Cole [and others** George Oakley Totten, 1966 **Studies on Japan's social democratic parties** Allan B. Cole, 1966 **Historical Dictionary of Postwar Japan** William D. Hoover, 2018-12-15 Japan is a mix of the old and the new traditional and modern and old fashion and innovative It has traveled the road to a modern destination without totally losing sight of its traditions and values Although some in Japan lament the passing of old ways Japan has held on to a reasonable amount of its traditions and values This is easier to find in its arts and crafts and its literature and films as well as in its social habits This book will introduce the broad sweep of people events and trends including the successes and failures of postwar Japan This second edition of Historical Dictionary of Postwar Japan contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Japan *Socialist parties in postwar Japan. With a contrib. chapter by R.P. Dore* , 1966 *Parties and Politics in Contemporary Japan* Robert A. Scalapino, Junnosuke Masumi, 2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1962 **The Post-war Roots of Japanese Political Malaise** Dagfinn Gatu, 2015-06-12 Writings on post war Japanese politics have tended to take for granted the dominance of the Liberal Democratic Party LDP as inevitable without questioning how this came about This book analyses the nature of Japanese party politics over the first four decades following the Second World War assessing how the chief contenders the conservative LDP and the socialists JSP Japan Socialist Party competed in terms of their strengths and weaknesses relative to the other Throughout it addresses the questions How effectively were the parties strengths harnessed How did they alter over time To what extent was the winning formula challenged Did the loser have access to strengths with a major potential and if so why did these remain underdeveloped It extends widely to include discussion of the political system the social and economic environment in which parties operated internal party matters especially factions personal support groups special interest groups and the role of government bureaucracy It shows why the Liberal Democratic Party was dominant why the Japan Socialist Party remained out of power and how successive prime ministers conducted policymaking in ways which often resulted in the bureaucracy taking the lead Overall the book shows how precedents for the political system and for policymaking were set in this important period precedents which continue and which have contributed significantly to the present conservative stance on

Japan's New Party System Ronald J Hrebemar,2019-08-15 The authors of this book have joined together for a third time to produce a book on Japanese political parties and elections The first two books under the title of The Japanese Party System were also published by Westview Press in 1986 and 1992 This book Japan s New Party System has a different purpose than the previous volumes The first two books had as their task the presentation of a vast amount of material on the various parties of the 1955 1993 party system Since 1955 Japanese politics and parties had been rather uneventful and predictable consequently many Japanese political scientists preferred to study other nations Decade after decade the Liberal Democratic Party LDP ruled Japan while the permanent opposition party the Japan Socialist Party GSP revolved around it but could never even come close to replacing it in power on the national level All of this changed in 1993 after the LDP split new parties emerged and formed a non LDP government and a new party system began This book is about the Second Party System and how Japanese politics has changed from the old LDP dominated First Party System **External Research** ,1964
