

**NLA Research Paper – call for entries**

## Factory-made Housing: a solution for London?

New London Architecture (NLA) is seeking submissions of **live housing projects, products, and prototypes** employing innovative or new manufacturing processes in their construction and delivery.

NLA are investigating how far modern methods of construction can support or improve the delivery, viability and quality of London's housing. This call for entries seeks for exemplars of innovation and design quality, those which are making a positive contribution to London's housing needs.

In addition to London based projects, you can also submit UK and international exemplar housing projects that use innovative or new manufacturing processes, as well as projects across other sectors that employ new thinking in this field. However, your submission must demonstrate how these projects illustrate particular lessons or applications for the London housing market.

All projects submitted can be either completed or in the design stage. All submitted projects will go through a curated selection process for entry into a publication; payment will only be requested on selection.

This call out forms part of Factory-made Housing: a solution for London? – a major NLA Research Paper examining the design, construction and delivery of factory made houses, investigating the innovative methods and systems that are reshaping how we deliver homes in the capital. From individual houses to masterplans, from a kit of parts to full modular units, from offsite to onsite production, this Research Paper will capture the best housing projects utilising modern methods of construction.

The Project Showcase will highlight the exemplar developments and products, with all selected submissions featuring in a major research publication, distributed to key policy makers, the NLA network, visiting delegations and partners.

The results will be launched in October, supported by an accompanying exhibition in the NLA Gallery at The Building Centre, W.C.1, from October – December 2018, alongside a series of supporting events.

**Deadline for entries: Thursday 12 July 2018, 5pm – [Click here to submit](#)**

### SUBMISSION OPTIONS

You can choose to submit either a **Project** or a **Case Study**. There is no charge for submissions, except will apply as follows on selection:

#### Project Submissions

A brief overview of the submission, with a quarter-page section in the publication. A small number of these schemes will also appear in the curated narrative of the exhibition, at the discretion of NLA curators.

Fee to NLA Partners, charities and not-for-profit organisations:

£195 + VAT NLA Member's

£295 + VAT Non-Member

For charities wanting to submit we are happy to offer a free project submission, or the partner rate for a case study submission. This is only available if the charity is the submitting company.

#### Case Study Submissions

A double-page spread in the publication including additional imagery, descriptions and comment pieces. A small number of schemes will also appear in the curated narrative of the exhibition, at the discretion of NLA curators.

£1,300 + VAT NLA Partner, charities and not-for-profit organisations

£1,575 + VAT NLA Member

£1,750 + VAT Non-Member

Additional Case Study projects themselves:

£700 + VAT NLA Partner

£750 + VAT NLA Member

£900 + VAT Non-Member

## **The Complete Guide To Factory Made Housing:**

The Complete Guide to Factory-made Houses Arthur Martin Watkins,1980      **Complete Guide to Factory Made**  
Watkins,1980-03-28      **20X10 Segue House**□ Randy Sovich,      **Energy-efficient Factory-built Houses** ,1989

Complete Guide to Building Log Homes Monte Burch,1990 Discusses floor plans building lots log styles joinery log house building techniques insulation and alternative energy sources      **The Complete Guide to Contracting Your Home** Kent Lester,Dave McGuerty,2017-01-12 Save 30% on home construction Whether you want to take on all the responsibility of contracting your home or simply want to intelligently communicate with your homebuilder The Complete Guide to Contracting Your Home can help you save 30% or more on the cost of home construction by teaching you the ins and outs of managing your construction project Learn how to get your project off to a solid start Get financial and legal details in language you can understand Learn what to consider when selecting a lot and how to deal with suppliers labor and subcontractors Gain understanding of building codes and inspections so you can manage with authority confidence and efficiency This extensive guide walks you through each phase of construction including preconstruction foundations framing roofing plumbing electrical masonry siding insulation drywall trim painting cabinetry countertops flooring tile and landscaping Completely revised and updated this edition includes a new section on sustainable building as well as the most comprehensive building resources section ever compiled You ll find schedules order forms control logs contracts and checklists to help keep your project on track      *National Park Service Housing Design and Rehabilitation Guideline* United States. National Park Service,1988      **The Complete Guide to Green Building & Remodeling Your Home** Martha Maeda,2011 In today s economy and socially conscious environment regarding the environment many people cannot afford not to start considering ways they can build or remodel their home to ensure it is green With scientific sources such as the UN council on global warming making statements about the degradation of ice flow and environmental conditions by 2050 and the likelihood that crude oil sources will be used up within the next fifty years it is especially necessary for young families to consider the implications of re examining their homes and living situations to be more green This book will guide you and your family through the process of learning more about and implementing the necessary changes and perspectives needed to change your home or build a new home that is environmentally conscious and prepared for the changing economic and environmental climate in the coming decades You will learn why people have started to build green and how it can be done in today s regulatory and cost conditions quickly and inexpensively You will learn how to remodel with green in mind and how to start working with building professionals that can provide the necessary materials plans and paperwork you need to proceed You will learn which materials are best for green building by lifespan and how to choose between various green materials You will learn how to not only use green materials but to make sure the construction process is green as well You will learn the basics of framing your building natural building methods the energy systems you might use and the heating

