Society A Macroscopic View:

Society, a Macroscopic View Maurice N. Richter, 1980 *Core Sociological Dichotomies* Chris Jenks, 1998-08-24 In this sociology text the contributors provide an introduction to the subject without over simplifying or writing down to their audience The book aims to furnish undergraduates with the knowledge that will help them to understand and practice sociology and also to develop a self perpetuating sociological imagination to enable them to think through new issues and new problems It consists of a series of specially commissioned chapters around binary or dichotomous themes Although many sociologists are critical of dichotomous models of sociological theory and research the device crops up again and again in the history and practice of the subject Jenks and his colleagues use the dichotomies to situate students in current

Technology and Social Complexity Maurice N. Richter, 1983-06-30 *Technology and Social Complexity* explores the continuities between today's incredibly powerful new technology and the simpler technologies of the past It shows that the diverse phenomena encompassed by the term technology can be analyzed coherently within the framework of the same concept This book provides a broad historical and comparative perspective within which the complex relationships between technology and society can be more clearly understood Topics discussed include the concept of technology social evolution and other forms of social change characteristics of technology in societies of different types and the sources directions and implications of technological progress *Zionism* Nathan Rotenstreich, 2012-02-01 In *Zionism* the late Nathan Rotenstreich traces the dialectical connections between Zionism's past and present based on his contention that the Jewish nation comprises both the State of Israel and the Diaspora He also addresses relations between both Israel and the Diaspora on the one hand and Israel and the Arab world on the other Written a short time before Rotenstreich's death *Zionism* can be regarded as his spiritual and ideological legacy **Technology, Values, and Society** Mitra Das, Shirley Kolack, 2008

Technology is not value free nor does it exist in a vacuum It needs a social basis technology is affected by society and influences it *Technology Values and Society* illustrates this using an examination of cross cultural case studies representing simple intermediate and complex societies Certain forms of technology exist when conducive values and structures sustain them However this relationship is not one way Technological changes do precipitate social and value changes It is impossible to sustain egalitarian values in a society involving technology based on hierarchical relationships Understanding this connection is vital if we are to keep some control over the way in which technology affects us This revised edition brings the topic to life for both faculty and students **Society as an Interaction Space** Hanna Lehtimäki, Petri Uusikylä, Anssi

Smedlund, 2020-02-29 As digitalization and social media are increasingly blurring the boundaries between traditional societal political and economic institutions this book provides a cross disciplinary examination of value co creation From various standpoints it examines how institutions contribute to service ecosystems and how digitalization is transforming value co creation in these ecosystems Further the book shares new perspectives on relational dynamics among government

companies and citizens These insights fill the gaps between service science and political science by integrating institutional logics into the concept of value co creation The book subsequently examines society as an interaction space Topics discussed include the new logic and transformation mechanisms of economic activities citizen participation governance and policy making in the face of technological innovations market based reforms and the risk of disconnect between citizens and policy making Here the focus is on value co creation in complex adaptive systems where institutions individuals and businesses negotiate value and interests in networked relations In closing the book presents a range of empirical case studies on value co creation which provide examples of active networked citizenship innovative governance and policy making democratic leadership and trust building dialogue among institutions The studies address the context of Nordic countries recognized as world leading democracies Pursuing a systems approach the book articulates a social reality composed of interacting and interconnected elements that cannot be captured with only micro or macro levels of analysis Service ecosystems are considered as configurations of people and technologies embedded in institutionalized rules cultural meanings and practices offering valuable insights into the service centered view of markets and society Given the breadth and depth of its coverage the book offers a valuable resource for all students and scholars interested in understanding and envisioning the future democratic landscape

