Society's Warrior Class Inside A Policeman's Mind:

Class Warrior E. T. Kingsley, 2022-10-18 In October 1890 Eugene T Kingsley's life changed irrevocably when he was injured in a fall between two rail cars while working as a brakeman on the Northern Pacific Railway Following the amputation of both his legs Kingsley became radicalized and joined the Socialist Labor Party in San Francisco His activism eventually brought him to Vancouver B C where he founded the Socialist Party of Canada A self described uncompromising enemy of class rule and class robbery Kingsley wrote prolifically on the exploitation of wage slaves by the capitalist class Also known as a passionate orator he went on to become one of the most prominent socialist intellectuals of his day *Class Warrior* is a collection of Kingsley's writing and speeches that underscores his tremendous impact on Canadian political discourse

Society's Warrior Class Marc C. Barry, 2003 As a police officer in today's society there are a number of issues that we must face each and every day whether we are on or off duty The problems we face and must overcome can be very overwhelming at times We have been described as being a closed society with a warrior mentality and tribal instincts We live among other cops associate with other cops and spend much of the normal daily tasks with only other policemen It's the us against them syndrome When facing death destruction and the drags of society in which the public does not have to notice it wears on you harshly Over 150 police officers die in the line of duty every year but more than double that commit suicide Throughout this book I hope not only to entertain you but also to share my experiences and feelings and show you a different yet very real side of being a police officer who is out there in the streets every day handling everything imaginable under the sun As police officers it is instilled in us very early to be fair and impartial professional and courageous and most important not to show our emotions or feelings We do this each and every day in every situation we are thrown into Whether it is a domestic fight a neighbor's barking dog or a dead child floating in a pool This is a very difficult lifestyle emotions run rampant up and down like a roller coaster and with intensity levels only measurable by a Richter scale The police officer you most commonly will encounter is the person in uniform shiny badge neatly pressed shirt thick duty belt and glossed shoes on patrol on duty However there is another your next door neighbor who eats drinks sleeps cuts his grass on weekends and has a family Police officers are human just like everybody else We are selected from society and there are good and bad in everything Unfortunately a policeman's job is enforcing laws and when you encounter one he/she is most likely doing their job which becomes a negative contact for you if you are on the receiving end Regardless when you call the police for help we will be there We do not turn away dangerous situations we do not back down and we will not run State Troopers Magazine, 1920 Are You Getting Enlightened Or Losing Your Mind? Dennis Gersten, Larry Dossey, 1997 Lily Tomlin once asked Why is it that it's called prayer when we talk to God but when he answers back it's called schizophrenia Almost half of all Americans claim to have had an unusual spiritual experience and as many more have had problems handling stress anxiety and depression In *Are You Getting Enlightened or Losing Your Mind* Dr Gersten a practicing psychiatrist for twenty

years recounts his experiences with his patients to answer questions about the entire spectrum of human consciousness A doctor of the soul Gersten clearly differentiates between miracles and madness spiritual emergence and mental emergency as well as the everyday stresses that affect our states of mind Dr Gersten demonstrates how a spiritual practice can positively influence our mental health and emotional well being His unique step by step program of meditations breathwork and imagery for mental fitness will enhance your peace of mind sharpen your focus and alertness teach you imagery techniques for gaining perspective on your problems and strengthen your core values Visit the Gersten Institute at www.imagerynet.com

Thomas Carlyle Smith, 1988 This collection of essays is one of a kind an outstanding exposition of a set of interpretations and body of information richly illuminating of a first class scholarly mind Conrad Totman Yale University *Handbook of Contemporary Paganism* Murphy Pizza, James R. Lewis, 2009 Contemporary Paganism is a movement that is still young and establishing its identity and place on the global religious landscape The members of the movement are simultaneously growing unifying and maintaining its characteristic diversity of traditions identities and rituals The modern Pagan movement has had a restless formation period but has also been the catalyst for some of the most innovative religious expressions praxis theologies and communities As Contemporary Paganism continues to grow and mature new angles of inquiry about it have emerged and are explored in this collection This examination and study of contemporary Paganism contributes new ways to observe and examine other religions where innovations paradoxes and inconsistencies can be more accurately documented and explained Journal of the Royal Society of Arts , 1863 The Nightwatchman Hlonipha Mokoena, 2025-08 The Nightwatchman Essays on Portraiture and the Black Male Figure in Colonial South Africa brings into focus the African policeman as a subject of portraiture While colonial governments co-opted and conscripted Africans into military and policing services it was after the Zulu defeat of the English in the battle of Isandlwana that a genre of photography developed around images of the Zulu warrior and Zulu policeman In this illustrated book Hlonipha Mokoena extends the literature on colonial ethnographic photography by creating a narrative of nightwatchman portraiture from the rich archive of images Although the origins of this genre lay in the representation of Fingoes amaMfengu during the frontier wars she argues that an ethnological spectacle of the Zulu male body was inaugurated after the last Zulu king Cetshwayo was photographed as a posing subject While much research has focussed on the African man employed in emasculating labour or as a functionary of settler power this book shifts debates about how the body moves in history Placed in uniform the male subject becomes aestheticised and admired Mokoena focuses less on the idiosyncrasies of the uniform than on the sartorial selection processes and co-optation of colonial aesthetic culture that constructed the idea of the Nonqgayi or nightwatchman as a fully formed photographic presence The beauty captured in these images upends conceptions of colonial photography as a tool of oppression In its focus on the figure of the black and brown fighting man The Nightwatchman offers an innovative work on the history of portraiture

