mahdi s Army who will face them It outlines this future from both the Islamic and Christian religions and shows how they point towards the same future Many of Islams major scholars

have written works on the Signs of the Hour in which they have arranged the narrations ahadith in the chronological order they understood the events would occur in The Prophet saws said The signs shall appear one after the other like the beads on a string follow one another when the string is cut The Signs began to appear in our lifetime and have been following each other one by one this is clear by the acceptance of most scholars that the minor signs of the hour have all been fulfilled and we are about to witness it s first major sign Syria has been mentioned by the prophet saws in relation to events that will mark the nearness of the hour This Book now in it s 2nd edition and largely expanded looks at these narration s and identifies the events the prophet saws spoke about chronologically arranging them to give us the timeline the prophet saws intended us to have Abu Zaid Al Ansaaree ra said The Prophet led us in the morning prayer after which he climbed the pulpit and addressed us until Dhuhur noon He descended prayed Asr the late afternoon prayer and then climbed the pulpit again speaking to us until the setting of the sun He spoke to us about what was and what will be he informed us thereof and made us memorize that information Ahmad Hudhayfah ra said The Prophet stood up one day to speak to us and told us everything that was going to happen until the Hour and left nothing unsaid Some of the listeners learnt it by heart and some forgot it these friends of mine learnt it I do not remember it completely but sometimes it springs to mind just as one might remember and recognize the face of a man whom one had forgotten when one sees him Abu Dawud Muslim This Book is an entirely new work dealing with the subject matter from a modern context Previous works regarding the signs of the Hour have been simple translations of Imam Ibn Kathir s book s with out much being done to update his chronology that is now hundreds of years old and to identify the events he mentioned This Book takes the accounts of the prophet and identifies them giving an entirely more accurate chronology than was previously possible from this effort the clearest picture yet emerges of the state of the world and its future which we have corroborated with multiple sources all essentially saying the same thing No Pgs 418 A4 Approx Table Of Contents 1 The Hour Has Cast It s Shadow 2 From The Prophet s Time To Ours 3 Signs Of The Hour 4 Syria The Land Of Mercy 5 A Time Frame Between The War In Syria and The Mahdi r a 6 The Era Of The Duhaima Sep 11th The Worst Fitnah Before The Dajjaal 7 Ahadith On The Sanctions Of Iraq and The Sanctions To Be Placed On Syria and Then Egypt 8 The Rule Of The Ruwaybidah The Corruptors Of Society 9 The Khawarij The Name Of The Most Evil People In Our Time 10 The Events Leading Up To The Emergence Of Imam Mahdi 11 America In Previous Scriptures 12 America The Beginning Of The End 13 The End Of America 14 The People Of The Maghreb and The People Of The East 15 Imam Mahdi and The Great War Armageddon 16 The Dajjaal His Followers and His Place Of Emergence 17 The Trial Of The Dajjaal Anti Christ Research Notes and Related Material 1 Human Physiology and It s Relationship To Baraka 2 What Is The Unseen World and Where Is It Explaining The Technical Terminology Of The Scholars 3 The Jewish Origins Of The Pashtun and Surrounding Areas 4 Ahadith Not Chronologically Arranged In This Work 5 The 30 Dajjaal s 6 Nu aym Ibn Hammad ra 7 Methodology Chronological Order Of Ahadith 8 The Book Of Revelations Continued 9 The End of America Continued 10 The
