**Sociology** Joan Ferrante-Wallace,2006 *Global Perspectives on Developing Professional Learning Communities*  
Nicholas Sun-Keung Pang,Ting Wang,2018-03-13 This book discusses distinctive features of the professional learning community concept practices and processes across six different education systems in the Asia Pacific region namely Mainland China Hong Kong Taiwan South Korea Singapore and the United States It provides a platform for an exchange of different perspectives and offers alternative possibilities of theorizing professional learning communities across different socio cultural contexts Contributors provide valuable insights for policy makers education researchers and educators in the Asia Pacific region and elsewhere to deal with critical questions about the improvement of teaching and learning and school improvement in a globalizing world This book was originally published as a special issue of the Asia Pacific Journal of Education

**Instructor's Manual** Kenrick S. Thompson,2004-03 **Our Social World** Jeanne H. Ballantine,Keith A. Roberts,2011-10-26 In this brief text two leaders of the Teaching Sociology movement encourage students development of their sociological imaginations through role taking Assuming the role of a child living in poverty in India or of a member of an African tribe students learn to re envision their global society An innovative integrated framework provides core sociological concepts while features such as Contributing to Our Social World enable students to do public sociology Our Social World Condensed Version presents the perspective of students living in the larger global world [Global Perspectives on Teacher Motivation](#)

Helen M. G. Watt,Paul W. Richardson,Kari Smith,2017-09-08 Many studies of teacher motivation have been conducted in different contexts over time However until fairly recently there has not been a reliable measure available to allow comparisons across samples and settings This has resulted in an abundance of findings which cannot be directly compared or synthesised The FIT Choice instrument offers the opportunity to examine motivations across settings The various studies in this book suggest that people who choose teaching as a career are motivated by a complex interaction of factors embedded within communities and cultural expectations but seem generally to embrace a desire to undertake meaningful work that makes for a better society Unlike some careers where rewards are in the form of salary and status by and large these factors are not strong drivers for people who want to become teachers They want to work with children and adolescents and believe they have the ability to teach

**Annotated Instructor's Edition** Richard T. Schaefer,Robert P. Lamm,1998 *Routledge Library Editions: Curriculum* Various,2021-07-09 Reissuing works originally published between 1971 and 1994 this collection includes books which offer a broad spectrum of views on curriculum both within individual schools and the wider issues around curriculum development reform and implementation Some cover the debate surrounding the establishment of the national curriculum in the UK while others are a more international in scope Many of these books go beyond theory to discuss practical issues of real curriculum changes at primary or secondary level The Set includes books on cross curricular topics such as citizenship and environment and also guidance careers life skills and pastoral care in schools

A fantastic collection of education history with much still relevant today      **Resources in Education** ,2001-04      Global Perspectives on Inclusive Teacher Education Rice, Bethany M.,2019-03-01 Inclusive teacher preparation varies greatly in format and practice yet programs grapple with the same underlying challenges which practices work and where do they work As children with disabilities are increasingly being included in schools it is essential that guidance is put into place on how best to adapt inclusive practices into the classroom and create new practices based on the cultural context Global Perspectives on Inclusive Teacher Education summarizes existing research on inclusive practices globally while presenting emerging research and opportunities for cementing change in inclusive teacher education locally including examples of how inclusive practices are integrated in and adapted to diverse cultural contexts Covering topics that include critical pedagogy religious schooling and teacher education this publication is designed for curriculum developers instructional designers administrators higher education faculty educators policymakers and students      **Catalog of Copyright Entries.