and dress in colonial South Africa Incorporating insights from African history art history anthropology and critical theory it offers new insights about the use of men of colour in colonial warfare and new avenues for the interpretation of visual representations of the black male figure **Journal of the Society of Arts** Royal Society of Arts (Great Britain),1863

Suburban Warriors Lisa McGirr,2015-06-02 In the early 1960s American conservatives seemed to have fallen on hard times McCarthyism was on the run and movements on the political left were grabbing headlines The media lampooned John Birchers s accusations that Dwight Eisenhower was a communist puppet Mainstream America snickered at warnings by California Congressman James B Utt that barefooted Africans were training in Georgia to help the United Nations take over the country Yet in Utt s home district of Orange County thousands of middle class suburbanites proceeded to organize a powerful conservative movement that would land Ronald Reagan in the White House and redefine the spectrum of acceptable politics into the next century Suburban Warriors introduces us to these people women hosting coffee klatches for Barry Goldwater in their tract houses members of anticommunist reading groups organizing against sex education pro life Democrats gradually drawn into conservative circles and new arrivals finding work in defense companies and a sense of community in Orange County s mushrooming evangelical churches We learn what motivated them and how they interpreted their political activity Lisa McGirr shows that their movement was not one of marginal people suffering from status anxiety but rather one formed by successful entrepreneurial types with modern lifestyles and bright futures She describes how these suburban pioneers created new political and social philosophies anchored in a fusion of Christian fundamentalism xenophobic nationalism and western libertarianism While introducing these rank and file activists McGirr chronicles Orange County s rise from nut country to political vanguard Through this history she traces the evolution of the New Right from a virulent anticommunist anti establishment fringe to a broad national movement nourished by evangelical Protestantism Her original contribution to the social history of politics broadens and often upsets our understanding of the deep and tenacious roots of popular conservatism in America *New York Magazine* ,1996-02-05

The Story of Utopias: Ideal Commonwealth and Social Myths Lewis Mumford,2020-09-28 It is a sunny day and I am sitting on the top of a mountain Until this morning it had been the mountain of a fairy story that was twenty centuries old Now it is a mighty hill and I can feel its warm coat of white reindeer moss and if I were willing to stretch out my hand I could pluck the red berries that are in full bloom A hundred years from now it will be gone For it is really a large chunk of pure iron dumped by a playful Providence in the very heart of Lapland Do you remember an old tale of Norse mythology How somewhere far in the north there stood a

high peak of iron which was a hundred miles high and a hundred miles wide And how a little bird came to it once every thousand years to sharpen its beak And how when the mountain was gone a single second of all eternity would have passed by I heard it told as a child I remembered it always and I told it to my own boys when they began to learn history It seemed the invention of some prehistoric Hans Christian Andersen It belonged to the imaginary scenery of our dreams The story has come true and I have found my old mountain where I least expected it To make the cycle of coincidence perfect this hill was named after a bird The Lapp with a fine sense of sound called the ptarmigan Kiru Kirunavaara no longer hears the shrill kiru kiru of rising birds Twice a day it listens to the terrific detonation of half a hundred charges of dynamite Then it is shaken by the little trains which carry the rock to the valley In the evening it sees the lights of the large electric engines which hoist the valuable metal across the arctic wilderness of Lake Tornotrask Two months later the ore has been melted and worked into those modern articles of trade which go by the name of bridges and automobiles and ships and apartment houses and a thousand other things which once promised to elevate man from the ranks of the beasts of burden What has become of that promise the survivors of the last eight years know with great if gruesome accuracy Even the humble Lapp has heard of the great upheaval and has asked why the white people should kill each other when the whole world was full of reindeer and when God has given us the hills and the plains so that forever there should be food enough for the long days of summer and the longer nights of the endless winter *The Art-union* ,1839