The Epochal Nature of Process in Whitehead's Metaphysics F. Bradford Wallack,1980-01-01 While my book attempts to reflect the full range of scholarly debate I have also attempted to make it useful to anyone interested in Whitehead To this end I have introduced the Whiteheadian terms one by one explaining each in the light of my interpretation and I have used examples wherever possible I try to show that Whitehead intended his philosophy have a place in our lives by reshaping our common conceptions and that he did not intend it to be relegated to purely abstract or esoteric application F Bradford Wallack The twentieth century has seen the greatest innovations in philosophical cosmology since Newton and Descartes and Alfred North Whitehead was the first and greatest of the philosophers to work out these innovations in systematic ways In a book that will be controversial in the philosophical community F Bradford Wallack argues that interpretations widely accepted by Whiteheadians need revaluation because these interpretations are based on materialist and substantialist assumptions that Whitehead sought to replace Specifically she proposes a thorough revision of accepted interpretations of Whitehead s concept of the actual entity Wallack then elucidates Whitehead s ideas in order of their increasing dependence upon other basic Whiteheadian terms to complete the study of Whiteheadian time and to clarify its purpose within the cosmology of Process and Reality Whitehead s philosophy then emerges as more intelligible and cohesive than is generally believed

The Micro-macro Link Jeffrey C. Alexander,1987-01-01 The work of fifteen nationally and internationally known theorists in sociology this volume demonstrates an exciting new trend in sociological thinking Each essay proposes a link between the two distinguishable traditions of sociological theory the microscopic which stresses the

self and the interaction among persons and the macroscopic which concentrates on the institutional cultural and societal levels Each mode of analysis has had its champions and the proponents of each have often taken positions of polemic opposition to one another

Fixed Points And Economic Equilibria Ken Urai,2010-05-13 This book presents a systematic approach to problems in economic equilibrium based on fixed point arguments and rigorous set theoretical axiomatic methods It describes the highest level research on the classical theme fixed points and economic equilibria in the theory of mathematical economics and also presents basic results in this area especially in the general equilibrium theory and non cooperative game theory The arguments also contain distinguishable developments of the main theme in the homology theory for general topological spaces in the model theory and mathematical logic and in the methodology and philosophy of social sciences It can thus serve as a graduate level textbook on mathematical economics as well as an advanced monograph for students and researchers who are concerned about rigorous mathematical treatment in the social sciences

Understanding Peace Michael Allen Fox,2013-11-12 Understanding Peace A Comprehensive Introduction fills the need for an original contemporary examination of peace that is challenging informative and empowering This well researched fully documented and highly accessible textbook moves beyond fixation on war to highlight the human capacity for nonviolent cooperation in everyday life and in conflict situations After deconstructing numerous ideas about war and explaining its heavy costs to humans animals and the environment discussion turns to evidence for the existence of peaceful societies Further topics include the role of nonviolence in history the nature of violence and aggression and the theory and practice of nonviolence The book offers two new moral arguments against war and concludes by defining peace carefully from different angles and then describing conditions for creating a culture of peace Understanding Peace brings a fresh philosophical perspective to discussions of peace and also addresses down to earth issues about effecting constructive change in a complex world The particular strength of Understanding Peace lies in its commitment to reflecting on and integrating material from many fields of knowledge This approach will appeal to a diverse audience of students and scholars in peace studies philosophy and the social sciences as well as to general interest readers

Thinking in Complexity Klaus

Mainzer,2007-09-10 This new edition also treats smart materials and artificial life A new chapter on information and computational dynamics takes up many recent discussions in the community

Classical Sociological Theory George Ritzer,Jeffrey Stepnisky,2016-12-27 Now with SAGE Publishing and co authored by one of the foremost authorities on sociological theory George Ritzer and Jeffrey Stepnisky s Classical Sociological Theory Seventh Edition provides a comprehensive overview of the major theorists and schools of sociological thought from the Enlightenment roots of theory through the early 20th century The integration of key theories with biographical sketches of theorists and the requisite historical and intellectual context helps students to better understand the original works of classical authors as well as to compare and contrast classical theories New to this Edition In Ch 1 Colonialism is now discussed as a major social force in

development of modern society In Ch 2 there is an expanded discussion of the historical significance of Early Women Founders and the contributions of W E B Du Bois The chapter on Du Bois Ch 9 includes new material about his intellectual influences New contemporary commentary about Durkheim has been added to Ch 7 Ch 9 includes new material from recently translated later writings of George Simmel providing new context for his overall theory Addition of Historical Context boxes throughout text Sections on contemporary applications of classical theory have been added to each chapter **Routledge**