cooling options at your disposal Construction and environmental experts have been interviewed and their expertise is included in this book to help you learn everything you need to accomplish the above as well as to know what kinds of water and waste systems are best how to site plan and landscape your home and what the most common myths about green building are You will learn ten things you can do on any building project to keep it green and any materials you should always have on hand for anything you do around the house Regardless of whether you are just looking to remodel to make your house greener or are building a new home this book will give you everything you need to stay green and respect the environment with your home

*Hot Rodder's Bible : The Ultimate Guide to Building Your Dream Machine* Steve Hendrickson Gerry Burger, **Manufactured Housing**, 1993 *Designing a Place Called Home* James

Wentling, 2012-12-06 are often lined with garages in front of houses that are clearly more internalized in design some even taking on a fortress like appearance Today's new homes are technically superior in construction i.e. they are more energy efficient weather resistant and maintenance free However they also seem to lack the warmth and charm of prewar homes for which more construction dollars were spent on quality veneers but in features and other human scale details The postwar need for massive amounts of affordable housing for returning GIs helped to encourage building practices that could reduce on site labor and material costs in houses The accommodation of the automobile cost cutting movements and a variety of other trends caused a gradual decline in the human social and emotional qualities of postwar residential architecture This book will attempt to look at the issues and choices facing today's residential designers and home builders and ask How can we make our new houses and neighborhoods more responsive to humanistic needs particularly in light of constant pressures to keep housing costs down This question will generally be addressed by comparing historical designs to those of today to see if we might be able to reconsider some old fashioned ideas in new housing designs

**Housing and Planning References**, 1981 **Restoring Your Historic House: The Comprehensive Guide for Homeowners** Scott T. Hanson, 2019-12-10

How to accommodate contemporary life in a historic house This book does not repeat basic information that is readily available in many standard DIY books about carpentry wiring and plumbing Rather it shows how to adapt those DIY skills to the specialized needs of a historic house Although there are other books about renovating old houses this is the first that prioritizes the identification and preservation of the historic character defining features of a house as a starting point in the process That is the purpose of this book to describe and illustrate a best practices approach for updating historic homes for modern life in ways that do not attempt to turn an old house into a new one The book also suggests many ways to save money in the process without settling for cheap or inappropriate solutions Scott Hanson is a historic building preservation professional and has 40 years experience rehabilitating historic houses He has illustrated this authoritative book with hundreds of step by step photos illustrations charts and decision making guides Interspersed throughout are photo essays of 13 restored historic houses representing a range of periods and architectural styles Italianate Victorian Queen Anne Federal

Colonial Colonial Revival Greek Revival Ranch Adobe Craftsman Shingle and Rustic With interior and exterior photography by David Clough these multi page features show what can be achieved when a historic home is renovated with a desire to preserve or restore as much historic character as possible     Popular Mechanics ,1987-03 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle     **Manufactured Housing** DIANE Publishing Company,1994-07 An introduction to research descriptive information on one of today s most promising least understood affordable housing options mobile homes Contains brief discussions of approximately 40 books technical reports journal articles transcripts handbooks other documents that taken together comprise a basic road map to significant areas landmarks pathways in research on manufactured housing     *The Efficient House Sourcebook* Robert Sardinsky,Rocky Mountain Institute,1992     Popular Science ,1987-03 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better     **Popular Science** ,1988-04 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better     **Popular Mechanics** ,1984-02 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle     Federal Register ,1994

## Whispering the Secrets of Language: An Psychological Journey through **The Complete Guide To Factory Made Housing**

In a digitally-driven earth where screens reign great and quick communication drowns out the subtleties of language, the profound strategies and emotional nuances concealed within phrases often go unheard. Yet, located within the pages of **The Complete Guide To Factory Made Housing** a interesting fictional treasure sporting with natural thoughts, lies an exceptional journey waiting to be undertaken.
