

SOCIAL PROBLEMS

DEFINITION

Social problems are issues that harm a group of people in the society. They refer to:

"Social conditions, processes, societal arrangements or attitudes that are commonly perceived to be undesirable, negative, and threatening certain values or interests..." (Jamrozik & Nocella, 1998, p. 1)

EXAMPLES

1. Racial discrimination
2. Healthcare inequalities
3. Political displacement
4. Corruption
5. Social isolation
6. The glass ceiling
7. The gender pay gap
8. Ageism
9. Gerrymandering

Sociology And American Social Issues

John E. Farley

Sociology And American Social Issues:

Sociology and American Social Issues Leonard Gordon, Patricia Atchison Harvey, 1978-01-01 *American Social Problems* Henry Reed Burch, S. Howard Patterson, 1920 **American Social Problems** John E. Farley, 1987 *Social Problems, Law, and Society* Kathryn A. Stout, Richard A. Dello Buono, William J. Chambliss, 2004-07-14 This collection of articles presents a critical issue oriented approach to law and society emphasizing its important relationship to contemporary social problems By exploring the interstitial area between the sociology of law social problems and social movements the initial chapters trace out a theoretical trajectory which points to the need to move beyond traditional and social constructionist approaches A variety of empirical studies together explore the contradictory dynamics of class as they relate to race and gender in both a national and global context illustrating the dialectical interplay between the state and social movements Employing a wide range of perspectives so as to convey the great diversity found in the contemporary sociology of law and justice studies these authors collectively share a broad consensus concerning the need to explore how social movements and the larger political economy play a pivotal role in shaping state reactions to the challenges presented by contemporary social problems With its integrated presentation of theoretical perspectives and empirical studies this unique anthology will be useful in a variety of sociology criminology and justice studies course offerings such as Law and Society Social Problems Crime and Social Justice Social Movements Law and Social Control Social Change Law and Public Policy Introduction to Legal Studies and others Undergraduate and graduate students alike will appreciate that these articles selected for their academic rigor are highly readable and strongly oriented towards high profile social issues including those of class race and gender inequalities as well as social movement and legal struggles in community national and global settings

Social Issues in Regional Policy and Planning Antoni Kuklinski, 2011-06-01 No detailed description available for Social Issues in Regional Policy and Planning

21st Century Sociology: A Reference Handbook Clifton D. Bryant, Dennis L. Peck, 2007 Publisher Description

Religion and Social Problems Titus Hjelm, 2011-01-21 Although students and scholars of social problems have often acknowledged the role of religion no thorough examinations of the relation between the two have emerged This volume fills this gap by providing a definitive work on the role of religion in assessing constructing and solving social problems Contributors chart the relation between religion and social problems exploring such case studies as the impact of religion on drugs and alcohol use among Muslims the rising importance that religion is given in social policy the role of the Orthodox and Catholic churches in tackling social problems in post communist East Europe and the contested role of religion in the national and international politics of contemporary Japan Religion and Social Problems is a broad and path breaking contribution to the fields of sociology of religion sociology of social problems and religious studies

Service Sociology and Academic Engagement in Social Problems A. Javier Treviño, Karen M. McCormack, 2016-04-01 This book challenges sociologists and sociology students to think beyond the construction of social

problems to tackle a central question What do sociologists do with the analytic tools and academic skills afforded by their discipline to respond to social problems Service Sociology posits that a central role of sociology is not simply to analyse and interpret social problems but to act in the world in an informed manner to ameliorate suffering and address the structural causes of these problems This volume provides a unique contribution to this approach to sociology exploring the intersection between its role as an academic discipline and its practice in the service of communities and people With both contemporary and historical analyses the book traces the legacy characteristics contours and goals of the sociology of service shedding light on its roots in early American sociology and its deep connections to activism before examining the social context that underlies the call for volunteerism community involvement and non profit organisations as well as the strategies that have promise in remedying contemporary social problems Presenting examples of concrete social problems from around the world including issues of democratic participation poverty and unemployment student involvement in microlending disaster mitigation the organization and leadership of social movements homelessness activism around HIV AIDS and service spring breaks Service Sociology and Academic Engagement in Social Problems explores the utility of public teaching participatory action research and service learning in the classroom as a contribution to the community

Handbook of Social

Problems George Ritzer, 2004 Ritzer's Handbook of Social Problems offers a comprehensive treatment of today's major societal issues The articles are authored by some of the top scholars in the field and address problem areas that will capture the interests of students and professors alike The international coverage is most welcome in this time of intensifying global inequalities Nancy Jurik Arizona State University The Handbook of Social Problems A Comparative International Perspective provides a unique broadly comparative perspective on the current state of social problems and deviance in a variety of societies around the world Editor George Ritzer along with leading U S and international sociologists examines the relationship between social problems and a society's level of development and affluence The essays in this volume focus on four interrelated issues involved in the relationship between social problems and the level of development and affluence Less developed and less affluent societies are more likely to experience a range of social problems than developed and affluent societies Affluence causes or at least brings with it a series of social problems that do not exist in less affluent societies It is only with affluence that certain things can come to be imagined as social problems such as excessive consumption The very affluence of a society makes it vulnerable to problems that would not be social problems in poorer societies The Handbook explores the theory of the weakness of the strong in other words strong or wealthy nations may have greater vulnerability to some social problems than less developed or affluent societies This theory is clearly illustrated in this volume by the aftermath of September 11 2001 depicting the vulnerability of the U S to social problems in far removed corners of the world In addition the international and comparative essays in this volume cover other important issues such as the impact of modern technologies on social problems ecological problems global inequality health as a social problem and much more The

Handbook of Social Problems is a vital resource for sociologists and graduate students as well as an excellent addition to any academic library

Three Latin American Sociologists Joseph A. Kahl, 2024-12-06 Originally published in 1976 under the title *Modernization Exploitation and Dependency in Latin America* and again in 1988 under the current title the author describes examines and introduces the life and work of three of the most important figures in the development of comparative politics and political sociology Gino Germani Argentina Pablo Gonzales Casanova Mexico and Fernando Henrique Cardoso Brazil At the time of its first publication the book introduced those three Latin American sociologists to the North American social and political science community However as Peter Evans points out in his introduction the book had not lost its importance in the intervening years Rather the subsequent developments in comparative scholarship have only highlighted the influence of the three Latin Americans The developments in comparative and political social science can virtually only be understood in the light of the influence that the thought of Germani Gonzales Casanova and Cardoso had on the discussions in North America