Library Editions: Political Geography Various,2021-06-23 From votes to strikes to street violence politics is intrinsically geographical Many of the books in this set originally published between 1964 and 1990 illustrate that the social contexts provided by localities are crucial in defining distinctive political identities and subsequent political activities **Brahmanic**

Ritual Traditions in the Crucible of Time Baidyanath Saraswati,1977 An anthropological and historical examination of Brahmanic rituals with special focus on marriages rites At 4 32% of the population a 1931 figure Brahmans constitute the largest ethnic group in India **Knowledge and Society** Talcott Parsons,1968 **Concepts of Social Stratification** A. Hess,2001-07-19 This book looks at how sociological concepts that were first invented and applied to describe social inequality in Europe were also used to understand and explain inequality in the United States However under very different circumstances and conditions the concepts needed to be adjusted either through changing their precise meaning or by using related concepts In Concepts of Social Stratification the author tries to analyse this change by looking at how some of the most prominent American sociologists have tried to conceptualise their own society while at the same time addressing the complex relationship between an assumed political equality and de facto social inequality **NTT Technical Review** ,2006

China's Low Birth Rate and the Development of Population Guo Zhigang,Wang Feng,Cai Yong,2017-12-12 As the most populous country in the world China s demographic challenges have always been too many people for ecological system resources and the environment However by the early 1990s fertility rate in China had dropped below the replacement level and China s low fertility has now attracted the world s attention This book is among the first studies to raise and examine questions on low fertility in China believing that China has entered a new era featured by low birth rate and ageing population Utilizing advanced research methods and models on low fertility to analyze China s census data this book explores the issues from various perspectives Methodologies employed in past population studies policy making concerning fertility rate underreporting of births and fertility rate estimates fertility level of the migrant population current population pattern long term population trends population dynamics and many other thought provoking problems are covered Finally the book revisits China s population issues in the context of globalization The 21st century has seen the new challenge of persistent population decrease and ageing worldwide which along with economic globalization demands a new understanding of the changes in population pattern and their consequences Researchers and students in China s demographic and social studies will be attracted by the insightful analysis and rich materials provided in the book Population policy makers will also benefit

from it **Buddhist Approach to Global Leadership and Shared Responsibilities for Sustainable Societies** Thich Nhat Tu, Thich Duc Thien, 2019-05-03 FOREWORD In 1999 the General Assembly of the United Nations adopted the resolution to recognize the Vesak Day as an International Day of Recognition of Buddhists and the contribution of the Buddha to the world Since then the people and the Royal Government of the Kingdom of Thailand in general and Mahachulalongkornrajavidyalaya University in particular were very honored to have successively and successfully held for twelve years the United Nations Day of Vesak Celebrations in Thailand From 2004 to date we have come a long way in the celebrations and we are happy to be the host and organizer but it is time for the celebrations to grow and evolve The United Nations Day of Vesak is coming to maturity with twelve celebrations under our belt much experience gained and it is time now to share this with others There will always be room for growth and development and we are elated to see it grow In 2006 2007 having joined the International Organizing Committee for the UN Day of Vesak as Deputy Secretary General Ven Dr Thich Nhat Tu has played a crucial role in building strong relationships between the National Vietnam Buddhist Sangha and the International Council for Day of Vesak in particular and the Global Buddhist communities in general We have supported and congratulated Vietnam on organizing successful UNDV celebrations and conference in 2008 and 2014 respectively We have full trust in Vietnam being the host of UNDV 2019 for the third time We like to thank all those who have contributed to the success of previous celebrations and wish all future celebrations be successful The teachings of the Buddha see no boundaries the minds of all are alike the sufferings of all are similar and truly and the liberation of all is the same We are happy to initiate the process develop the scope and now it is time for others to follow in similar footsteps evolve the celebrations into a truly international event that can be shared with Buddhists and Non Buddhists alike Let the Dhamma of the Buddha be the beacon to the world shredding away the ignorance within our hearts bringing development into sustainable capacity for humanity and more importantly peace and harmony to the world Most Ven Prof Brahmapundit President International Council for Day of Vesak ICDV President International Association of Buddhist Universities IABU PREFACE The history of mankind records how the Buddha got enlightenment and showed a path which not only leads but also guides the world till date That is solely to emanate wisdom and offer insights which help us overcome numerous challenges and achieve the welfare of humanity Recognizing his pragmatic approach values and contribution of Buddhism the United Nations in a resolution in 1999 decided to celebrate the Triply Blessed Day of Vesak Birth Enlightenment and Passing Away of Gautama falling mostly in a lunar calendar in the month of May The first celebrations were held way back in the year 2000 at the United Nations Headquarters in New York and subsequently the day has been celebrated hugely in different countries Today our planet is confronted with a number of crises and unprecedented natural disasters The imminent threat of terrorism and ethnic violence tackling poverty providing education and sustainable development leads us to strive for social justice There is an urgent need for concerted and constant planning and right effort at an international level to foster

permanent peace in the societies and in the lives of individuals Against the backdrop of such widespread misery and strife leading to complex issues and crises Buddhism with its rich heritage of tolerance and non violence can contribute immensely and inspire us with His message of loving kindness peace and harmony in today s world The United Nations Day of Vesak UNDV 2019 is a testimony to this fact Vietnam got the chance and responsibility of hosting this international Buddhist event UNDV in 2008 and 2014 respectively The event proved an amazing spectacle of religious and spiritual festivity with thousands of Buddhists from around the world converging in Vietnam to spread the Buddha s message of peace love and harmony This is the third time that Vietnam is hosting this important international event which is viewed by Buddhists as an opportunity to spread the Buddha s message and values of love peace non violence tolerance and compassion across the world It is a great honor for Vietnam the Vietnamese people the National Vietnam Buddhist Sangha and Buddhists all around the world to participate in the UNDV celebrations and spread the rich Buddhist heritage especially its teachings of equality social justice respect and understanding for the benefit of all humanity World Buddhists and particularly the Vietnamese people are excited about their country hosting this auspicious and important event for the third time This international religious cultural and academic event would also certainly promote interaction and exchange of Buddhist cultural and intellectual values among diverse countries The International Buddhist conference with the main theme of Buddhist Approach to Global Leadership and Shared Responsibilities for Sustainable Societies during the celebrations could not have been more relevant and timely The present book is the outcome of one workshop representing one perspective of the conference Other perspectives of the conference include i Mindful Leadership for Sustainable Peace ii Buddhist Approach to Harmonious Families Healthcare and Sustainable Societies iii Buddhist Approach to Global Education in Ethics iv Buddhism and the Fourth Industrial Revolution and v Buddhist Approach to Responsible Consumption and Sustainable Development This international conference aims to foster co operation among Buddhist communities and institutions and to develop Buddhist solutions to the global crisis Papers selected for this volume are those that combine thematic relevance familiarity with the main theme or sub themes significant research in primary resources innovative theoretical perspectives clarity of organization and accessible prose style Acceptable articles in this volume are determined by the Academic Peer Review Committee UNDV 2019 certainly is an opportunity for the world Buddhists the National Vietnam Buddhist Sangha and all the members of the international community to benefit from the rich traditions values and spiritual ideals of Buddhism The pragmatic path shown by Buddha can make the world a better safer more peaceful and harmonious place to be cherished and enjoyed by all sentient beings On behalf of the National Vietnam Buddhist Sangha and myself I would like to warmly welcome President of Myanmar H E Mr U Win Myint Prime Minister of Nepal Right Hon Mr K P Sharma Oli Vice President of India H E Mr Shri M Venkaiah Naidu Chairperson of the National Council of Bhutan H E Mr Tashi Dorji Under Secretary General of the United Nations Executive Secretary of the Economic Commission for Asia and the Pacific H E Ms Armida Salsiah
